

Sean W. Pawlowski, M.D.

Office: 950 E Harvard, Ste 140

Denver, CO 80210

w-(303)777-0781

Employment

Medical Director of Antimicrobial Stewardship and Infection Control, Swedish Medical Center, Englewood, CO 10/2014-present

Medical Director of Antimicrobial Stewardship and Infection Control, Porter Adventist Hospital, Denver, CO 07/2013-present

Infection Control Consultant, Orchard Park Healthcare Facility, Denver, CO 07/2013-2015

Colorado Infectious Disease Associates LLP, Partner, Denver, CO 08/2010-present

Education

Fellowship-Infectious Diseases, University of Virginia School of Medicine, Charlottesville, VA 2007-2010

Internship/Residency-Internal Medicine, University of Colorado Health Science Center, Denver, CO 2004-2007

M.D.- University of Texas Health Science Center, Houston, TX 2000-2004

B.A.-Biology, University of Texas, Austin, TX 1992-1996

Appointments/Committees

Medical Director of Antimicrobial Stewardship and Infection Control, Swedish Medical Center, Englewood, CO 10/2014-present

Medical Director, Antimicrobial Stewardship, Porter Adventist Hospital, Denver, CO 04/2014-present

Co-Medical Director, Infection Control, Porter Adventist Hospital, Denver, CO 07/2013-present

Clinical Instructor/Clinical Faculty, University of Colorado, Denver, CO 01/2012-present

BMC Infectious Diseases journal- Invited reviewer 2012-present

Swedish Family Practice Residency Adviser, ID mentor, Englewood, CO 2011-present

Board Certification and Licensure

American Board of Internal Medicine-Infectious Diseases-Board Certified 10/2010

Colorado Medical License 04/2010

American Board of Internal Medicine-Internal Medicine-Board Certified 08/2007

Professional Memberships and Activities

HIV Medicine Association 2011-present

Infectious Disease Society of America 2007-present

American Medical Association 2000-2010

Honors and Awards

Gerald L Mandell Most Outstanding ID Research Fellow-UVA 06/2010

Merle A Sande Most Outstanding ID Clinical Fellow-UVA 06/2010

Most outstanding presentation by a Fellow/PhD candidate. Carey, Marshall, Thorne
Scholars Research Day. UVA.

05/2008

Alpha Omega Alpha Honor Medical Society

2004

Invited Presentations

C. difficile: The Case for Stool Transplant. Porter Critical Care Nurses Council. Porter Hospital. April 2016.

Defining CA-UTI: Where knowing is more than half the battle. Swedish Medical Center Grand Rounds. Denver, CO. July 2015.

Antimicrobial Stewardship: Where less use really is more. Swedish Medical Center Grand Rounds. Denver, CO. Oct. 2014

Clostridium difficile update: the end of metronidazole, FMT, and other revelations. Association for Professionals in Infection Control and Epidemiology: Rocky Mountain Chapter Meeting. Sep. 2014.

Clostridium difficile update: The end of metronidazole and other revelations. Denver Intercity ID Rounds. Sep. 2014.

Update on *C. difficile*. Swedish Medical Center Grand Rounds. Denver, CO. March 2014.

Infection Control 101-Infection Control in the Long Term Care Setting. Orchard Park Healthcare Center. Oct 2013

Antimicrobial Stewardship: A Story of Bacterial Resistance and Economics. Craig Hospital Annual Physician Meeting. April 2013

A Case of Adrenal Histoplasmosis, Mar 2012, A Case of *Plasmodium vivax* June 2012, A case of Aspergillus Jan 2013, A case of cutaneous Mucormycosis May 2013. A case of Kaposi Sarcoma May 2014. A case of osteoarticular tuberculosis. Infectious Diseases Pathogenesis Case Conference

C. difficile case discussion, Swedish Hospital Program Improvement/Quality Improvement small group sessions, Sept 2012

C. difficile: Calling all stool donors. AVISTA Grand Rounds. Louisville, CO March 2012.

C. difficile: What's new and what to do? Association for Professionals in Infection Control and Epidemiology: Rocky Mountain Chapter Meeting. Denver, CO. February 2012.

C. difficile: Calling all stool donors. Swedish Medical Center Grand Rounds. Denver, CO February 2012.

Empiric antibiotic coverage in health care associated sepsis. Swedish Hospital Critical Care Grand Rounds. Denver, CO. January 2012.

Recurrent *Clostridium difficile*: calling all stool donors. Colorado Infection Prevention Collaborative. Denver, CO. June 2011.

Unraveling the *C. difficile* epidemic. Swedish Medical Center Critical Care Grand Rounds. Denver, CO. February 2011.

C. difficile: More than "Just diarrhea." Craig Hospital Grand Rounds. Denver, CO. December 2010.

Abstracts/Posters

Anderson H, Mueller K, **Pawlowski SW**. Utilization of a pharmacist-driven penicillin allergy protocol to reduce use of unnecessary broad spectrum antibiotics. ASHP Midyear meeting. Resident Poster Presentation. Dec 2015.

Jenkins T, Caldwell B, Mccollister B, Moore S.J., O'leary S, **Pawlowski S**, Perlman D, Saveli C, Knepper B, Burman W
Comparison of the microbiology and antibiotic treatment between diabetic and non-diabetic patients hospitalized with acute bacterial skin and skin structure infection. IDSA Oct 2014.

Jenkins T, Caldwell B, Mccollister B, Moore S.J., O'leary S, **Pawlowski S**, Perlman D, Saveli C, Knepper B, Burman W. Microbiology and antibiotic treatment among injection drug users and non injection drug users hospitalized with acute bacterial skin and skin structure infection. IDSA Oct 2014.

Pawlowski SW, Lozano R, Roberts K. *Clostridium difficile* infection presentation and recurrence risks in spinal cord and traumatic brain injury patients in an inpatient rehabilitation hospital. IDSA 2103. Poster presentation

Jenkins T, Caldwell B, Mccollister B, Moore S.J., O'leary S, **Pawlowski S**, Perlman D, Saveli C, Knepper B, Burman W. Antibiotic Prescribing Practices and Factors Affecting Prescribing in Patients Hospitalized with Acute Bacterial Skin and Skin Structure Infection: Results of a Multi-Center Study. IDSA 2013-Poster presentation

Moore S.J, O'Leary S, Caldwell B, **Pawlowski SW**, Burman W, Jenkins T. Antibiotic Prescribing in Pediatric Patients Hospitalized with Acute Bacterial Skin and Skin Structure Infection. IDSA 2013-Poster presentation

Pawlowski SW, Kolling GL, Calabrese et al. Aging predisposes mice to acute symptomatic disease and prolonged weight loss in a murine model of *Clostridium difficile* infection. IDSA 2011. Poster presentation.

Pawlowski SW, Kolling GL, Calabrese G, et al. Aging predisposes mice to acute symptomatic disease and prolonged weight loss in a murine model of *Clostridium difficile* infection. UVA Department of Medicine Research Day 2010. Poster presentation.

Pawlowski SW, Calabrese G, Kolling GL, et al. A novel murine model of *Clostridium difficile* infection using clindamycin exposed or germ-free aged mice. UVA Department of Medicine Research Day 2009. Poster presentation.

Pawlowski SW, Calabrese G, Kolling GL, et al. A novel murine model of *Clostridium difficile* infection using clindamycin exposed or germ-free aged mice. IDSA 2009. Oral Presentation.

Pawlowski SW, Sevilleja JE, Kolling GL, et al. Factors other than bacterial or toxin concentrations likely contribute to intestinal inflammation in *Clostridium difficile* infection. ICAAC-IDSA 2008, B-3801. Poster presentation.

Pawlowski SW, AlcantaraWarren C, Linden J, et al. Enhanced anti-inflammatory and anti-secretory effect of an A_{2a} adenosine receptor agonist with co-administration of alanyl-glutamine in the rabbit model of *Clostridium difficile* ileitis. ICAAC-IDSA 2008 , B-3800. Poster presentation.

Pawlowski SW, Archbald-Pannone L, Carman RJ, et al. *Clostridium difficile*: the role of fluoroquinolone resistance. UVA Infectious Diseases Research in Progress 2008. Oral presentation.

Pawlowski SW, AlcantaraWarren C, Linden J, et al. Enhanced anti-inflammatory and anti-secretory effect of an A_{2a} adenosine receptor agonist with co-administration of alanyl-glutamine in the rabbit model of *Clostridium difficile* ileitis. UVA Department of Medicine Research Day 2008. Poster presentation.

Pawlowski SW, Archbald-Pannone L, Carman RJ, et al. Fluoroquinolone resistance correlates with *Clostridium difficile* intestinal inflammation, independent of the tcdC deletion, binary toxin genes, and REA type. UVA Carey, Marshall, Thorner Scholars Research Day 2008. Oral presentation.

Pawlowski SW, Archbald-Pannone L, Carman RJ, et al. Fluoroquinolone resistance, independent of binary toxin genes and tcdC deletion, is associated with inflammation in *Clostridium difficile* associated diarrhea (CDAD). UVA Infectious Diseases Research Day 2007. Oral presentation.

Additional Projects

Utilization of pharmacists to evaluate and challenge “penicillin” allergic patients to help reduce the use of non-penicillin antibiotics. Swedish Medical Center, Englewood, CO. 2015-2016

Committee member to obtain approval and perform Stool Transplants for recurrent *C.difficile* infection throughout Centura's Colorado facility 2015- present

Colorado Hospital Association's 2-Year Antimicrobial Stewardship Collaborative. 2015-2017.

Development and completion of the first Program Improvement/Quality Improvement (PI) education program at Swedish Hospital and throughout HCA facilities. Hospital based program to decrease *C.difficile* rates, recurrence, and severity. Swedish Medical Center, Englewood, CO. 2012-2013

Development of a joint Infectious Disease/Pathology teaching conference, Swedish Medical Center 2012-present

Metzger R, Swenson B, Bonatti H et al. Identification of Risk Factors for the Development of Clostridium difficile-Associated Diarrhea Following Treatment of Polymicrobial Surgical Infections. Ann Surg. 2010 Apr; 251(4): 722–727. (Acknowledgment)

DNA analysis of a *C.difficile* outbreak at a local community hospital, Augusta Health, Fishersville, VA 2008-2009

Ericsson CD, DuPont HL, Okhuysen PC, et al. Loperamide plus azithromycin more effectively treats travelers' diarrhea in Mexico than azithromycin alone. J Travel Med. 2007;14:312-9. (Acknowledgment for collecting field data)

Dupont H, Jiang Z, Okhuysen P, et al. A randomized, double blind, placebo-controlled trial of rifaximin to prevent travelers' diarrhea. Ann Intern Med. 2005;142:805-812. (Acknowledgment for collecting field data)
