DARRELL LONEY

Busy keeping Touchet a great place to live...

DARRELL LONEY tends to take life seriously. Since graduating in 1964, Darrell has served in the military, is a husband, father and grandfather, the District Fire Chief in Touchet, the Treasurer for the Touchet Gardena Lions Club, a Touchet School Bus Driver, a former Touchet High School Girls Softball Coach with 3 State Championship titles, and was the Touchet School Maintenance Supervisor for over 30 years — now retired.

Where is Darrell mostly these days? If you ever find yourself in Touchet, stop by and see him, as he is the Superintendent at Pheasant Creek Golf Course!

Education Scholarship, (In memory of Helen Durfee). Started by Helen's husband, Elbert Durfee. Helen Durfee was a gifted teacher for many years, and was also a substitute teacher for the Touchet school. This scholarship is awarded by the Durfee family to a student with high achievement who is planning on becoming a teacher.

Academic Scholarship, (Tri-Community Homemakers). The Tri-Community Homemakers is a local service organization that has been providing a \$500.00 scholarship to a graduating Touchet senior for about 25 years. They have now chosen to be part of the Touchet Educational Foundation application and selection process. The Homemakers' scholarship is given to a student with a GPA of 3.3 or higher, with an emphasis on community service and excellent communication skills as shown on the application.

FFA Scholarship, (In memory of Ronald Dunning Jr.). This scholarship was instituted in memory of Ronald Dunning Jr. who died tragically in August 1986. As a graduate of Touchet High School in 1986, he was an active member of the FFA, raising beef and especially enjoying livestock judging. Ronnie's enthusiasm and humor were contagious. He was a leader on the football field as well as in FFA. His untimely death touched the hearts of family, friends and the community. The FFA and his family sponsor this award, which recognizes an FFA member who exhibits outstanding participation and leadership.

FFA Scholarship, (In memory of Roy Kregger). After Mr. Kregger's death, his wife Margerite, established this scholarship. Roy and his family moved to Touchet where they have been an integral part of our farming community. Roy was a member of the Alfalfa Seed Growers, the Walla Walla Grain Growers, was an active supporter of Touchet Schools and the FFA program. Each year, the Kregger family chooses an FFA member that exhibits outstanding involvement and leadership in the Touchet FFA.

FFA Foundation Scholarship. Money comes from the State FFA Foundation to our Foundation, for a scholarship to an FFA member as chosen by the FFA advisor and the Touchet Educational Foundation.

Athletic Scholarship, (Pheasant Creek Golf Course). The Scherger family moved to Touchet in 2000, built and opened Pheasant Creek Golf Course. They immediately saw how close and involved the community is with Touchet School, especially the sports programs. Hoping that others will like to help support a small school athlete once the graduate moves onto a larger institution, they decided to establish this scholarship. It will be awarded to a student who graduates with a 3.3 gpa or better, a leader both on and off the field as well as bring an upstanding citizen in the community.

Additional Scholarships. The community is always filled with generosity. There may be additional scholarships available by graduation.

K. How long has Gary Dorman been the Ag teacher at Touchet?

WHAT'S YOUR LEGACY?

Art and Clara Bald Trust. Art and Clara Bald were brother and sister, born and raised in Touchet and attended Touchet Schools. They farmed in the Gardena area their entire lives and then expanded to a farm on the property behind the store. They were known as being kind, hard working, and good neighbors. Through the trust established in their names, they have left a legacy of generosity to our communities and others.

Touchet-Gardena Lions Club. Established in 1962, the club meets in the old Gardena School which was built in 1902. Classes were held there until 1949 and the building is still owned by the Touchet School District. The Lions Club leases the building for \$1/year and is responsible for maintaining the building as a community center. The major funding source for the Lions Club is the May Day Barbeque. The Lions Club has been a committed and supportive member of the Touchet community and especially the children over the past 40 years. They continually contribute generously to the Touchet Educational Foundation.

TEF Merit Scholarship. Each senior who turns in their application on time receives this scholarship.

Leadership Scholarship, (In memory of Wilbur Garbe Jr. and Paul Garbe). Instituted during the 1970-71 school year by Wilbur Garbe's widow, Elaine. This scholarship is in memory to two brothers, Paul and Wilbur Garbe who died tragically. Wilbur Garbe, Jr. was killed in a plane crash in September 1970. He left behind three children and a legacy of service to the community and school. Each year a student is selected that demonstrates outstanding citizenship, leadership, and a commitment to following through with their educational plans.

Maxine Kempf Memorial Scholarship. This scholarship began in 1998 by Maxine's husband, Larry Kempf. Maxine served this community and students through her work as a secretary at the school for 25 years. She was May Queen and a graduate of the class of 1957. Maxine was a US Marine Corps veteran and the mother of three. The Touchet schools have never been the same since her retirement in 1990. The scholarship is for a student with financial needs.

Science Scholarship, (In memory of Justin Shurtleff). Justin's parents who live in Springville, Utah, established this scholarship. Justin Shurtleff was a science teacher and basketball coach at Touchet from the fall of 1992 until his untimely death in December of 1994. He challenged students to do their best and think for themselves. He had a real heart for kids. It was not uncommon to see his 7 foot 1 inch frame with arms stretched out and elementary kids hanging from them. Wherever he went, there were middle school and high school kids tagging along, wanting to sit at lunch with him, or be involved in one of his games and "teachable moments". He took kids to basketball camps, fishing and watching movies at his house on the weekends. He was a biologist, and had a real love for the natural world. This scholarship is given to a student planning on majoring in a science related field.

There's No Place Like Home

Patty Adams ('59) loves working for the Touchet School as a parapro in the special education department. She likes being around the kids and watching them grow up. She thought when she married John Adams that she would always work at the Touchet Mercantile. But she has driven school bus and worked in the

kitchen before her current job at the school. Patty has been on previous reunion committees and has always enjoyed all of the reunions. She would like to encourage all then Touchet grads to attend this year's reunion!

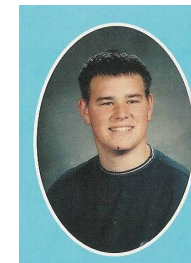

Barbara Barnes Brown ('65) NEVER thought that she would work at the Touchet School. She was going as far away as she could and would never come back! But, she changed

her mind somewhere along the way and is very glad to be back teaching business classes and advising the FBLA. There is no where she'd rather teach. She too is looking forward to seeing old friends at the reunion.

Mary Cummins Marr ('68) never gave any thought to working at the Touchet School when she graduated. She was anxious to move away and do other things. When she did decide to move back to Touchet, she wanted her children to have the benefits of a small school and thought it would be fun to have Maxine Kempf's job of Financial Secretary. Be careful what you wish for...Mary has now been working as the Financial Secretary for 15 years!

JB Dorman ('98) is working with grades 6-9 in the Gear Up program at Touchet School. He loves working with the kids and knowing that each day will be different than the one before. He also likes being able to contribute to the

school that he graduated from. This will be the first all school reunion that he will attend and would really like to see all of the people that went to school at the same time he did.

Lacy Short Moyer ('00) thought that she wanted to work at the Touchet School in administration. Now she is working on the Gear Up program and enjoys getting to know the students and helping them learn. She is on the reunion

committee and would love to see all her classmates so that she can show off her beautiful son Riley!

INDIAN PRIDE

Joe McDole ('05) is currently the Class of 2005 President. He enjoys learning to work with his classmates and getting to know them better. Joe's future plans include attending Eastern University studying sports medicine. He has always enjoyed sports such as baseball, football and has played hockey for over 15 years. Joe is glad that he is able to attend Touchet School because of the cool teachers and the one on one guidance. If you would like to keep in touch with Joe, e-mail him at mcdole21@hotmail.com.

Andy Easton ('05) Varsity football player, represented Touchet High School in a statewide leadership and scholarship competition. The Qwest Leadership Challenge and Seattle Seahawks invited a football player from each of Washington's 331 high school football programs to volunteer in their community and compete for a \$5,000 scholarship.

Once they've completed 40 volunteer hours for a non profit or educational organization, each player will receive a \$500 check from Qwest to be donated to the non-profit or educational group.

Andy along with other Qwest Leadership Challenge participants were invited to a private leadership conference the morning of the Seahawks / Bills game hosted by Seahawks CEO Tod Leiweke and future NFL Hall of Fame quarterback Warren Moon. The high school players were also recognized at Qwest Day during the November 28th, 2004 game.

Progress Report

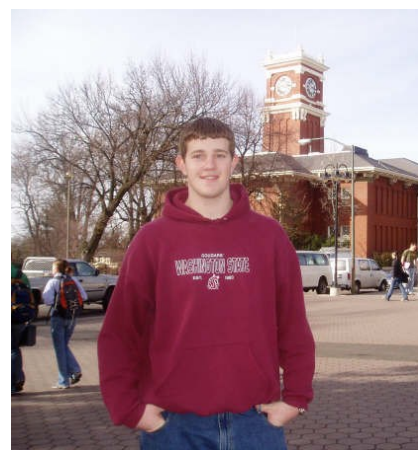

Ed Castillo ('04) is grateful for the Leadership Scholarship in Memory of Wilbur Garbe Jr. and Paul Garbe as well as the TEF Merit Scholarship both of which he received. He is currently attending Washington State University pursuing a degree in Secondary Education emphasizing in Spanish and History. Ed hopes to someday teach at a small school similar to Touchet. He also recently joined the Army National Guard and Army ROTC. In May, he'll be off to Fort Knox, Kentucky for basic training. His job is as a light wheel vehicle mechanic with his unit being stationed in Walla Walla. After graduation, Ed will be a 2nd lieutenant and plans to train as a combat engineer for the Army.

How is school going? Ed is living on campus in the Stephenson complex but next semester, plans to move out and rent a house. Sports have never left Ed's life. Last semester he started a flag football team, played dodge ball with a bunch of Touchet-ites (Jonathan Ingham, Brandon Ingham and Mandy Griffith) as well as belonging to the Ultimate Frisbee Club! As for work, Ed was working on campus at a restaurant. Since he has joined the Army National Guard, that takes him to Spokane one week a month. Just as well, his restaurant hours kept him from being able to enjoy Saturday afternoon Cougar Football games!

What about next year? Ed will be returning to WSU. He likes the small town feel that Pullman offers!

Kylee Durfee ('04) is currently attending Eastern Washington University. She has enjoyed her first year away at college. Kylee's roommate in the dorm is from Japan, which provided her with insight from another culture. Since receiving the TEF Business Scholarship, she has taken her first economics class this quarter.

Jonathan Ingham ('04) is attending Washington State University, just like his older brother, father and grandparents did before him. He is living in a dorm on campus, and liking school for the most part. He likes having more free time than he expected, and meeting new people. He has played on several intramural sports teams including football, volleyball, basketball and even dodge ball. When he graduated from high school, Jonathan planned to major in political science, with hopes of going to law school after that. So far, he has been happy with his choice. He had a political science class last fall during the presidential election, which he enjoyed. Jonathan will be home working on the farm helping his dad this summer, with possibly a part time job at an attorney's office. This fall he will be returning to WSU and living in a house off campus with his friends from the dorm. Jonathan was the recipient of both the FFA Scholarship in Memory of Ronald Dunning Jr. and the TEF Merit Scholarship.

INVEST IN EDUCATION

Each year every Touchet senior has the opportunity to apply for a scholarship. Below is a representation of the number of seniors and how many of them were awarded scholarships.

We ensure that every gift is put to work where the donor's values guide them. Less than 1% of the Touchet Educational Foundation's funds are used for administration. If you want to make a gift but don't see a fund that fits your wishes, contact a Touchet Educational Board member. We'll work with you to determine the best way to proceed.

TOUCHET EDUCATIONAL FOUNDATION

The Touchet Educational Foundation is a 501© (3) non profit tax exempt organization. Our primary focus is to provide financial assistance to Touchet graduates in pursuit of higher education goals at four year colleges and universities, community colleges and trade schools. We provide a way for Touchet alumni, businesses and community members to be involved in providing that support.

Opportunities For Giving

- A cash contribution
- A gift in honor or memory of a special friend or loved one
- Endowment—An endowment is a permanent fund set up to provide yearly scholarship distributions from a portion of the earned investment income, while never expending any of the original principal gift. The fund is typically named to remember the donor or someone of the donors' choice
- Gifts of property, stocks or bonds—we have a brokerage account in place to accept those gifts

Your donation will:

- Help Touchet High School graduates further their education
- Be administered locally by a Board made up of volunteers from the Touchet community

Yes! I want to help support Touchet students through the Touchet Educational Foundation.
