

Hunterdon Medical Center Knight Scholar™ Program

Knowledge-Networking-Innovation Graduate Health-System Training

ABOUT US

Hunterdon Medical Center, acknowledged as a leader in developing comprehensive medical and healthcare services, is a 178-bed, Magnet designated, non-profit community medical center and regional hospital for Hunterdon County, New Jersey. The pharmacy is open 24 hours a day, providing intravenous additive programs, unit dose drug distribution and computerized & automated integrated systems.

The PGY-1 pharmacy residency program at has been accredited by the ASHP since 2007. It has established a foundation of clinical practice that can be applied in various professional settings.

Due to the success of the PGY-1 program, a PGY-2 Pharmacotherapy Residency was initiated and has been accredited through ASHP and ACCP since 2012. The purpose of this 12-month PGY-2 Pharmacotherapy Residency program is to prepare clinical pharmacy specialists with the qualifications needed for internal medicine or family practice positions.

Both programs at Hunterdon provide residents with opportunities to serve on a variety of committees and interact with different health care professionals in addition to their clinical rotations. Additionally, there are a variety of teaching opportunities to doctor of pharmacy students, medical residents and other health care professionals both within and outside the pharmacy department.

PROGRAM GOALS
