“I have known Brian Shuck since 1990 when we attended law school and although we do occasionally discuss cases with mutual interest, we are not otherwise friends on a day to day basis. Thus, I do not have any incentive to provide an inflated rating for Mr. Shuck.”

“Brian and his staff were very helpful during a recent business purchase. Brian’s in-depth knowledge about contracts is a blessing for anybody needing contract or business purchase legal assistance. He not only knows the law, but helped me look at my purchase from many angles to ensure that I was covering everything I needed to make the transaction as smooth as possible. Great work Brian!!” (Similar related review on Avvo and yellowpages.com.)

"Honest and Reliable Attorney. Mr. Shuck did a great job of putting together our Will and setting up a Trust. Explaining details and implications. Highly recommended."

"Changing my rating for Mr. Shuck. At first I gave him a poor rating because I thought he never responded to my email. After going back and doing a thorough check through my email I found a response from him. I give him a good rating because he took the time to read my email and responded but was unable to help me in this situation. People are very busy but it shows a little insight to a persons character and professionalism when they take time to even reply."
