## How to Program a Honeywell VisionPro Thermostat

By SupplyHouse.com

Click link below for full details!

<https://youtu.be/LK1ZlWCagvE>

### Reminders

August 1, 2015-Change all filters in  
your home

August 11, 2015- Monthly InReia  
Meeting 6:30 pm

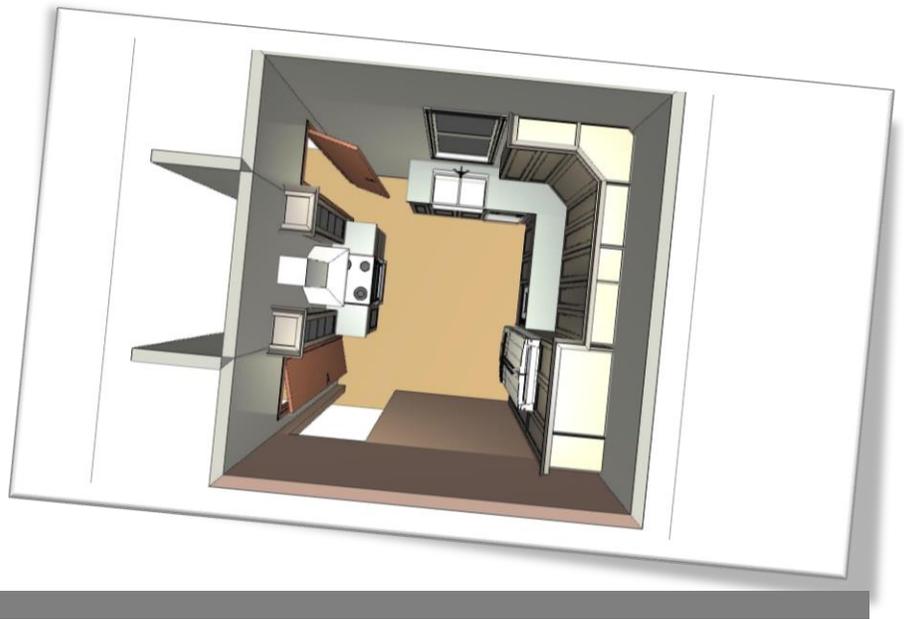

Have you ever had a simple home problem? One that did not necessarily require a licensed professional, but required more knowledge about the problem than you currently have? One of the most common problems like this involve your homes thermostat. Often times a power outage, electrical surge, or simple thrown breaker could result in your thermostat needing reprogrammed! A simple task, yet you fear you may make a costly mistake. No worries, our friends at SupplyHouse.com have made a simple tutorial on how to do just that! Click the link on the left to watch the full video and be prepared to make your own small home solution!

# Thinking about updating your home? Let us help!

By Stacy Gray

Have you thought about updating one or more of the rooms in your home? Have you thought, “That’s just too much for me to even think about right now?” or “I don’t even know where to begin!” Updating and remodeling can be daunting tasks, especially when you do it on your own, but you don’t have to! Let our specialists help you design your dream kitchen, dream bathroom, or master suite! Simply tell us what you need, more counter space, more cabinets, easy access, or specific materials and tell us what colors or theme you enjoy, and let us do the rest! It’s that simple! Our specialists have the tools and programs to give you a detailed and life-like blueprint of your ideal room! You will be able to see what your new room will look like before your old room is touched. It is an invaluable asset to be able to see what you do not like or if you would like to relocate an item, BEFORE any work begins! This can save you time, money, and a headache! Working with Embry’s Home Solutions will be the best choice you have made for your home!

Thinking about....  
Selling a Home?  
Updating a Home?  
Or Simply Updating Lighting,  
Cabinet, or Water fixtures?
