The cemetery board is working on a project to mark (with headstones) the graves of the children in unmarked graves. Also, there are 4 adult gravesites we need information on and will possibly mark. We are asking for your help with birthdates and dates of death or any information that may be helpful.

County records have been checked and we were able to get information on six children.

Adults:

2. Podany, Frantisek (date of death would be around 1925? Per adjoining gravesites)
3. Mikula, Martin (His death would be around 1911 per adjoining gravesites)
4. Marak, Margaret This appears to be a more recent grave. There is a very small, engraved metal marker that has her name and the date 7-27-929. I think that is the birthdate. (?)

If you have any information, please contact Anna Teague (254-697-1362) or any cemetery board member.

Thank you.
