Dear Community Member:

We are writing to make you aware of the status of the Treynor Recreation Area Golf Course and Clubhouse.

The Club has had some tough years financially and to be able to continue offering this fine facility as an enrichment to your property and this town, we are asking for your support. Over the past few years, costs have been cut and volunteers have been utilized to help reduce operating expenses. However, even with these budget-saving measures, we are still not realizing profits or at least breaking even. We do not think anyone would want to see this long-standing, beautiful course close. The TRA is a source of recreation to many and is also used by our high school golf team and cross country for competition. Golf is the #1 sport that many are quoted as saying "I wish I would have learned to play when I was younger". We are dedicated to making Treynor a place to enjoy the sport of golf by all ages.

The goal of the current Board of Directors is to increase membership. Thank you to those that have continued membership with the TRA through the years and to those that find this an important part of our community. And, thank you for considering a membership with the TRA if you do not currently belong to the Club.

We would like to take this opportunity to showcase the many ways you can support us.
