Features and Benefits

- Sapper is the perfect balance of legendary design and ergonomic comfort, well-suited to the most distinguished financial, accounting and law firms.
- The product scope includes executive, management, and side chairs.

- Knee tilt recline mechanism and waterfall seat edge enhance circulation.
- The streamlined profile is enhanced by hand-finished details of channel stitching and rosette pleats and the designer's signature red lever controls.

- Comfortable, sculpted, high-resilience foam assures uniform support.
- Available armless or with cantilevered arms.
- Advanced control with optional 4" lumbar adjustment provides optimum support. Other adjustments include upright tilt lock,

- 4" forward tilt, forward tilt lock and pneumatic seat height.
- Choice of three control packages: advanced with forward-tilt and pneumatic seat height, basic and swivel-only.
