

**ABOUT EDU-CORP**

**Stop the Insanity!**

As a parent of four kids and the principal of a school, I know how frustrating it can be to find quality educational and/or entertaining programs. Budgets are tight, volunteers are scarce and the same-old-same-old programs don't seem to get the kids or participants excited. You are living in a world of insanity! Just look at what AE tweeted\* in 1952 about insanity. Give us a call and let us educate you on the variety of

<b>Insanity</b>	
The definition of insanity is...	
"Doing the same thing over and over again and expecting different results."	
	Albert Einstein Physicist (1879-1955)

*\* For the record Albert Einstein (AE as I like to call him) did not tweet out the definition of insanity. That would have been impossible since Abraham Lincoln was credited with snap-chatting it to him first..*

**Why Choose Us?**

In a recent survey, 100% of the parents, principals, school council members, event organizers, festival coordinators, wives, midwives, board trustees, camp councilors, equine stable facilitators, midway operators, senators, congress puppets and city of Toronto, New York and Tokyo Mayors who did not book with us suffered depression, mild anxiety attacks, occasional twerking outburst at work and severe loneliness! We have not ascertained if any of this is due to their inability to pick up the phone and call us, but we do care about YOUR health. Please don't take any chances and book one of our programs today. (For the record, we did not do the White House Christmas Event last year... need I say more!?)

Over the past twenty years I have been blessed to educate and entertain kids, teens and adults from all over the world. It is always exciting to travel somewhere new, and always a double honour to come back to repeat clients. In addition to my many years as a children's entertainer and school principal, I have an associate pastors degree. If your event happens to have a need as a guest speaker on a Sunday morning, it would be my pleasure and honor to come and speak. There is no fee for this. However, a free-will offering in support of [lifechristianacademy.ca](http://lifechristianacademy.ca) is appreciated.

Please take some time to check our [edu-corp.org](http://edu-corp.org) and browse through the various programs that are available. Feel free to give me a call and I can expand a little more on each of the programs that we offer. The truth is that although a picture is worth a thousand words, adding context and order to those 1,000 words will give you a better idea of how passionate we are about edutainment.

Last but not least, I needed to come of with a few extra words to fill in this space. So, you can just skip to the section below on your left and completely ignore the rest of this sentence. No really, I'm running out of room here... move along. Thank You!

**Your Next Step...**

Step One. Call your significant other and tell them how much you care for them and how lost you would be without them. Bring home some flowers, or beer and their favorite take-out food.

Step Two: Call me the next morning and lets chat about booking us at your event. After all I think you'll be owing me one. If there is no significant other (at the moment), scrap the flowers and takeout, get some red wine and call me in the morning.

Visit us online at [www.edu-corp.org](http://www.edu-corp.org) for more program information.
