

New to 2020!

Goals! A primary goal of the CRCA is to allow a first place winner to at minimum win their entry fee back (excluding \$1K, \$5K, Nov NPBS classes)

New Class! We are offering a 4-year old Incentive Class with an earnings limit of \$5,000 for Open and Non-Pro at time of show. You must enter up in another Derby Class. The incentive will have added money. Does not apply to Non-Pro Limited. You can earn out at any time. This incentive class will be offered at all 2020 shows.

New Entry! Single entry fee for both Open and Int LAE, and split for go rounds and final payouts is 75% Open, 25% Intermediate. The Ltd Open Derby or Futurity riders do NOT have to enter the Open. The class runs by itself.

AQHA! We will hold AQHA Classes at every show, and we will separate AQHA Junior and Senior classes if there are 3 or more entries in each class.

New Show! We have resurrected the Colorado Futurity!

It will be held in October in Pueblo.

To help avoid confusion the horseshow in August in Montrose has been renamed the West Slope Pre-Futurity.

Class Update! The Pro Am Box class will continue forward with only eligible entries. CRCA will work to schedule practices as able for other participants.

New Policy! A large part of the horseshow cost is the cattle expense, and in an effort to keep your horseshow costs down, we are instituting a new policy for cancelling an entry.

We now have two deadlines to be aware of – an **Entry Deadline** and a **Cattle Deadline** (a few days later).

If a 3-event participant cancels after the Cattle Deadline, there is a charge of \$200 per entry.

There is no charge to cancel a horseshow class, or to enter after any deadline.

If a 3-event participant enters after the Cattle Deadline, they will be put at the bottom of the herd draw with used cattle and first on the rein/fence work.
