## Logistics Staging Area Operations

When disaster strikes, organizing and distributing disaster supplies and services to the affected population is vital. MCLC Corp offers the proven ability to draw from our team of emergency managers experienced in disaster logistics operations and respond quickly when the need arises. We provide staffing, equipment, transportation, and support services to conduct self-contained turnkey LSA operations to receive bulk resources of shelf stable meals, bottled water, bagged ice, and

tarps or other accountable and/or expendable supplies from federal, state, or vendor resources. We will account for and distribute bulk resources to designated county Points of Distribution at the direction of Client.

### LOGISTICS STAGING AREA TEAM

- Manage the LSA operation for the client
  - Coordinate transportation
  - Operate Material Handling Equipment (MHE)
  - Receive, account for, distribute commodities and supplies provided by Federal, State, or vendor provided.
  - Establish emergency worker commodity pick-up area to support agency pick up
  - Demobilize the site.
- Provide command post and other temporary administrative facilities.  
Provide Material Handling Equipment (MHE), power, and security lighting.  
Provide trucks with drivers to support shortfalls in local transportation.

### OUR ON-SCENE RESPONSE DISASTER LOGISTICS SERVICES INCLUDE:

- Field management of operations support sites and disaster logistic support operations
- Identification of vendors and contractors to provide needed logistical support
- Provide technical assistance related to the development of an all hazards County Staging Area Standard Operating Procedure and capability.

Our services allow you to focus on the look, feel, and purpose of your event with complete confidence that your infrastructure and population support needs are being handled by professionals with extensive experience in special events.
