Professional Expertise

Uilani Kauhi currently serves as the Broker Coordinator for C&W's South Florida Industrial Team in Broward and Palm Beach Counties. She has been the backbone of the Team for the past 18 years. Ms. Kauhi is responsible for every aspect of marketing for the Team and their listings, including but not limited to, property tour packages, email blasts, signage and creation of new property brochures and aerials. She is also an integral part of the monthly reporting process to the clients and landlords that the Team represents.

When not putting her graphic designs skills to use for the Team, you will most likely find her looking for the next adrenalin rush, paddle boarding, instructing a Zumba class at the local gym or taking a trip on another fun adventure.
