

OLSS ROBOTICS TEAMS NOW FORMING!

Interested in robotics? Join one of our robotics teams that compete in the College of Southern Maryland leagues.

Our Vex team is open to 7th and 8th grade, preferably with some experience with robots or programming. Students will learn how to build, program and drive a Vex robot to complete this year's Vex challenge. We will meet Fridays from 3pm-5pm at OLSS and you must be able to make the competition at CSM in La Plata on Saturday, January 12.

Our Lego team is open to 5th grade and up. Students will learn how to build and program the Lego Mindstorms robot as well as complete a research project related to the challenge. This year CSM is repeating a previous year's Lego challenge called "Nature's Fury". We will meet Fridays from 6pm-8pm at OLSS and you must be able to make the competition at CSM in La Plata on Saturday, April 6.

Call or email Jim Moore for more information: jmooreiii@gmail.com 443-536-1265

To sign up, complete the form below. Both teams will begin meeting on Friday, October 5th.

Student: _____ Grade: _____

Parent/Guardian: _____
