

Savoie Organic Farm  
Community Supported Agriculture (CSA) Program  
2019 Contract

**MEMBERSHIP REGISTRATION FORM:**

Please register me as a member of Savoie Organic Farm's pre-filled ½ bushel box Community Supported Agriculture (CSA) Program with drop off at one of three area locations for the upcoming 2019 growing season. I understand that farming is a seasonal and unpredictable undertaking, and the exact selections and quantities included in the weekly distribution will change as the season progresses. In joining the CSA, I agree to share in the fluctuations and variations inherent in farming and understand that my produce will be grown using certified organic practices. I understand the CSA share program will run for 16 consecutive weeks, starting on or about the week of June 10 and ending on or about the week of September 23.

## MEMBERSHIP AGREEMENT:

### What is a CSA program and why should you consider joining the Savoie Organic Farm CSA?

Community Supported Agriculture (CSA) programs represent a partnership between community members and their local farms. Consumers purchase a share in the farm during the preceding fall/winter months, providing farmers with much-needed capital to cover upfront costs such as the fuel, seeds, and supplies that are vital to vegetable production. In return, the shareholders receive freshly harvested vegetables throughout the growing season. Our CSA program is ideal for people who value organic produce, who enjoy eating what's in season, and who are willing to try new varieties of vegetables. Your weekly CSA share becomes a diverse, culinary adventure. It's a wonderful alternative to the generic, limited selection that grocery stores provide, and it's a guarantee that you are eating produce that has been harvested at its peak of freshness and nutritional value.

### How it works:

Our CSA program runs for 16 consecutive weeks that extend from summer through early fall. We pack your ½ bushel box with an array of vegetables from the week's harvest and deliver it to the drop-off location of your choice (see below for options). The selection of vegetables will vary as we progress through the season. Please refer to the "Seasonal Harvest" information on our website for an idea of what's available and how it changes from summer through fall. Shareholders will be contacted in early June via e-mail to confirm the program start date. There will be weekly correspondence thereafter regarding what to expect in your share each week.

### Share size and price:

**Regular--** 1/2 bushel box (meets the weekly vegetable needs of a family of 4)

Before March 15 <sup>th</sup> :	<b>\$450.00</b> ( <i>One week FREE for early sign-up!</i> )
After March 15 <sup>th</sup> :	<b>\$480.00</b>

Please note: No refunds or cancellations will be provided after the program starts.

### Pick-up locations:

The Farm and Fisherman Tavern  
1442 Marlton Pike East, Cherry Hill, NJ  
Time: Thursday, 1 p.m. to 7 p.m.

The Collingswood Farmers' Market  
Atlantic and Collings Ave., PATCO station, Collingswood, NJ  
Time: Saturday, 8 a.m. to 12 p.m.

The Headhouse Square Farmers' Market  
2<sup>nd</sup> and Lombard, Philadelphia, PA  
Time: Sunday, 9 a.m. to 2 p.m.

### Missed pick-up policy:

Shares that are not picked up by the end of the allotted time will be donated. If you have vacation planned for a certain week you are welcome to arrange for an alternate person to pick up your share. Please provide us with his/her contact information just in case we need to get in touch with them. If you know in advance that you will not make it and would like us to donate your share, kindly let us know via e-mail at [contact@savoieorganicfarm.com](mailto:contact@savoieorganicfarm.com) or phone (856) 629-9020.

## Things to consider before joining a CSA:

Members of the CSA program are considered shareholders in the farm. CSA members can enjoy eating the absolute freshest and highest quality certified organic produce available, as well as the satisfaction of knowing that they are supporting a local, family-owned and operated farm. However, there are some risks. In the event of a catastrophic crop loss due to severe weather or pest conditions, the CSA program may have to be shortened and/or pickup weeks cancelled. In the event of such an occurrence, please know those of us at Savoie Organic Farm will make every effort to overcome the loss. By joining our CSA program, the shareholder agrees to share in this risk and will not expect any monetary reimbursement.

Please be aware that you have joined a CSA program, not a CO-OP. There is an important difference: in a CSA program, you are a shareholder in a particular farm and are able to enjoy the weekly fruits of that farm's labor. Because crops have a specific growing season, the crops will vary week to week. Crops with a long growing season are available for several weeks, while others with a short season or harvest window might only be available for a week or two. The advantage is that you enjoy the crops at their peak of freshness and nutritional value, as they are typically harvested within 24 hrs. In a CO-OP, the harvest is pooled from several farms or farm auctions that may or may not be "local" just to give you a wider selection of vegetables that may not even be in season, such as tomatoes in May or June. These vegetables may be transported from hundreds to thousands of miles away, which means you sacrifice freshness and quality.

**NOTE: This CSA membership agreement is made solely with Savoie Organic Farm, not with The Farm and Fisherman Tavern, Collingswood Farmers' Market, or Headhouse Square Farmers' Market.** These locations merely serve as a drop-off/pick-up points. Please direct any questions or concerns directly to Barry or Carol Savoie of Savoie Organic Farm. Our website provides a wealth of information ([www.savoieorganicfarm.com](http://www.savoieorganicfarm.com)). Further questions can be e-mailed to [contact@savoieorganicfarm.com](mailto:contact@savoieorganicfarm.com) or you can phone us at (856) 629-9020.
