

Kindergarten parents, always pick up in the front, either by walking to the gate behind the kinder building, or by driving through the drive through lane in the front of the school. The best place to wait is near the railing by the kinder gate, since our students are assigned specific spots in front of the office and grass. If you have more than one child, get your kinder first.

First through third grade students go to one of two places. Please let your child and your child's teacher know where you would like your student to be:

Front of the school- if you will *pick up by car via the drive through lane.*

Side gate at Lincoln (during the construction period), if you are exiting the car to walk up and pick up your child. *This is very helpful to us in limiting congestion in the front of the school so that we can focus on our students!*

Fourth through sixth grade students-go to one of two places. Please let your child and your child's teacher know where you would like your student to be:

Students without Primary Grade Siblings- Rear Parking lot of the school off Lincoln, *pick up via car*

Students with Primary Grade Siblings -*Meet your primary sibling per the instructions for grades 1-3 above.*

Please do not ask your child to meet you at an off campus location, as they will be unsupervised.
