

Learn more about gays, lesbians, bisexuals, and transgendered people—and the challenges they face every day in American society! *Sexual Minorities: Discrimination, Challenges, and Development in America* examines various stumbling blocks that prevent many gays, lesbians, bisexuals, and transgendered people from living unrestricted, healthy lives. This book concentrates on the affects of outside influences on the homosexual psyche from adolescence to mid-life and programs and services that need to be developed to improve quality of life. Sexual minority groups face negativity from society in the forms of homophobia and heterosexism, which can internalize to form self-loathing and depression. This book is a wake-up call for all members of society regardless of age, sex, race, or sexual orientation

In *Side by Side*, 18 men and women from varying religious and economic backgrounds share, in plain language that is easily accessible to most adolescents and adults, the experience of what it was like to find out about their sibling's homosexuality and how that knowledge affected them over time. Some of their perspectives will surprise you; many will move you. What they have to say is revealing—about themselves, about the nature of sibling relationships, and about the role of their generation within the larger family.

## Current Research on Bisexuality

Edited by Ronald C. Fox, PhD

*How It Feels to Have a Gay or Lesbian Parent: A Book by Kids for Kids of All Ages* gives voice to the thoughts, feelings, and experiences of children, adolescents, and young adults who have a gay or lesbian parent. In their own words, they talk openly and candidly about how and when they learned of their parent's sexual orientation and the effect it had on them—and their families. Their stories echo themes of prejudice and harassment, conflict and confusion, adaptation and adjustment, and hope for tolerance and a family that can exist in harmony.
