Video Testimonials

"If it wasn't for RETS's teaching and guidance I wouldn't have the multi-inspector firm I do today"

-Joseph

Frequently Asked Questions

How much money will I make?

Your earning potential is set by you! The more inspections you do, the more you will make. On a national average, according to the U.S. Bureau of Labor Statistics the average inspector earns around \$77,000 per year.*

Do I need previous experience?

While prior experience in a trade related industry is helpful, it is not necessary. We will train you on everything you need to know to conduct a thorough and professional home inspector.

Why should I become a home inspector?

Becoming a home inspector allows you to take control of your life. You get to set your own schedule and control your income. Unlike other trade related industries, home inspecting is less strenuous on your body.

How long are the programs?

Our Professional Inspector Program is a combination of correspondence and ONLY an 8 day hands on training class with live field inspections. Which means you only need to schedule off from work and other responsibilities for ONE week to complete your training!

Do you have payment plans?

Yes, we do have payment plans. Please contact us to arrange a specific plan that works for you.

What payment types do you accept?

We accept all major credit cards, checks and PayPal.

What hotels are near the training facilities?

We have arrangements with local area hotels to offer group discounts and rates. We will email you a listing of hotels and area information prior to you attending class.

I searched for classroom/hands-on training and found RETS. I am now confident that I can enter the field with the knowledge I need

-Johnny
