

CUSTOMER TESTIMONIALS

We had Laura with LIPSTIK Marketing design and maintain our App (RICHARDSON GROUP REALTY) and have been very pleased in that it has helped us get listings and close business. **In just the first six months the App has been responsible for driving over 1 ½ million in business.** It is innovative and user friendly with a tech savvy feel. I would recommend her services for any business that wishes to grow into the future.

LIPSTIK Marketing developed our mobile app, AURELIA WEEMS CPA, to help us build loyalty and grow the business. I was shocked at how powerful it is to a business owner and how easy Laura made it for us to implement. We couldn't be happier with our app and are proud to provide our customers with state-of-the-art technology. We highly recommend LIPSTIK Marketing.
