Coronavirus (COVID-19) Preventative Measures:

Dear Friends, we are all aware of the spread of the Coronavirus aka (COVID-19) virus. Let us take seriously the following preventive measures as prevention is better than the cure.

- 1) Wash your hands with soap several times daily, especially after visiting public places.
- 2) Use hand sanitizer, place at every entry door at Church, office and home. You are encouraged to have one in your pocket or bag when traveling or moving about your daily lives.
- 3) If you sneeze use a handkerchief, face tissue or sneeze into your elbow.
- 4) Refrain from shaking hands for the Sign of Peace; simply bow gently.
- 5) Refrain from holding hands when praying the Our Father.
- 6) Stay home when you feel unwell and seek medical treatment from your physician.
- 7) Let us unite in Prayer to pray for an end of this scourge, for the people and nations affected as well as their families and all the health/medical staff managing the patients.

Pastor's Corner:

The rapid spread of COVID-19 has negatively impacted the International Community with fear as there is presently no vaccine. To combat this virus we can only enact preventive measures for ourselves and our loved ones.

The Church as a Community of Faith and Hope is principally to offer Prayers to God for all affected families and all Health and Medical Staff at the forefront in the fight against this pandemic.

"Loving Father, be the Hope to all affected and life and protection to all involved in the management and care of our sick brothers and sisters and bring an end to this scourge. " Amen
