SHARE OPTIONS

While most CSA's give you a preselected box of produce once a week (similar to our Winter CSA), our Summer Share program is "your choice" which allows you the freedom and flexibility to visit our farm stand anytime you choose. Use your CSA Summer Share to purchase anything we sell at the farm stand during the season, be it plants, Clear Brook Farm organic produce, local cheese or organic milk, baked goods, fruit, syrup, or anything. CSA can also be used at our stands at the Londonderry and Manchester Farmers' Markets. We keep your CSA card at the counter with your name and balance on it (including your bonus credit); each purchase will be deducted from your balance.

In appreciation for your support of our farm, by purchasing a CSA share the value of your purchase will be more than just the monetary value that you have paid. Depending on when you sign up and what size share you purchase, there will be extra credit added to your CSA card. Also, all CSA members who sign up by April 1 will qualify for **2 or 4 free quarts** of pick your own strawberries.

SHARE VALUES AND BENEFITS

Large Share Fee: \$450 = \$450 Value *plus...*

Enroll by March 7: \$25 Bonus & 4 quarts PYO Berries
