

# GDSC – JULY 2018 SURVEY

09-Aug-18

July 2018 survey

## Document purpose

This document has been produced by the Guernsey Drug Strategy Campaign to provide a high level overview of the results from our 3<sup>rd</sup> annual survey.

For more information about the GDSC and for previous survey results, see our website -

# GDSC – July 2018 survey

## JULY 2018 SURVEY

### Abuse, fairness and anonymity:

**Survey abuse** – As with any website your computer/smartphone/tablet connects to, it displays your public IP Address. [Devices connecting from the same modem/router will have the same public IP Address]

To help protect privacy we turn your IP address into a randomly assigned ‘barcode’ which allows us to mitigate abuse while retaining anonymity.

**Anonymity** – To help ensure anonymity we have not collected any personal information that could identify individuals.

**Fairness** – To ensure a wide and varied reach, we have advertised the survey on multiple platforms such as Local TV, Radio, Local Press and Social Media.

We received a number of enhancement requests from previous year’s surveys. As yet we have not secured funding other than volunteer’s time & money, this has limited our capacity to implement any improvements.

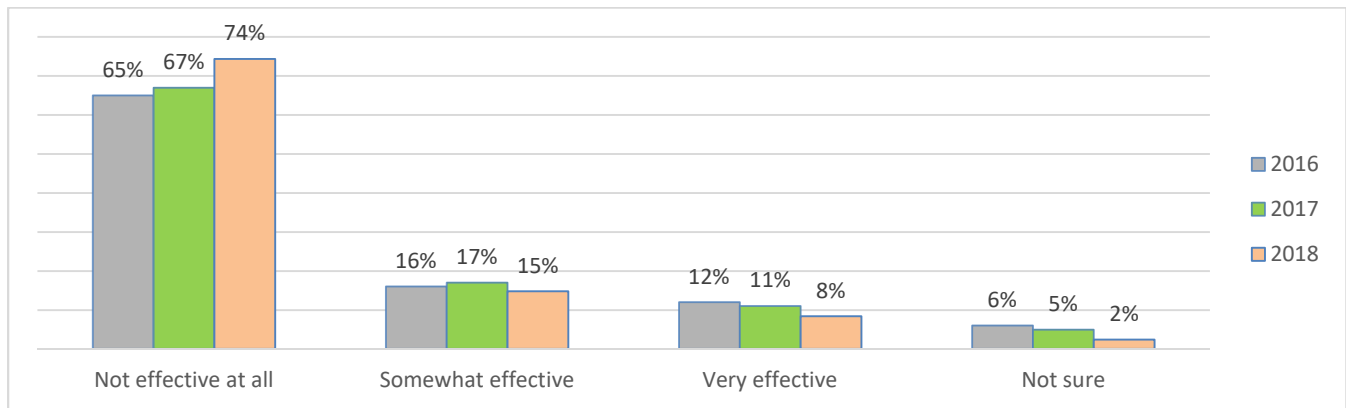

## JULY 2018 SURVEY

### Headline questions

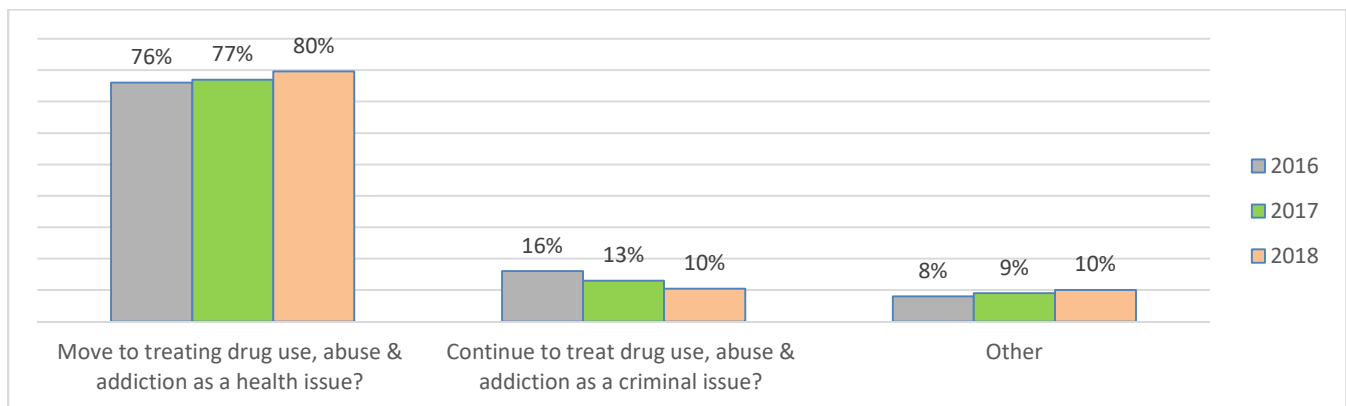

In this section we cover the headline questions; these reflect peoples overall view on the islands current drugs policy in respect of:

- Addiction prevention
- Preference to treating drug use as a criminal or health issue

#### How effective do you believe criminalising drug users is, in respect of preventing addiction?

#### Do you believe Guernsey should:

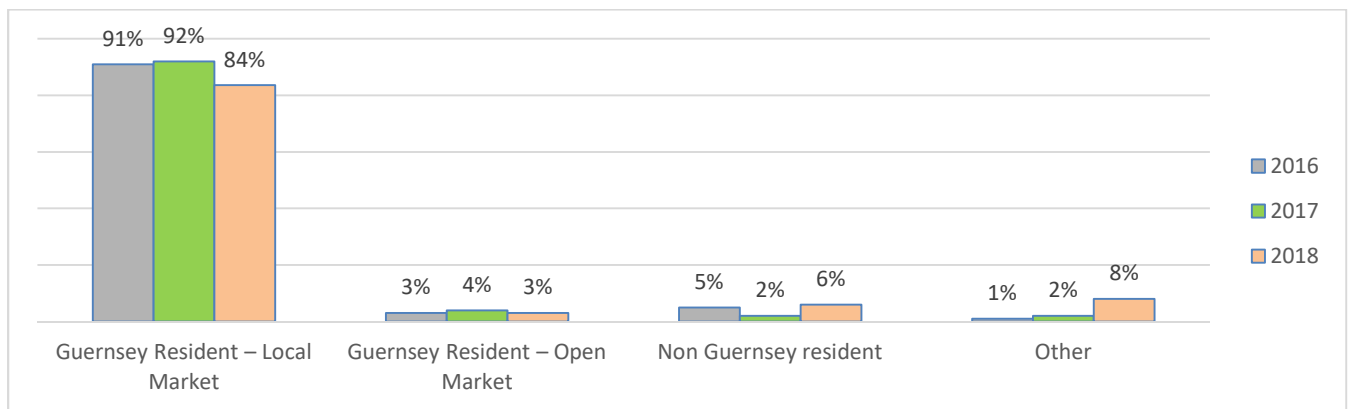

## JULY 2018 SURVEY

## JULY 2018 SURVEY

### Closing notes

- We would like to take this opportunity to thank all participants in providing their input and patience while we analysed the data.
- There was a significant uptake for this survey and we are pleased to be able to provide this data to the public forum. We truly believe this will help with our journey of reshaping our island's drug policies.
- The report received a total of 250 responses.
- If further information is required on this report, or any other related subject, we would ask that you get in touch via our websites contact form – <http://www.gdsc.co.uk>
