

After School Enrichments at Grant

Class Descriptions

Fall 2017

Hip Hop Dance

Grades K-5

"Calling all boys and girls! So you think you can dance? Learn to move and dance like a pop star in this FUN hip-hop dance class! Fun warm-ups, combinations, and exercises will be explored to today's pop song faves! Dancers will also learn full hip hop dance routines which will be performed for families on the last day of the session! Learn rhythm, coordination, and musicality all while having fun and getting fit!"

Register by phone by calling Charlene at [760-522-1442](tel:760-522-1442) or email info@charlenesdance.com for more information. 10 weeks = \$125

Book Arts

Grades 1-8

Come and make a wacky and fun set of your own books. In this class students will create their own books and fill them with poems, picture book stories, cartoons, a novelette, flash fiction, a personal journal and more. We make a new book most weeks and it is an opportunity for your student to put their writing skills to use in a supportive and creative environment. Each class is built around a unique theme which supports the student as a writer as well as in their large life.

Register Christine: 619-665-1264 or at www.OpenMindsLearnBest.com 10 weeks = \$159

Beginning Spanish

Grades K-5

This is an immersion-style language class that allows students to have fun while working together to successfully build their Spanish language skills. We work hard to make language learning fun and use games, art, toys, song, movement and food to bring the lessons to life in a way that engages and reinforces the lesson at hand. Our instructors are all excellent Spanish speakers as well as skilled at teaching children in a fun and caring environment. Price includes all curriculum and all necessary materials for the class.

Youth Coding: Video Game Design for Minecraft (Levels 1 & 2)

Grades 3-8

Our most highly acclaimed after-school program is back for beginning and advanced students! At ThoughtSTEM, we believe technology is an essential component to every child's education. In our Video Game Design for Minecraft class, we teach students critical computer science skills so that students can re-program their favorite video game (Minecraft!), but more importantly students learn the concepts they need in any programming language! Because students use a Minecraft Modding Studio called Vox-L in class, students will spend all of class [learning how to code](#) and not just playing Minecraft! We give students the tools they need to re-program Minecraft at home using a free 1-year subscription to LearnToMod.!

Tutoring and Homework Help by Open Minds

Grades K-8

Open Minds is helping students with homework and skill building every day in our after school program or one-on-one at our studio location in Kensington. We work to make homework and basic skill building a creative and engaging time while also getting the work done and helping the student to build effective time management and study habits over time. School success is a web of strategies that every student can learn and play to succeed! When tutoring is needed, let us help build these life skills for your child while meeting the day-to-day due dates on homework and reading logs!

Register Christine: 619-665-1264 or at www.OpenMindsLearnBest.com 10 weeks = \$159

Art to Heart

Grades K-8

My art classes for children are meant for producing creative pieces, but also learning basic fundamentals in art. I have a degree in Studio Art and Illustration. With this, and my love for children, I hope to engage them in creative thinking that will be used in all aspects of life. We will generally produce a piece each session, with the exception of some bigger projects. I work in mixed media, pencil, all paint, charcoal, pastels, and wood. All materials are included in price.

You may contact me at Sarah@arttoheart.gallery or [619-302-6484](tel:619-302-6484) to register. 6 weeks = \$125

Mountain Lake Chess Club

Grades K-8

Chess is a great workout for mathematical muscles. It's problem solving. Students learn to think ahead, evaluate multiple alternatives and anticipate consequences. They improve spatial reasoning, visual memory and attention span while learning good judgment, reasoning power and self-confidence.

The program, dubbed "The Evans Method" by the United States Chess Federation, includes instruction, formal and casual play and a team event on a giant, Harry Potter like chess set. Students receive prizes at the end of each class to reward participation and trophies at the end of each session.

Soccer by Soccer kids America

Grades TK-8

Our soccer class provides a great opportunity for kids to learn the basic skills of the game or improve in their current skill level. Kids will have fun participating in drills and games with our coaches who specialize in positive and motivational instruction. Kids should wear athletic clothes and shoes and bring a bottle of water to class each day. All class participants receive a free soccer shirt.

Storybook Musical Theater and Dance

Casting all boys and girls! Students will explore fun drama exercises/games, dance movement for musical theater and an introduction to singing. Students will learn songs, acting lines/parts, and dance choreography from the Wizard of Oz for an end of session abridged play! Costumes to borrow included!

Register: by phone (Charlene) @ 760-522-1442 or email info@charlenedance.com website: www.charlenedance.com 10 weeks = \$125

Clay Munchkins

Grades TK-4

San Diego based Clay Munchkins' objective is to guide children in the "hands-on" approach to create whimsical zoomorphic creatures out of natural clay. Students explore different techniques such as pinch, coil and slab-building with non-toxic lead free glazes. All of the work is fired in a kiln twice. Projects include animals from ants to zebras to bears and dinosaurs and every creature in between. Clay classes help build self-esteem and push your child's imagination. They benefit the emotional, creative, intellectual and physical development of young children. The ceramic keepsakes are treasures for years to come.

Register: <http://claymunchkins.com> 4 weeks= \$125

Rhythm & Drums

Class Description: Elite music training for your child. Experience the unique method pioneered by music education visionary, Curtis Madigan. Fusing rhythm with mathematics, music is clarified and simplified. Hand-percussion is the perfect foundation and starting place for learning music. Mr. Madigan's curriculum develops the whole child, emphasizing character values and strengthening learning capacity with strategic and fun games. Workbook and materials included. There will be a performance the final day. Our teachers have degrees, Masters degrees, and even Ph.Ds in music.
