### **“Changing Lives and Making a Difference”**

#### **OUR MISSION PURPOSE**

Our mission is to spread and promote the Gospel of Jesus Christ by empowering individuals through encouragement and motivation. We are here to serve with love and compassion. We continue to impact, empower, influence, inspire and instill within people the desire to fulfill their potential in life and destiny.

Our mission is to bring about holistic healing to the body, mind and spirit in our community. We are dedicated and committed to providing services to the community, churches and organizations. We will continue to play a strategic role in the execution of our vision and mission as outlined. We provide a healthy environment for those we serve without discrimination or partiality.

We will continue to pursue every opportunity to create a full range of charitable, educational, religious activities, prevention and intervention programs. In addition, we take an active role in partnering with faith-based programs, private organizations and businesses to help provide humanitarian needs and services.

We are dedicated to assisting local churches in the re-development of their own outreach ministries, which respond to the holistic needs of the people that they serve. These services will provide opportunities for people to make a healthier adjustment to their families, communities and in their relationship with God.

Our outreach ministry works cooperatively with others of mutual purpose in accomplishing the task before us. We believe that it takes “Team Work to make the Dream Work.”
