### voice-activated vacuum cleaners

Those with limited mobility may find it difficult to keep their homes clean. The LG ThinQ Vacuum Cleaner is one of the most popular voice-activated vacuum cleaners available today. It offers a range of convenient features that not only make cleaning a breeze but make keeping a cleaning schedule easy. Whether it be performing pre-set cleaning patterns or accomplishing spot cleaning on command, this robot vacuum has got you covered.

The LG ThinQ® app, available for Android or iOS, pairs flawlessly with smart vacuum cleaners letting one control them all from a smartphone. The state-of-the-art LG ThinQ® products work with the Google Assistant on devices like Google Home, and Amazon Echo, too, so one can control home appliances with the sound of voice
