

Did You Know?

The **ARC Emergency Communications Service** ham radio club
meets in this building on the first Tuesday of every month at 7:45pm!

For over 50 years, the ARCECS has served the American Red Cross with emergency radio
communications. From Katrina to Haiti, from 9/11 to Sandy, we're on the air *when all else fails.*

The ARCECS also provides radio comms for several fun public service events, which serve as
field drills for real communications emergencies.

We have decades of experience in amateur radio and *we welcome new members!*

Join the incredible *new era of Ham Radio!*

Our technology is amazing, our capabilities are astounding and we'll help you earn your FCC License
and teach you how to operate your ham radio gear from soup to nuts.

And, like all modern electronics, the cost to get into ham radio has plummeted.

So get off the grid. Become independent of cellular overloads, internet and power outages.

Extend the reach of your voice worldwide.

Hams even use digital, video, satellite and email *without* a local internet connection!

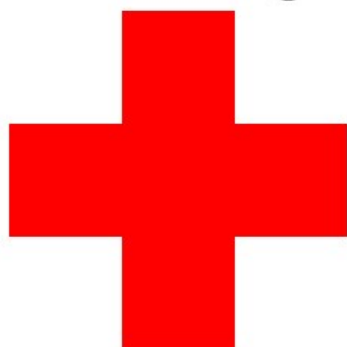

Where else can you do all that while you

Expand Your Capabilities for the American Red Cross!
