Consent for Therapeutic Services via Telehealth

This document is intended to provide you with important information regarding the practices, policies, and procedures of Building Bridges Therapy Center when providing therapy services via Telehealth.

Introduction

Telehealth involves the use of electronic communications to enable health care providers at different locations to share individual Patient health information for the purpose of improving Patient care. Providers of therapeutic services may include Speech-Language Pathologists, Occupational Therapists, Physical Therapists, Music Therapist and/or Psychologists. The information may be used for therapy, follow-up and/or education, and may include any of the following:

- Patient medical records
- Photographs
- Live two-way audio and video
- Telephonic communication
- Output data from health applications, sound and video files

Electronic systems used will incorporate network and software security protocols to protect the confidentiality of Patient identification and imaging data and will include measures to safeguard the data and to ensure its integrity against intentional or unintentional corruption.

Real-time Videoconferencing Telehealth

Real-time video conferencing consists of face-to-face provider and patient interactions that occur in real-time via two-way video and audio interactions.

Video Store-and-forward Telehealth

Video store-and-forward includes transmission of video and audio interaction to a provider at another site. As part of our service model, we may review videos of your child to evaluate progress and response to treatment. Videos will be stored in a secured manner consistent with our HIPPA policies.

Expected Benefits:

- Improved access to therapeutic services by enabling the client and family to remain in home

Possible Risks: As with any medical, behavioral or therapeutic health treatment, there are potential risks associated with the use of telehealth. These risks include, but may not be limited to:

- In rare cases, information transmitted may not be sufficient to allow for appropriate clinical decision making by the therapist
- Delays in treatment could occur due to deficiencies or failures of the equipment used for telehealth
- In rare instances, security protocols could fail, causing a breach of privacy of personal health information

Patient Consent to The Use of Telehealth

I have read and understand the information provided above regarding telehealth, have discussed it with my clinician, and all of my questions have been answered to my satisfaction. I hereby give my informed consent for the use of telehealth in my health care:

- Real-time videoconferencing telehealth
- Video store-and-forward telehealth

By signing this form, I understand the following:

1. I understand that an adult (e.g., parent/caregiver or other guardian) must be present during all telehealth sessions in case of an emergency.
2. I understand that the laws that protect privacy and the confidentiality of medical (including therapeutic health) information also apply to telehealth, and that no information obtained in the use of telehealth which identifies me will be disclosed to any third party without my consent, except when required under law.
3. I understand that I have the right to withhold or withdraw my consent to the use of telehealth in the course of my care at any time, without affecting my right to future care or treatment.
4. I understand that I have the right to inspect all information obtained and recorded in the course of a telehealth interaction.
5. I understand that telehealth may involve electronic communication of my personal health information to other practitioners who may be located in other areas.
6. I understand that I may expect the anticipated benefits from the use of telehealth in my care, but that no results can be guaranteed or assured.

I hereby authorize Building Bridges Therapy Center to use telehealth in the course of Speech Therapy, Occupational Therapy, Physical Therapy, Music Therapy, or Psychotherapy as deemed appropriate.

This policy has been fully explained to me, and I fully and freely give my consent and permission for my dependent.

PAYMENT POLICY

Thank you for choosing Building Bridges Therapy Center...we welcome you to our clinic. Our goal, first and foremost, is to provide you with the highest quality care. Following is our payment policy, which enables us to best focus our resources on providing services. Please review carefully, and return a signed copy prior to your first therapy session.

1. Each client is solely and individually responsible for all fees for services provided. It is up to the client to determine if therapy is a covered benefit under his or her particular plan. Clients' contracts with their insurance company are agreements between the clients and insurance company, and we are not a party to it. We urge clients to check the particulars of their policy prior to beginning treatment.
2. In the event that an outside organization or agency fails to provide the planned payment for your services for any reason, the client is solely and individually responsible for all fees for services provided.
3. Each client must establish a weekly or monthly payment schedule. Bills are sent at the end of each month. Note that certain programs may have an established payment schedule; if this is the case, clients will be informed of the applicable payment schedule.
4. All initial evaluations are to be paid on the date of service.
5. Payment can be made by cash, check or credit card. Payments can be made directly at the front office or left in the locked payment drop box through the window to the front office.
6. Please note that there is an Attendance policy (enclosed). Under this policy, if a client is a no show / late cancellation, the client may be charged 50% of the scheduled therapy fee to compensate the therapist for preparation and wait time. In situations of an emergency or illness, the above fee will not apply. If a client is late for a therapy session, the client is responsible for the fee for the entire scheduled session.
7. Prior to the last scheduled day of services, accounts must be paid in full or an alternate payment plan must be established.
8. In situations of divorce, separation, or other situations of shared custody, the adult who signs this policy shall be responsible in full for payment.
9. I agree, in order for Building Bridges Therapy Center to service my account or to collect any amounts that are due, Building Bridges Therapy Center and debt collection service providers may contact me by telephone at any telephone number or email address associated with my account.
10. In the event that: (a) no payment is made by a client receiving ongoing services for over sixty (60) days, or (b) that an account is not paid in full by the last day of services, Building Bridges Therapy Center reserves the right to assess a 2.0% late penalty per month from the last date of zero balance until the account is paid in full. This charge is to offset the cost and efforts required for collection of extremely delinquent accounts and to encourage timely payment of accounts.
11. The terms of this payment policy apply for all services currently being provided to as well as any future services provided by our clinic.
12. Building Bridges Therapy Center reserves the right to modify or replace this policy at any point in the future. Clients will be notified of any such changes.

We recognize that therapy services, while often essential to your child's development, are costly. If the financial considerations are prohibitive, please speak with Lauren Macuga to see if you are eligible for alternative arrangements. It is our desire to provide services to all who would benefit from them.

I have read this policy and consent to its terms and provisions. I agree to pay for services on a weekly/monthly schedule, or according to any established payment plan that may be applicable. I understand that I am directly responsible for payment for services, and that it is my responsibility to submit any claims to my insurance company for reimbursement.

SOCIAL MEDIA PRACTICES

This document outlines the office policies of Building Bridges Therapy Center (BBTC) related to use of Social Media. If you have any questions about anything within this document, we encourage you to bring them up when we meet. As new technology develops and the Internet changes, there may be times when we need to update this policy. If this occurs, you will be notified in writing.

Friending

BBTC and its associates do not accept friend or contact requests from current or former clients on any social networking site (Facebook, LinkedIn, etc). We believe that adding clients as friends or contacts on these sites can compromise your confidentiality and possibly blur the boundaries of the therapeutic relationship.

Interacting

Please do not use messaging on Social Networking sites such as Twitter, Facebook, or LinkedIn to contact associates of BBTC. Engaging in this way could compromise your confidentiality. It may also create the possibility that these exchanges become a part of your legal medical record and will need to be documented and archived in your chart.

Use of Search Engines

It is NOT a regular part of our practice to search for clients on Google or Facebook or other search engines. Extremely rare exceptions *may* be made in the event that your safety is of concern.

Business Review Sites

You may find BBTC or its clinicians listed on sites such as Yelp, Healthgrades, Yahoo Local, Bing, or other places which list businesses. Please know that any listing is NOT a request for a testimonial, rating, or endorsement from you as a client.

If you do choose to write something on a business review site, we hope you will keep in mind that you may be sharing personally revealing information in a public forum. Creating a pseudonym that is not linked to your regular email address or friend networks may protect your own privacy and protection.

If you feel that an associate of BBTC has done something harmful or unethical and you do not feel comfortable discussing it with your clinician, you can always contact the Board of Psychology, which oversees licensing, and they will review the services provided.
