## TORAH STUDIES

### **Bereshith (In the beginning)**

**Genesis: 1 st chapter – 6 th chapter: 8**

### **Questions**

- 1 Do you believe that Adam was created to live forever?
- 2 Read Genesis 4:3-7. Do you believe that you can control your sinful actions?
- 3 What do you believe make people living beings: the breath of G-D, the blood in their veins, or both?
- 4 What is the major purpose of the luminaries or lights that the Almighty created?
- 5 What were Abel and Cain's occupations? Who would you say had the toughest responsibilities while performing their job? Please explain your answer.
- 6 According to this Torah portion one river flows' out of Eden. This river then separates into four different sub-rivers. Name the four rivers and give the meaning of their names.
- 7 What was the original diet for all living creatures?
- 8 The Tree of Life and the Tree of the Knowledge of Good and Evil, are they the same tree?
- 9 Were Adam and Eve prohibited from eating from the Tree of Life prior to their eviction from the garden?
- 10 Regarding the forbidden fruit was Adam punished because he obeyed the voice of his wife?
- 11 After Eve and Adam ate a fruit from the Tree of Knowledge who did the Almighty confront first about this transgression?

12 After Eve and Adam ate fruit from the tree of knowledge the Torah states that their eyes were opened. Is this statement to be taken metaphorically or factually?

13 According to Genesis 4: 26, men on earth called the Almighty by His Holy name, are you surprised or not surprised that they knew the Almighty's holy name?

14 Read Genesis 2:23-24. According to this Torah reading who made the statement "Therefore shall a man leave his father and mother, and shall cleave unto his wife, and they shall be one flesh."

15 Based on information found in this Torah reading where do you believe Eden is located on the Earth? Also, based on this same information where do you believe the garden is located in Eden?

16 Do you believe the Garden of Eden is still on the earth, why or why not?

17 In this Torah reading it is recorded that some people lived to be 500, 600, 700 years and older. However, as time went on humans began to live much shorter lives. Why do you believe the lives of humans have been drastically shortened?

18 Who named the fish and other creatures of the oceans and seas? Also, what is a Cherub?

19 Read Genesis 3:8, particularly the first half of the passage. Do you believe that this event occurred literally or was it a metaphorical message? Please explain your answer.

### **After Reading the Torah Reading**

1 What is the major theme in this Torah reading?

2 What did you learn after reading this Torah reading?

### **Let Us Reason Together**

According to the Torah Adam was the first human created by the Almighty. However, there is no definite description of the physique or personal features of Adam in the Torah. What is recorded is that he was formed from the dust of the earth. Give your opinion of what you believe may have been the physical and personal appearance of Adam (For example; his height, his eye color and his hair texture.)

### **Deductive Analysis**

After Adam and Eve ate the forbidden fruit from the Tree of Good and Evil, they were banished from the garden located in Eden. To ensure that Adam and Eve would not re-enter the garden and specially to prevent the couple from eating from the Tree of Life G-D placed Cherubim at the eastern side of the garden.

Question, where more than likely was the entrance to the garden located: the western side, the eastern side, the southern side, or the northern side?

## What Would You Do?

What if the Almighty allowed you to possess one thing in abundance? Which of these items would you select?

Would you select: abundance of financial wealth, abundance of wisdom and knowledge, abundance of good health, abundance of friends, or an abundance of years of life (longevity of life)? explain your choice.
