Remote Resort

A unique and personal island getaway on Fiji's pure Rainbow Reef where adventure, luxury and authentically-Fijian gourmet experiences mingle.

Unrivaled location for escape and off-the-beaten-path experiences

Set on 64-acres of private peninsula on the northern Fijian island of Vanua Levu, The Remote Resort puts the wonders of the Rainbow Reef right on your doorstep. Its spacious and private villas, expansive white sandy beach and personalized off-the-beaten-path experiences, make this the ultimate South Pacific escape.

What's more, with a one hour direct flight from Fiji's international airport (Nadi) to Taveuni or Savusavu, The Remote Resort is closer than you think.

Harmonious architecture & stylish interiors

The Remote Resort's design is the vision of hotelier Dan Dimmock. His philosophy was to create a luxurious, modern-Fijian retreat that blends seamlessly into it's surrounds while drawing the outside sea breezes, turquoise views and the sounds of lapping waves in.

Set amongst terracotta coconut palms, each of the four spacious villas enjoy unobstructed ocean views and have been handcrafted from vesi and raintree timber milled on-site.

Oceanfront Pool Villas

The Oceanfront Pool Villas boast a private sundeck with plunge pool and oversized daybed. Interiors feature luxurious king size beds, crisp white linen and Bose stereo. Architectural twists include plunge pools created out of round concrete culverts and large outdoor open-air showers. The bathrooms open to mountain side jungle and volcanic rocks providing a tropical twist on your daily shave.

Two-bedroom Oceanfront Pool Villa

The Two-bedroom villa is perched steps from the ocean. In addition to a spacious deck with several gathering areas and private plunge pool, the two-bedroom villa was designed for a family or couples to share with a kitchen and lounge for Chef-prepared private dining.

Signature experiences

The Rainbow Reef region features world-class colorful soft coral reefs, pristine waterfalls, remote tropical villages and Fiji's most bountiful soil and ocean. These natural wonders are the ingredients for our daily signature experiences that will make your stay unforgettable.

Hike to an untouched waterfall behind a remote village, kayak down a tropical freshwater creek with abundant fruit trees on the banks, immerse into village life with the local Women's Club Meke (dance), go behind the scenes at a pearl farm or cruise to Viani Bay for a private beach picnic. You may also enjoy a personal Chef's cooking class or a spot of fishing. Then again, you may not leave the plunge pool on your private deck and simply call for room service and an invilla massage.

World-class Diving and Snorkeling

The Rainbow Reef is the soft coral capital of the world so if exploring the world beneath the waves is your thing you're in for a special treat. Both the Rainbow Reef and White Wall are known to be on any hobby divers bucket list. Professional PADI instructors and fully-equipped boats with all the dive and snorkel gear you need are at your disposal.

Fresh Fijian dining

Our talented chef will awaken your tastebuds through a menu of fresh and flavorful food, created exclusively for you. Our approach is to understand your dining preferences in advance and then tailor our daily offerings accordingly. Dining here is a moveable feast with a variety of dining locations.

An all-inclusive experience

Our goal is to help you unplug so we've designed the ultimate all-inclusive experience with all the little things taken care of:

- A spacious oceanfront pool villa
- All gourmet meals
- All non-alcoholic beverages
- Evening cocktail & hor d'ourves
- Daily signature experiences and excursions
- Return transfers from Taveuni or Savusavu
- Fiji government taxes (20%)
