DESCRIPTION: The Short Hornet was Blackhawk's high-end hunting bow. The 1968 Short Hornet was priced 7% higher than the 68 Bear Kodiak Magnum. Great looking and performing recurve. Comfortable grip. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No chips, dings or cracks. No crazing or stress cracks. There is one filled screw hole on the back of the bow just above the arrow shelf (see last pic). A few minor scratches and nicks here and there. Decal is in excellent condition. Overall, this is a really nice bow in excellent condition for its age
