

Languages

At Synergy languages form a central part of the school. With students from around the world embracing different languages and cultures is very important to us all. We encourage all students to continue a programme of study in their first language. As we are based in Spain it is essential that all our students learn Spanish and we encourage them to become fluent within a year.

Our language courses are designed to run over three-years from Years 7 to 9. All learning supports the study of both subjects at **IGCSE** and **A-Level**. They are also an essential part of obtaining a scholarship for the USA or for completing the International Baccalaureate.

Topics studied include

Home and Abroad	The Modern World
Education and Employment	The Environment
House and Home	Social Activities
Daily Routines	Fitness and Health

Our Ethos

They are taught by fully qualified First Language teachers. Due to the nature of our school we are able to cater for the very individual needs of our students. They can work at a pace that suits them and in the knowledge that they are making progress. We record progress daily, give feedback on targets daily and our online learning system also gives immediate feedback. Students' progress through units of work according to their own abilities. Class sizes of 8 or less ensure that learning is challenging, relevant, progressive and most of all fully supported. With all students able to receive individual attention each and every lesson. The modules fully prepare students for the challenges at both **IGCSE and A-Level**.

Students receive immediate feedback on all tasks and it is our belief the immediacy of this information works as a tool for encouragement, focus and progress supporting each student's individual learning journey.
