Bob Lewis

Current:

I am a Realtor with a practice focused in the areas of Residential, Land and Commercial Land. Also, I am the Lead Realtor for RE/MAX Compass Commercial Partners.

Work History:

I have over 35 years of executive management experience. Positions include Director of Sales for a large broadcast radio group as well as a Regional Vice President for a large national retail chain operating multi-state regions from California to Boston. My experience includes line item overall operational authority for cost related to and including forecasting budgets, sales (revenue) as well as lease negotiations and common area maintenance expenditures.

I have also been a timeshare owner at Marriott Desert Springs Villas in Palm Desert California since 1991. This property is 30 years old as well and with an active Board of Directors has maintained its 5 Star Rating.

Summary:

Having been a Trustee, I understand the obligation that the Board of Directors represents. I believe my experience will continue to serve the homeowner's of Lakewood Forest in many areas. My goal, with the Board, is to continue to improve the common area grounds, including renovation of the perimeter walls while containing costs associated with a property which is over 30 years old. In addition, I want to continue to focus and improve safety by Directed Police Patrols on the interior of Lakewood Forest, not just the surrounding thoroughfares.

I would like to offer my experience to the Lakewood Forest Fund.
