Dayna Steele

Author of

Surviving Alzheimer's with Friends, Facebook, and a Really Big Glass of Wine

With unfiltered observations and sometimes dark humor, Dayna Steele chronicled her mother's journey with Alzheimer's on Facebook. This collection of Alzheimer's updates posted on the social media network include biting humor and raw emotions as Dayna carries you from the diagnosis to the inevitable end. This is a journey way too many of us are going to experience in one way or another.

Dayna has been on a microphone and a stage for the majority of her life. She worked with the world's greatest rock stars as a Hall of Fame rock radio personality and has interviewed everyone from Mick Jagger to Jon Bon Jovi to presidential candidates to astronauts and more. She is a Rock Radio Hall of Famer and a successful entrepreneur. Dayna is also the sister-in-law of our beloved neurologist, Dr. William Justiz.
