

SUN- HVD22C1

Classic Heated Vest

It's perfect for both cold-weather job site conditions faced by contractors, electricians, plumbers, and more as well as outdoor sports activities such as hunting, fishing, skiing, or tailgating at the big game. Adjustment knob design, offering a stylish performance fit that provides maximum flexibility and comfort. This multi-layered soft-shell, high quality feathery filling vest and inner STATWARN thermal heat reflective lining features, four carbon fiber heating zones that are sewn into the fabric to distribute heat to core body areas. The water- and wind-resistant vest has three heat settings for varying heat needs, which can be set to high, medium, or low with a simple touch of a button.
