

Mayor's Report

Robert Fiala
Mayor/Safety Director

Thus far, summer in Willoughby has been great! We are impressed with the resilience of our residents and businesses and in talking to community members there is a general feeling of normalcy as we settle back into our pre-COVID routines. Merchants are seeing increased sales and bars and restaurants report better revenues than before the pandemic. In all, our community successfully endured a 14-month life pause and have started enjoying the many things our City offers.

Our economic development team is actively pursuing new businesses to Willoughby and are happy to announce the grand opening of Swenson's at Rte. 91 and Euclid Ave., Barktown and Chelle's Paw Spa the former Traveline Building, and Sage Karma Kitchen in the former Nickelby's. We are also looking forward to upcoming openings in our historic

Be Prepared for National Zucchini Day!

By Maureen Gregory

Here in the United States we love our national holidays. The gathering of family and friends for a shared meal, fun and games, as well as spirited conversation, is an American tradition. Now there is another holiday to add to your calendar – August 8th is National Zucchini Day! It is a day to honor this versatile vegetable and all the delicious dishes we can make with it. As a close relative of the cucumber and the melon, it is a type of squash that was introduced into this country by Italian immigrants in the 1920's. Since then, it has become a mainstay in kitchens of every ethnic background.

When purchasing your zucchini at the Willoughby Outdoor Market, they should be heavy for their size and firm to the touch. The darker the skin, the more nutrients they have. They can be stored in a plastic bag in the fridge and are best if used within two to three days. Zucchini can be prepared using a variety of cooking techniques, including steamed,

boiled, grilled, stuffed, baked, fried (and deep-fried) or incorporated into other recipes such as bread, frittata, muffins, ratatouille and minestrone. They can also be cut with a spiralizer to make "zoodles" that can act as a pasta substitute for low-carb recipes. Zucchini can be eaten raw when you slice or shred it into a salad.

A few fun facts about zucchini:
1. They are made up of 95% water.
2. One zucchini is actually called a zucchini.
3. One zucchini has only 25 calories.
4. Zucchini has more potassium than a banana.
5. The Guinness Book of World Records lists the largest known zucchini as over eight feet long and was grown in Niagara Falls, Ontario in 2014. If you want to get serious about celebrating zucchini, you can attend ZucchiniFest in Obetz, Ohio (near Columbus) on September 3rd through September 6th and enjoy such festivities as the zucchini parade and the crowning of the "Zucchini Queen." You can wash down all those favorite fair foods with a special zucchini craft

beer offered by BrewDog. Only in America!

The Willoughby Outdoor Market is brought to you by Heart of Willoughby ("HOW"), a non-profit group of volunteers with a mission of maintaining and improving the downtown Willoughby area since 1979. It is Lake County's longest running market and is held every Saturday morning from May through October (rain or shine) at 1 Public Square, more commonly known as City Hall parking lot. You can learn more about HOW on their web-site at heartofwilloughby.com and on Facebook at [HeartofWilloughby](https://www.facebook.com/HeartofWilloughby) and [WilloughbyOutdoorMarket](https://www.facebook.com/WilloughbyOutdoorMarket).

Join your neighbors and friends in the community at the Willoughby Outdoor Market. When you make a habit of shopping at the Market every week, you will reap the benefits of fresh, local and hand-made goods, as well as exercise, fresh air and conversation. And you will find all the zucchini you will need to be ready for National Zucchini Day!

Join the Last Stop Willoughby Parade - Saturday, August 14th

Have you always wanted to be in a parade? Do you have a great idea for a parade float or decorated

bicycle? Does your sports team, business or neighbors want to spend a fun afternoon marching as

a group?

If you answered YES to any of these questions, then Last Stop Willoughby is looking for you. You can be part of the Last Stop Willoughby parade on Saturday, August 14, 2021. You might

even win a trophy or cash prizes of \$300, \$200 and \$100 for the winning 1st, 2nd and 3rd place floats. Cash prizes of \$75, \$50 and \$25 will be awarded for the winning 1st, 2nd and 3rd place decorated bicycles.

downtown including Mickey's, an ice cream and hot dog shop on Third Street, and The Sweets Geek, who features gluten free bakery located next to Kleifeld's. The Chagrin River Pub continues to do well, and we are anticipating the start of construction of The Standard residential development in our Lakefront District. In all, Willoughby is still a vibrant and thriving city.

We are very happy to announce the City has been awarded a \$200,000 grant by the ODNR for the design and engineering of a reimagined Osborne Park lakefront including erosion repairs

and mitigation. This is a critical first step in making our lakefront accessible and enjoyable. The Smith Group, a design consultant with a national reputation for coastal engineering, has been retained for this important work. We are planning a community meeting at the Osborne Park this fall to discuss plans for the park. Please check our website for the date and time of this meeting.

We have been approached by two teams interested in the development of the former Union High School, and over the past weeks the administration and

council have been vetting their proposals. We are hopeful to have a team identified in August. This is an important project that will see the renovation of a neglected, but significant Willoughby asset that will create a gateway to our downtown.

Finally, as we near the end of summer vacation, we ask you help us maintain our parks and fields. Please keep your dogs leashed and pick up after your pets. Also, please use garbage cans for all refuse and report any suspicious activity at our parks. Our goal is to keep our parks clean, safe, and fun.

Lakeland Distributes Another Round of Emergency Funding to Students

Lakeland Community College will distribute another round of emergency grants to eligible students. As of July 7, 2021, over \$2.8 million has already been given directly to Lakeland students to help defray costs associated with college.

The funding comes via the Higher Education Emergency Relief Fund (HEERF) that provides COVID-19 relief to students under the Coronavirus Response and Relief Supplemental Appropriations Act and the American Rescue

Plan. Students may use the grant toward the cost of attendance, or for emergency costs that they've incurred due to coronavirus, such as tuition, food, housing, medical and mental health care, technology or child care.

The grants are available to all enrolled students (excluding College Credit Plus). Students do not need to be a financial aid recipient to receive assistance but are encouraged to complete the 2021-2022 Free Application for Federal Student Aid (FAFSA) to determine eligibility for additional federal, state and local funding opportunities.

Lakeland first distributed emergency grant funds in May 2020 through the Coronavirus Aid, Relief and Economic Security (CARES)

Act specifically intended to provide emergency financial aid grants to students. Many who rely on campus resources such as computer labs, Wi-Fi, food pantry, child care, etc., unexpectedly had additional costs in order to continue the semester entirely online.

The application for fall semester grants will be available Aug. 2, 2021. Lakeland's fall semester classes begin Aug. 21.

For more information about HEERF and to apply, visit <https://lakelandcc.edu/web/about/stimulus-grants-heerf>

“ We want a quality education for our daughter, but don't want her to graduate college with a mountain of debt. ”

THIS IS YOUR HOW

With tuition that is one-third the cost of four-year public universities and credits guaranteed to transfer through the Ohio Transfer Promise, Lakeland is the smart choice for high school seniors looking to earn their general education credits cost effectively. Parents can feel confident in the quality of a Lakeland education. Lakeland ranked one of the top 50 best community colleges in the nation, and also ranked number one in Ohio and two in the nation for students reaching their educational goals.

Bankruptcy 101:

The Miracle of Bankruptcy

Bankruptcy is the most affordable, fastest working, constitutionally backed legal mechanism available for Americans in financial trouble. Most importantly, bankruptcy offers powerful protections to people that cannot be had in any other way. Some of those protections are as follows:

1.) Protection of Assets: Once a bankruptcy is filed the Court protects many assets from being taken. It also prevents garnishment of wages. In almost all cases we are able to keep a person in their home, keep their cars, and all of their personal belongings to name just a few of the benefits.

2.) Protection from Creditors: Once your bankruptcy is filed, you receive a legal protection called an Automatic Stay. This

“stay” prevents creditors and debt collectors from making contact with or trying to collect money from you. The automatic stay will stop foreclosure, lawsuits, wage garnishments, vehicle repossession, utility shut off, license suspensions for uninsured accident damage to another motor vehicle and more.

3.) Discharge of Debt: Upon completion of the bankruptcy your debt is eliminated and does not ever have to be paid back.

4.) Time to catch up on Payment: In many cases bankruptcy filers get a chance to catch up on payments that are overdue on your home, car, or other assets.

5.) Re-build Your Credit: Bankruptcy clears up and resolves your debt, judgments, delinquencies, foreclosure and other bad marks on your credit rating and gives you a “fresh

slate” upon which to re-build your credit. It also prevents creditors from coming after you years down the line for debts that are labeled “write offs” or “charge offs” by the bank on your credit report but that, unknown to most, are still collectible.

6.) It Works Fast: We are able to stop creditor harassment, lawsuits, foreclosures, garnishments, repossessions and a whole lot of other problems FAST with bankruptcy. Bankruptcy is not like applying for a bank loan. It moves fast. The protections discussed can be used the same day we file. Some of these protections like stopping harassing phone calls are available immediately upon

giving us money down for representation.

Bankruptcy is about having peace of mind and relief now but it is also about financial planning for the future. It is about re-establishing credit, keeping the lion’s share of your property and resolving all of your current debt and bad marks on your record so that you will be in good financial standing in a few years. It is about a fresh start in life. Everyone deserves a fresh start.

Even though a bankruptcy is technically public record, the fact that you are filing bankruptcy will only be known by a few people who you probably will never even come in contact with- let alone know. It is not published

in the local newspapers. The truth is that no one really cares whether you file bankruptcy anyway. They are too concerned with their own problems.

You do not need to live in fear of debt collectors, lawsuits, losing your home or any of the other dreaded consequences of financial problems. You do not have deal with the unbearable anxiety of financial stress. We can cure your debt problems.

Delchin Law offers to start bankruptcy protection and stop bill collector harassment for only three hundred dollars down. If you think Bankruptcy might be able to help you, please call us for a free, confidential, no obligation consultation.

The St. Justin Martyr Church Festival will be held on August 22 at the Italian American Club at 29717 Euclid Ave in Wickliffe.

This year's festival brings some changes to our annual festival. We are only having a one-day festival and are moving from our parish grounds on Stevens Blvd to the I & A Club in Wickliffe.

This year's festival offers a lot of the great events from our previous festivals. We will continue to offer homemade parish food and in addition have added food trucks to supplement our parish food.

We will have a midway set up with kid's games and a fantastic Chinese auction featuring over 100 baskets.

The main raffle has a \$7,500 main prize.

There will be a car cruise starting at 4:00pm till 7:00pm. Goodie bags will be distributed to all cruisers that attend. Entry cost is \$5.00 per car, and no pre-registration is necessary.

We will have outstanding entertainment. The first band to perform is the Rooftop Project who come from Erie Pa. They play POP music and will definitely be a crowd pleaser.

Dave Slavick will be doing solo work on guitar and vocals.

Our main entertainment attraction will be DISCO INFERNO. What more needs to be said about this band. They are awesome.

We hope you can come to our Parish Festival on August 22. There is plenty of covered seating, but you might want to bring a lawn chair. See ad on this page.

TO REPAIR OR REPLACE, THAT IS THE QUESTION?

DeBord's One Hour Heating & Air Conditioning and Benjamin Franklin Plumbing
(Refer to our Ad for More Information & Special Offers!)

Timely HVAC System Replacements and Installations

Regular maintenance and sensible repairs are the keys to longevity for your HVAC system. But ultimately, you are heating, and cooling equipment has an expiration date. So eventually, there will come a time when replacement is the smart option.

If you are building a new home, you will need to install a new HVAC system from scratch. Whether you are replacing an old system or putting one in for the very first time, it takes a lot of work to install a complete HVAC system. Work that is best left to a professional.

Outdated HVAC Systems

Outdated HVAC systems are expensive headaches. They may be old, broken, and wasteful. These issues mean they require frequent repairs and do not perform efficiently. And those problems cost you even more out-of-pocket in energy bills. The following issues are signs that you are heating, and cooling system is outdated.

It's Aged Out

If your HVAC equipment is more

"The Six Wives of Henry VIII"

The Women's Committee of the Fine Arts Association will present "Divorced, Beheaded, Died: Divorced, Beheaded, Survived." The Six Wives of Henry VIII for their Second Wednesday program luncheon September 8, 2021. Be transported to 16th century England. You will be "head over heels" about this presentation as you learn about each of his six wives, as well as King Henry VIII.

All programs begin at 11:00 a.m. at The Fine Arts Assn., 38660 Mentor Avenue, Willoughby followed by the luncheon at noon in the lobby.

The menu is strawberry pecan salad, served with balsamic or blueberry pomegranate vinaigrette dressing, crumbled feta cheese on the side and marinated sliced chicken; cheddar bay biscuits. Dessert is chocolate brownies.

The cost is \$15 a member; \$18 non-member; \$10 for program only (which can be purchased at the door) payable by check or cash. For reservations email: anthonyjanem@yahoo.com or phone: 440-579-5020 by September 3, 2021.

than a decade old, it's probably time for an upgrade. While it may still run, you are not enjoying top efficiency.

Repairs are Too Expensive

Whether your HVAC system needs frequent repairs or you're facing a single expensive fix, it's time to weigh the costs. Are the repairs running you more than half the price of a new system? Replacement is the better option.

Your Indoor Temperatures are Uncomfortable

Is your home always too hot or too cold? Perhaps you are experiencing hot and cold spots throughout the house. These are signs that your system is struggling to do its job. Breakdowns are likely imminent.

The Energy Bills Keep Rising

Old, inefficient heating and cooling equipment leads to energy waste. You will notice higher bills because of this.

You or Family Members are Experiencing More Respiratory Issues

Poor indoor air quality can lead to more colds, sinus issues, and other respiratory problems. This may indicate poor ventilation due to a faulty HVAC system. If you have noticed more than one of these issues, it may be time to replace your HVAC system.

Opting for a smart thermostat is another good choice. You will have more control over your HVAC system at home and away. And programmable features help save on energy without sacrificing comfort. Our installation

professionals are skilled at helping homeowners select just the right HVAC equipment for their unique needs.

Embrace energy efficiency, indoor comfort, and lower utility bills with a modern HVAC system. **Call One Hour Heating & Air Conditioning** to determine what you need. Our knowledgeable technicians will size your house and HVAC requirements to help

you choose a system that will work best for your home.

Taylor Made Home Care

Taylor Made Home Care is a locally owned and operated Non-Medical home care agency located in Mentor, OH.

The past 11 years have shown a lot of growth, but our mission has never changed. Our clients and their families have been and always will be our number one priority.

The past year has brought a lot of changes for everyone. We saw the need for non-medical home care rise. Families wanted to keep their loved one's home...knowing that if they were to go to a facility, they would not be able to see them. +

Our service not only takes care of your loved one, but also helps you, the caregiver. You experience a sense of comfort knowing that your loved one is in good hands. This peace of mind allows you to take a real break so you can relax,

recharge, and refocus.

Our Services: Taylor Made Home Care provides non-medical home care services to seniors, those recovering from surgery, and respite. Our staff is fully committed to providing outstanding care to meet our clients' needs 24/7.

We are custom fit for your in-home needs, there is no "one size fits all" solution. Our complimentary in-home assessment will help create and follow a care plan that supports our clients' needs and preferences.

Our Caregivers: All our caregivers are carefully screened, bonded, and insured so you can trust you are getting the best possible assistance. We conduct a background check on all applicants prior to hire which includes criminal, DMV driving record and sexual offender check. Our staff

receives extra training including courses in HIPPA compliance, detection and prevention of elder abuse, home safety assessments, meal preparation, and Alzheimer's care, just to name a few.

If needed, Taylor Made Home Care also provides services to individuals who may reside in an assisted living facility or nursing home.

"Sometimes a little outside help can make all the difference in the world."

Give Taylor Made Home Care a call and talk about it. 440.946.6446

Plaid Movers - Synergy in Motion

Synergy is basically the concept of 'working together.' Working efficiently through the moving process from start to finish. Listening to our customers, applying organizational skills and good project management to provide best-in-class customer service. Protecting your household goods, with attention to details and applying excellent spacial relationships in packing the truck for efficiency, safety and protection.

We follow all State of Ohio and USDOT rules and regulations for Household Movers. We provide a written estimate as required by State Law. This estimate is a 'not to exceed' price. Your move is based on an hourly rate and it is our hope the charge will be less than the not to exceed price, but never more - no matter what - no surprises.

We have all the required insurances, including: \$2 million in General Liability, \$50k in Cargo Insurance, Truck Insurance and Workers Compensation.

When the Coronavirus hit, it shut down my life long career in Building Design and Construction and Architectural Project Management. Not being ready to retire, I developed Plaid Movers based on the needs of realtor's and their clients. Along with younger, stronger men and women we put together a crew of experienced workers.

Plaid Movers services families, homeowners, landlords, businesses and industries with their moving, packing, cleaning, trash removal, delivery and yes even some landscaping needs. Give Dean a call.

Lakeland Community College students ride free on Local Routes 1-9

There are plenty of expenses to consider when heading off to college, but your transportation doesn't need to be one. Laketrans and Lakeland Community College's longstanding partnership offers college students enrolled at Lakeland Community College and Holden University Center free public transportation Monday-Saturday on Laketrans Local Routes 1-9. Laketrans offers regularly scheduled bus service throughout Lake County with service to Lakeland's main campus on Routes 1, 2, 3, 6, 8 & 9, plus Lakeland's Campus Loop service.

Route 11 from Madison Park-n-Ride provides morning and evening service to Lakeland Community College.

Students commuting from Cuyahoga County receive free transfers from Laketrans to Greater Cleveland RTA.

Students simply swipe their current Lakeland Student ID when boarding the bus to get to get anywhere in Lake County anytime. A Lakeland student ID card can be obtained at the campus library or athletic and fitness center (AFC) by bringing a class schedule and photo ID, such as a driver's license or State of Ohio ID.

Cleveland-based college students get reduced fare on Park-n-Ride

Cleveland State University and other Cleveland-based college students can also ride Laketrans to get to class. College students receive a reduced fare of \$1.50 on Laketrans Park-n-Ride Routes 10-12. Park-n-Ride operates Monday-Friday with 17 daily departures from eight different Lake County locations. Students are required to show a current student ID card when boarding the bus. Students interested in trying Park-n-Ride for the first time can get a free ride pass by visiting laketrans.com/park-n-ride/freeride.

Learn how to ride

To get started on Laketrans, students can plan their trips and track their bus in real-time using Laketrans's mobile app or contact Laketrans's Outreach Specialist at 440-350-1067 for route suggestions.

All students are encouraged to sign-up for Rider Alerts by texting LAKETRAN to 313131 for information on delays or detours.

For more information, contact Laketrans at 440-354-6100 or visit www.laketrans.com.

Getting Started with Medicare - Now offered in person and online

There's so much to learn about Medicare before you enroll. You could spend countless hours talking to friends and visiting various internet sites, or you can attend a comprehensive workshop called **Getting Started with Medicare** where I cover all the basics. Over the past 14 years, hundreds of people have attended this class in person and started off on the 'right foot' with Medicare.

Unfortunately, some community classroom settings are still not up and running limiting my ability to present this class. So, to make it convenient for everyone turning 65 to learn about Medicare, I now offer my **Getting Started with Medicare** class as an online presentation so you can log in from

the privacy of your home to learn all the ins and outs of Medicare.

I cover when and how to enroll, as well as the many differences between Original Medicare, Medicare Advantage Plans, Medicare Supplement Plans and Medicare Part D Prescription Drug Coverage. We go over how to avoid penalties for late enrollment. I will also discuss how you can get coverage for dental, vision, hearing and other services not generally covered by Original Medicare.

To watch **Getting Started with Medicare** online, go to my home page at <http://www.mutskoinsurance.com>. There, you will find the link to the class. You can watch it all at one time or go back to review sections you may

have questions on as often as you like. It's that simple.

For those who prefer to attend an in-person or Zoom session, classes will be held on the following dates and times. Registration is required and is going on now.

Tuesday, August 10
Concord Community Center
 6:00 - 7:30 PM

Outlet Repair Special with Nelson Electric LLC

Ever need an electrician to fix a light switch, outlet, replace a ceiling fan? We do the little jobs that no one else wants to do. We are residential electricians. So what is the difference? General electrical work in Ohio does not require licensing. Specifically, only commercial contractors in Ohio need a license to work. Electrical contractors are licensed by the state and can install, repair, or alter all forms of electrical equipment. In Ohio, you need five years of experience with a licensed electrician before you can apply for an electrical contractor license. There are a few ways that you can gain that experience. You could work as an apprenticeship for a few years, attend trade school and apply for entry-level positions, or simply climb the industry ladder in your local area. Apprenticeships teach you the basics of electrical wiring, equipment usage, and electrical theory.

Residential electrician, take a course offered at several colleges in Ohio and coupled with experience can practice general electrical repairs and replacements in a home. So that is what Nelson Electric

and Air LLC does. We do general repairs and installations in the home. We install ceiling fans, repair lamps, change out light fixtures to new LED fixtures etc. We can update electrical boxes, run a 220 line for your dryer or hot tub. Run wiring for security cameras, install electric heaters in your garage. These are typical jobs that commercial electricians do not want to deal with. We are covered by liability insurance, 500 to a million-dollar coverage. We will provide references upon request. We are respectful of your home and clean up our workspace before we leave.

Have you ever have outlets that after some time, do not hold the plug in? And it slowly slips out? That is the result of the mechanism that squeezes and holds the prongs in the outlet. This is the difference between a cheap outlet and a top-of-the-line outlet. The price difference is \$1.00 to \$1.50. We are running a special on repairing outlets \$120.00 minimum for 1 outlet and \$15.00 every outlet after that.

We have 30 years of experience. We also install Air vending machines that fill car tires. We

typical install these in gas stations and car washes for free and the owner gets 35% of the revenue generated. We collect and maintain and repair these Air machines. The owner has no responsibility and no financial obligation. We think outside the box and we are open to install these machines in any business that thinks they can benefit from them.

Mentor Window Earns Yet Another Angie's List Super Service Award - 9 Years Straight!

Mentor Window has earned the home improvement industry's coveted Angie's List Super Service Award for the 9th year in a row. This award reflects exemplary years of service provided to customers throughout Northeast Ohio, along with honest, fair prices.

Steve Douglas the owner of Mentor Window was asked about how they continue having such success in the home improvement industry. "We have crews that have been with us for decades, and we are very particular about the installers we hire. We won't just hire anyone to catch up if we are backed up a bit, quality is at the top of our list when it comes to workmanship. When it comes to pricing, we are straight forward with people, they don't want to hear any buy 1 get 1 free nonsense. They want a fair, honest price up front without all the gimmicks you see out there in advertising. We treat each and every one of our customers like family."

"Only about 5% of the Home Improvement companies in Northeast Ohio have performed consistently well enough to earn our Super Service Award," said Angie (founder of Angie's List.) "It's a really high standard."

Angie's List Super Service Award 2020 winners have met strict eligibility requirements, which include an "A" rating in overall grade, recent grade, and review grade period; the company must be in good standing with Angie's List, pass a background check and abide by Angie's List operational guidelines.

Service company ratings are updated daily on Angie's List. Companies are graded on an
