

Eco Flower Fairies

Environmentally Friendly Pledge

Eco Flower Fairies is the U.S. brand and distributor of S.C. Ambrosius Prodcom S.R.L. from Cluj-Napoca, Romania.

Its team of dedicated and talented individuals handcraft these beautiful flower fairy dolls with love in the Waldorf tradition.

We pledge to always have our dolls made by caring hands out of environmentally friendly materials. Currently we use wool felt, wool, cotton interlock knit, recycled paper, pipe cleaner wire, wood and glass beads. Also, their packaging consists of recyclable paper and biodegradable cellophane.

Will you pledge to always recycle their packaging? Thank you for loving the Earth with us!

Warning: Choking hazard! *These dolls are for decorative purposes only. They should not be advertised, purchased, used or offered as toys, as they contain small parts that can accidentally detach and cause choking. Carefully dispose of their cellophane bags immediately after opening their packaging!*
