

# *Four Seasons Nursery Is A Proud Grower*

---

---

Like it or not, branded plants have taken hold of the industry. I think branded material now outnumbers our non-branded material in the nursery. As growers, we are driven to produce material that the market demands and market demands that we grow branded plant material. Now, by no means is every branded plant a home run. There are many not so desirable ones in a sea full of patented plants. (You can read my unfiltered opinion of some of the worst offerings in my updated "Graveyard List"). To make things more confusing for an already confused consumer base, plant breeders are introducing "improved" versions of the already top selling varieties. Most suspect this is due to the expiration of the plant's patent which will allow for royalty free propagation. The plant industry has become like Big Pharma...Have to continue to feed the beast. In my opinion, all of the latest and greatest shoved onto the market creates "Consumer Paralysis". A term no businessperson wants to hear.

## *To Our Valued Customers*

Four Seasons Nursery and Landscape Company was formed back in 1971 by two brothers, Henry and Roy Daum, on 5 rented acres. The landscape division began first and the nursery division shortly thereafter out of the need to produce our own material. Through the growth of both divisions of the company, in 1980, Four Seasons bought its first 20 acres of land earmarked for their very own nursery. The company quickly outgrew the 20 acres and in 1988 acquired another plot of 16 acres. Through 2005, the nursery's main headquarters were located at the 20 acre site, until the property was sold. We were lucky enough to find a 70 acre parcel of land literally around the corner from the main headquarters, in which we moved our whole operation. Presently, we farm 86 acres located in Central New Jersey...yes, Central Jersey is such a thing. The nursery is currently run by two of Henry's sons, Scott and Craig. Scott and Craig are 2nd generation nurserymen, but 4th generation farmers. We are conveniently located 8 miles east off of Exit #8 of the New Jersey Turnpike.

We grow a full line of woody ornamentals, perennials, and ornamental grasses. Our plants are grown in a trade 2 gallon all the way through a trade 10 gallon size. Four Seasons works with the top plant hybridizers in the industry to ensure that we offer the most current varieties on the market. We offer the options of picture tags, strip tags and pre-pricing. Pre pricing is the only one of the options that we charge a fee for. We are the proud growers of Daum Good® Plants. Daum Good® Plants are non-branded plants that we feel are entitled to the same pomp and circumstance as their branded counterparts.

During the growing season, typically April through October, we email a current availability list along with pictures of plants that we think are the best of the bunch during that particular week. Along with the availability list and pictures, a blurb of our weekly nursery happenings and commentary on an array of topics is also included. You can easily sign up for our weekly list by TEXTING: FSNLC to 22828 or by simply emailing us at [4seasonsnursery@optonline.net](mailto:4seasonsnursery@optonline.net)

The information contained in the descriptions of the plant material comes from many years of observation. Additional information was obtained from Spring Meadow Nursery, Briggs Nursery, Bailey Nurseries, and the Manual of Woody Landscape Plants authored by Michael Dirr.

Any errors in the factual information of the descriptions can be attributed to Four Seasons Nursery and not to the previously mentioned sources.

We hope that the information contained in our reference guide will be of great value to you and your customers.

We thank you for your continued support of a small family run business and please feel free to contact us with any questions or suggestions.

Regards,

**Scott and Craig Daum**

# NEW & EXCITING VARIETIES

Anemone FALL IN LOVE™ 'Sweetly' PP31089 CPBRAf: FALL IN LOVE™ 'Sweetly' is a great addition to any garden to prolong flower color, producing rich, rose pink flowers in early fall. Semi-double flowers are produced above a large mound of dark green foliage. This variety is by far the most floriferous of the Anemones that we grow. From what I've seen, deer do not browse on this genus.

Buddleia Pugster® series: An introduction from you know who. This compact plant reaches just 2' tall and wide but has the large, full flowers normally seen on a much larger plant. It blooms non-stop from early summer through frost with nice colored flowers. Thanks to thick, sturdy stems, the Pugster® series offers vastly improved hardiness and winter survival over other types of dwarf butterfly bush. This description might be an admission of the problems that dogged the Lo & BeHold® series. Let's just hope that this series isn't as problematic as the other introductions. Another great choice for deer proof landscape.

CEPHALANTHUS OCCIDENTALIS Fiber Optics®: Fiber Optics® is a distinct improvement over the coarser Cephalanthus occidentalis that grows twice the size of this compact selection. The spherical flowers are fragrant, creamy white, and many species of waterfowl eat the seed. Zone 4-9. Grows 5'-6' x 5'-6'. This plant will take a moist conditions, often used in wetlands restoration.

Coreopsis Satin and Lace™ Series: This floriferous new Coreopsis forms a full, sturdy, upright clump of dark green, threadleaf foliage topped with vibrant colored flowers. They first appear in midsummer and continue through early fall without deadheading. Satin and Lace™ series is sterile, so it won't seed around the garden and its foliage is very resistant to powdery mildew. This series should be the go-to Coreopsis moving forward.

Cornus kousa Scarlet Fire®: Scientists at Rutgers University have developed a kousa dogwood (Cornus kousa) hybrid that is deep fuchsia in color and more resistant to common dogwood pests than the native kousa dogwood. The dramatic bracts glow pink from a distance unlike any other dogwood we have seen. Floriferous and precocious, the original tree flowered heavy at only 4 years old and budded plants can set many floral buds only after two growing seasons! The moderately vigorous tree is well branched and grows 3+ feet in first year and to 8 feet high in years 8-10. There is definitely excitement with this cultivar.

# NEW & EXCITING VARIETIES

*Heliopsis helianthoides Tuscan Gold™*: A showy perennial with sunny yellow flowers that's perfect for your sun garden! Forms a compact, upright habit with dark green leaves. Long Blooming Heat Tolerant. This variety should be designed into everyone's garden, it's that nice.

*Hydrangea arborescens Invincibelle Wee White®*: Wee White® is the first dwarf 'Annabelle' type hydrangea in the world! This cute little landscape plant ensures that any landscape can enjoy the reliability, low-maintenance, and season-long beauty of hydrangeas. It reaches just 1'-2.5' tall and naturally grows as a tidy, rounded mound. Each flower emerges a soft, blush pink before changing to white, and is held up on a strong, supportive stem for a display that looks more like a bouquet of flowers than a landscape plant. Blooming begins in early summer and continues through frost, with new flowers appearing the whole time. The only complaint that I gotten about this variety is that the flowers aren't pure white. I think it's something that can be overlooked considering the compactness of this variety.

*Hydrangea Endless Summer® Summer Crush®*: With a profusion of big raspberry red or neon purple blooms, Summer Crush® brings floral quality blooms to your garden or patio container. Not only is it drop-dead gorgeous, but it is compact so you get a neat, tidy look throughout the summer. Summer Crush® is pH dependent, but not to the colors of a typically blue hydrangea. More acidic soils will give a purplish color, where more basic pH will give that deep raspberry red color. Summer Crush® appears to have some *H. serrata* parentage in its makeup which makes this variety more likely to flower on 1st year wood. The combination of the deep green foliage along with the flower color make this variety a home run.

*Hydrangea Tuff Stuff® series (Tiny Tuff Stuff®, Tuff Stuff®, Tuff Stuff A-Ha®)*: This series of Hydrangea, from you know who, is of the *serrata* species. As a container grower, the *serrata* varieties are the most satisfying to grow because of their ability to flower on 1st year wood and coming out of the winter willing and able to grow. The Tuff Stuff® varieties are pH dependent for flower color and are lace cap flower types. The Tuff Stuff® series is one that should be pushed on the retail end.

# NEW & EXCITING VARIETIES

Lagerstromia Black Diamond® Crimson Red™ and Shell Pink™: Black Diamonds are a revolutionary new series of crape myrtles that provide unique beauty to your landscape and instant yard envy for your neighbors. Flawless black foliage emerges in early spring followed by masses of brilliant jewel-toned blooms that last until the first frost. This series has a planting zone 6-10. In Central Jersey, in a coldframe, they have minimal die back coming into the spring. A very nice series! Excellent choice for a deer proof landscape.

Nepeta Cat Pajamas PP31127 CPBRAE: A long blooming perennial that's perfect in small areas of the landscape. Indigo blue flowers are produced all the way from the soil to the tips, providing an intense splash of color when it's in bloom. Rosy purple calyxes extend the color when the blooms are past peak. As soon as these became saleable, they sold out. There's a strong demand for Nepeta in general, but this variety's unique flowering ability makes it very desirable. One of my best selling plants for deer proof landscapes!

Pieris japonica Purity: 'Purity' is a slow growing, small, compact grower, producing prolific, urn shaped white flowers, born in large clusters, in the Spring. Considered by many to be one of the best, white flowering Pieris. Prefers partial shade, humitic soil, regular water and pruning, and good drainage. Every garden has room for a compact Pieris. Another great choice for a deer proof landscape.

Weigela Date Night™ Electric Love™: New to garden centers in 2019, Electric Love is the first Weigela to offer true red flowers against dark leaves. Spark up your outdoor space with a compact shrub that's loaded with red bell flowers, creating plenty of pop and contrast. Electric Love is very compact, only 2' tall and 3' wide, making it great for mass plantings, along a walkway, or as the star of a decorative patio container. The best maroon weigela that we grow! Description credits: Bailey Nurseries, Proven Winners, Van Belle Nursery, Walters Gardens, Rutgers University, Black Diamond series

# Four Seasons Nursery and Landscape Company

## Graveyard List

After the printing of our first Graveyard list, the demand for a follow up, a part 2, has been a constant request. The below descriptions are solely my opinions and observations of growing the material in a commercial nursery setting, in the central part of Jersey. You may have different results in your area, but for me the plants below have made it to this list purely on their merit.

**ALLIUM GLADIATOR AND GLOBEMASTER:** These varieties make the nicest pictures in catalogs... you know the giant blue flowers on a long stalk being held by the cute child. Well, in a container these varieties are nothing but laden with foliar die back, flower stalks that are crooked at best, and if they do flower they fall well short of expectations. For these reasons, I'm sending Gladiator and Globemaster to the BONEYARD!

**Buddleia Lo & BeHold® 'BLUE CHIP':** So where should I begin? Another variety from you know who, that promised us the world and delivered squat! This variety doesn't overwinter in a container inside a cold frame. They say it should be kept in a minimal heat house (one above 32°F). So let me get this right, for a Buddleia to survive I need to install a gas line and heaters for viability? After overwintering expenses, the only one making money would be the royalty holder. I'm not in business to make someone else rich and for that reason, take your fancy white pot, your pretty tag, and your inability to overwinter like a normal Buddleia to the BONEYARD! I'll take a shot in the dark that a new and improved Buddleia Blue Chip is in the works. Thanks but no thanks

**RHODODENDRON CAPISTRANO:** We have a nickname for this variety... Crapistrano! The public has an insatiable appetite for a hardy yellow Rhododendron, but Crapistrano isn't it. Of all the varieties of Rhodos that we grow, this variety has the highest loss percentage of them all. I don't know if it's the summer heat or the winter cold, but I do know the plants inability to form a strong root system highly contributes to the high mortality rate. Growing unusual varieties is an intricate part of our business plan, but the varieties need to make it to the market. Crapistrano...we've seen the last of you. Pack up your weak root system and head to the BONEYARD!

**CHAENOMELES:** Ask yourself, what drives sales? Color, Color, Color. This genus produces good color, but at the wrong time of the year. If we get a warm couple of days in the winter, these plants think it's time to flower. Too often, we have this wonderful crop of Quince and nobody wants it takes because it's flowered out. This genus without a flower will only sell to a customer that is looking for it. There's no spontaneous buying of Quince with no flowers. For this reason, we will be moving Chaenomeles, the whole family, to the curb, dressed and prepared for their long stay in the BONEYARD!

**CORNUS PUCKER UP!®:** Another one from you know who. This Cornus was promised to revolutionize the redtwig market. After years of growing and collecting inventory (because no one bought it), we decided to cut ties. The foliage comes out crinkly and gives the appearance of an unhealthy specimen. So glad that we poured 4 years of money and resources into another "experiment" of a plant that probably should've hit the BONEYARD before it ever hit the market. The consumer has spoken, Pucker Up!®....off to the BONEYARD!

**AZALEA ENCORE® AUTUMN EMBERS™:** Reblooming Azaleas are going to put the old fashion varieties to shame...another promise full of hot air. Zone 6 they said. I gage a plant's hardiness of how they survive above the ground, in a container, overwintered in a coldframe. For some reason, of the Encore® varieties we grow, Encore® Autumn Embers™ is the worst of the bunch coming into the Spring and the Spring is when we need to ship the product. Azalea Encore® Autumn Embers™ is also the slowest to recover from winter damage and who has time for recovery? It's all about turning space, Embers.... take your burnt winter foliage and Spring sales buzz killer to the BONEYARD!

**AZALEA BLOOM-A-THON® SERIES:** Another one from you know who. A rebloomer to replace all rebloomers. Well...that didn't work out. This azalea doesn't overwinter in a coldframe worth a damn. Worse, by far, in terms of coming out of the winter than Azalea Encore® Autumn Embers™. Let me guess, they want us to grow this series in a minimum heat house. Again, a profit eater due to the inability to sell in the Spring and an additional 3 months to look presentable to bring to market. Adios problem child, to the BONEYARD.

**FARGESIA:** The biggest problem with this plant is it's common name, Bamboo. As soon as the customer hears Bamboo, their wallets and minds shutdown and they won't even consider purchasing this plant. You can tell them until you're blue in the face that it doesn't run, is clumping, and makes a beautiful specimen, but they won't believe you. Of all the plants on this list, Fargesia was the hardest to send to the boneyard. I wish I had different conclusion, but Fargesia head to the BONEYARD...you're done here.

**MICROBIOTA DECUSSATA (STRAIGHT SPECIES):** An absolute great plant if it wouldn't turn brown and die overnight. The biggest complaint that I hear is the survivability rate of large stances of Microbiota. One day it'll be green and healthy, the next, brown and dead. We have found a variety of this plant, from you know who, that has a great survivability rate and doesn't kick you in the gut like the straight species. I'm tired of getting the wind taken out of my sails and for that reason take your brown butt to the BONEYARD.

**PHILADELPHUS:** Mock Orange is another plant that blooms too early for it's own good. The plant puts on a nice floral display, but isn't in flower when customers are shopping. Also, the branching habit tends to be really open and loose which isn't a good combination for retail appeal. Mock Orange, march yourself directly to the BONEYARD.

**THE BLUSHING KNOCK OUT® ROSE:** Of all varieties in the Knock Out® family, Blushing seems to be the odd one out. I think it's biggest fault is the flower color. The color just doesn't make a big enough impression. It was too blushing! The driving force behind the sales of Blushing came from being sold out of the other varieties. Sorry Ms. Blushing, but pack up your thorns and your pretty, chartreuse green pot and hit the bricks. To the BONEYARD you go!

**EXOCHORDA:** If only more people knew what this plant was. The plant is pretty awesome when it flowers, but once again, it flowers too early for retail appeal. The only customers that are going to buy this are the ones that are knowledgeable on the genus and know their plants. Unfortunately, those type of customers are few and far between. A typical retail customer is one that asks for a green or yellow bush, and not looking for Pearlshrub. Another one that I grudgingly send to the BONEYARD....off you go.

**BUXUS DWARF ENGLISH:** One of the main stays in the Buxus market, but not anymore. Dwarf English Boxwood might be the most susceptible to stem die back, Phytophthora, and the dreaded Boxwood blight. We started seeing problems with this variety a couple years ago, but the problem seems to have accelerated recently. It could be due to the fact we are growing improved varieties that don't tend to have the mortality rate of Dwarf English. Old school architects still request it, but they won't find it here! Dwarf English, time's up! Off to the BONEYARD!

**HYDRANGEA INVINCIBELLE® SPIRIT:** Another one from you know who. This variety is so bad that they already came out with an Invincibelle® Spirit II. Invincibelle® Spirit was never strong enough to hold up it's own flowers. They suggested pruning more often, but that never worked because the plant would never have enough time to set bud. If you prefer flowers that lay on the ground, then this plant's for you. A crop of this variety once took 5 years to get a saleable product. The carrying cost, alone, ate all of the profits. Take your fancy white pot, your limp arms, and overhyped marketing material to the BONEYARD!! ADIOS

### Compact Abelia

*Abelia x grandiflora 'Compacta'*

The plant is a strong Zone 6 plant but to avoid browning and die back, I would still plant it in a protected area with some winter shade. Low growing, compact. Pinkish-white bell shaped flowers from June to frost.

**EXPOSURE:** Full to part sun

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 3' x 3'

### Shadblow Serviceberry

*Amelanchier canadensis*

This plant grows naturally from Maine to South Carolina along stream banks and woodland borders. Fall color is generally yellow but some orange and reds have been noticed. It also produces a black edible fruit. White flowers before leaves emerge. Upright habit.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 20-25' x 10-15'

### Rose Creek Abelia

*Abelia x 'Rose Creek'*

Flowering evergreen shrub with white flowers from June to frost and pinkish new foliage.

**EXPOSURE:** Full to part sun

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 2-3' x 3-4'

### Massachusetts Bearberry

*Arctostaphylos uva-ursi 'Massachusetts'*

A low growing, spreading evergreen ground-cover. It grows where few other plants could survive. I have seen it thriving on the dunes of Cape Cod National Seashore. It has glossy dark leaves and red fruit in the fall. Small pink flowers in mid April to May.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 6-12" H x 2-4'

### Bottlebrush Buckeye

*Aesculus parviflora*

This plant could be used wherever a multi-stemmed small tree is desired. Would extend the flowering period beyond the normal spring season. White flowers mid June to July.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 8-12' x 8-15'

### Black Chokeberry

*Aronia melanocarpa 'Autumn Magic'*

Easily grown shrub noted for its showy, white, fragrant flowers that are followed by dark blue berries. Glossy dark green foliage turns various shades of red and purple in fall. Upright habit.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 3-6' x 4-7'

### Red Buckeye

*Aesculus pavia*

Deciduous clump-forming shrub or small tree. Showy panicles of red to orange-red tubular flowers late spring to early summer. Nice looking shrub even when not in bloom. Would be good to protect from hot afternoon sun.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 12-15' x 12-15'

### Low Scape Mound® Chokeberry

*Aronia melanocarpa 'UCONNAM165'*

PP28789

Unique low-growing, mound-shaped habit. Covered in masses of dainty white flowers, and in fall, the leaves turn brilliant red to contrast with dark purple-black fruit.

**EXPOSURE:** Full sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 1-2' x 18-24"

### Crimson Queen Japanese Maple

*Acer palmatum dissectum 'Crimson Queen'*

New growth is bright crimson red color. Some literature suggests that it will hold that color throughout the summer then developing a fall color that has a scarlet range. Arching, mounding, slow growth.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 8-10' x 12'

### Red Chokeberry

*Aronia arbutifolia 'Brilliantissima'*

An especially fast grower. When planted in full sun it produces large quantities of red fruit. It appears to tolerate many different kinds of soil, both wet and dry. This cultivar has lustrous dark green leaves turning a brilliant scarlet in the fall.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 6-10' x 3-5'

### Bloodgood Japanese Maple

*Acer palmatum 'Bloodgood'*

An upright form that is known for it's deep red, almost purple color. Color is held well all season long.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 15-20' x 15'

### Gold Dust Aucuba

*Aucuba japonica 'Gold Dust'*

This plant is valued for its evergreen gold speckled foliage. I would use it only in an area that is completely shielded from the wind and in partial shade. Upright, rounded habit. Not especially showy but does produce small purple flowers. Mid-May.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 6-10' x 5-7'

### Tamukeyama Japanese Maple

*Acer palmatum dissectum 'Tamukeyama'*

One of the older cultivars dating back to 1710. Dark purple-red foliage holding its color better than most. Rounded, shrubby habit.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 6-8' x 8-12'

### Arneson's Gem Deciduous Azalea

*Azalea Arneson Gem'*

Compact, rounded growth habit. Red buds that open to large soft yellow orange flowers, shading to strong reddish orange flowers at the margins.

**EXPOSURE:** Part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 3' x 4'

### Fragrant Star Deciduous Azalea

*Azalea 'Fragrant Star'*

Rounded deciduous shrub. Large white and exceptionally fragrant flowers in May. Has been reported by Briggs Nursery to be heat tolerant.

**EXPOSURE:** Part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4' x 4'

### Northern Hi-Lights Deciduous Azalea

*Azalea 'Northern Hi-Lights'*

Spreading upright deciduous shrub. Foliage resistant to powdery mildew. Red fall color. White flowers with a yellow blotch.

**EXPOSURE:** Part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4' x 4-5'

### Golden Lights Deciduous Azalea

*Azalea 'Golden Lights'*

Rounded deciduous shrub with yellow flowers late April to May. Exceptionally cold hardy, very fragrant and long lasting. Somewhat resistant to powdery mildew.

**EXPOSURE:** Part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4' x 4'

### Pennsylvania Deciduous Azalea

*Azalea 'Pennsylvania'*

Wide, upright, but slow growth habit. Fragrant, light pink flowers with orange eye in July-August.

**EXPOSURE:** Part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 5-6' x 5-6'

### Lemon Drop Deciduous Azalea

*Azalea 'Lemon Drop'*

Deciduous, summer flowering Exbury azalea with an upright habit. In July, peach buds appear and open to pale yellow flowers which produce a slight lemony aroma. Mildew resistant.

**EXPOSURE:** Part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4-6' x 4'

### Pink and Sweet Deciduous Azalea

*Azalea 'Pink and Sweet'*

Upright grower with fragrant, purplish-pink flowers with a golden flare in the throat in spring.

**EXPOSURE:** Part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4' x 3'

### Lemon Lights Deciduous Azalea

*Azalea 'Lemon Lights'*

Upright habit with lemon yellow flowers late April-May. Another of the 'Lights' series of azaleas being developed at the University of Minnesota. Powdery mildew resistant.

**EXPOSURE:** Part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4-6' x 4'

### Rosy Lights Deciduous Azalea

*Azalea 'Rosy Lights'*

Rounded, deciduous shrub with fragrant, dark rosy-pink flowers late April-May.

**EXPOSURE:** Part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4' H x 5' W

### Lilac Lights Deciduous Azalea

*Azalea 'Lilac Lights'*

Compact growth habit with deep lilac colored flowers that hold their color well. Blooms late April-May.

**EXPOSURE:** Part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 3' x 3'

### Weston's Innocence Deciduous Azalea

*Azalea 'Weston's Innocence'*

Rounded deciduous shrub with small, white, strongly scented flowers in late June. Mildew resistant foliage and has burgundy red fall color.

**EXPOSURE:** Part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 3' x 3-4'

### Mandarin Lights Deciduous Azalea

*Azalea 'Mandarin Lights'*

Upright rounded plant with a slight fragrance to the flower. Bright red-orange blooms mid to late April.

**EXPOSURE:** Part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 5' x 4'

### Weston's Lollipop Deciduous Azalea

*Azalea 'Weston's Lollipop'*

Summer flowering deciduous azalea that produces very fragrant pink flowers with a light pink and yellow flare in mid-June. No mildew problems. Great early fall color of red-orange tones.

**EXPOSURE:** Part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4-6' x 4'

### Millennium Deciduous Azalea

*Azalea 'Millennium'*

Mounding habit. Fragrant deep red with a pale orange flare. Foliage is mildew resistant. Blooms early summer.

**EXPOSURE:** Part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 3' x 2'

### Weston's Parade Deciduous Azalea

*Azalea 'Weston's Parade'*

Wide, columnar, upright habit. Summer flowering deciduous azalea is mildew resistant. Clear dark pink flowers with orange eye in July. Fragrant.

**EXPOSURE:** Part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4-5' x 2-3'

### White Lights Deciduous Azalea

*Azalea 'White Lights'*

Rounded deciduous shrub with white flowers that have a slight yellow blotch.

**EXPOSURE:** Part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 5' x 5'

### Chinzan Pink Azalea

*Azalea satsuki 'Chinzan Pink'*

Compact habit. Produces some of the hottest pink flowers you've ever seen. Blooms spring and fall.

**EXPOSURE:** Part sun

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 2-3' x 2-3'

### Encore® Autumn Amethyst® Azalea

*Azalea 'Conlee'*

Upright, rounded habit. Attractive purple foliage in the winter and stunning purple blooms in spring, summer and fall.

**EXPOSURE:** Part sun

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 4' x 4'

### Delaware Valley White Azalea

*Azalea 'Delaware Valley White'*

Spreading habit with single white flowers mid season. This azalea is the good old standby and by far the white that everyone asks for.

**EXPOSURE:** Part sun

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 4' x 4'

### Encore® Autumn Royalty® Azalea

*Azalea 'Conlec'*

Upright, rounded habit. Large purple blooms spring through fall. Voted Azalea of the Year by the American Rhododendron Society.

**EXPOSURE:** Part sun

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 4-5' x 4'

### Elsie Lee Azalea

*Azalea 'Elsie Lee'*

This again is a very hardy Azalea and can take extreme conditions. It does lose some of its foliage during the winter. Upright, spreading habit with double, light lavender blooms.

**EXPOSURE:** Part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4' x 4'

### Encore® Autumn Twist® Azalea

*Azalea 'Conlep' PP12133*

Upright, rounded habit. This fast growing variety boasts large bi-color and occasional solid purple blooms spring through fall.

**EXPOSURE:** Part sun

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 4-5' x 4'

### Girard's Crimson Azalea

*Azalea 'Girard's Crimson'*

Flowers larger than Hino Crimson. Good winter color. Crimson-red flowers mid season.

**EXPOSURE:** Part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4-5' x 4-5'

### Girard's Fuchsia Azalea

*Azalea 'Girard's Fuchsia'*

Seems to be harder than other Girard varieties. Upright, spreading habit. Reddish-purple flowers mid season.

**EXPOSURE:** Part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4' x 4'

### Girard's Rose Azalea

*Azalea 'Girard's Rose'*

Excellent winter color dark red. Upright, spreading habit. Single red flowers mid season.

**EXPOSURE:** Part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4' x 4'

### Hino Crimson Azalea

*Azalea 'Hino Crimson'*

Lower growing with a compact, fine-textured look. Small single crimson flowers. Early season bloomer.

**EXPOSURE:** Part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 2-3' x 2-3'

### Blaauw's Pink Azalea

*Azalea 'Blaauw's Pink'*

Upright habit with salmon-pink blooms mid to late spring. This plant loses some of its foliage during the winter, enabling it to survive conditions where others won't.

**EXPOSURE:** Part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4' x 6'

All Evergreen Azaleas should be put in locations that are somewhat protected from winter winds and direct summer sun. They should be planted in well drained soils and mulched at the time of planting.

### Girard's Hot Shot Azalea

*Azalea 'Girard's Hot Shot'*  
Single, brick-red flowers. Mid-season bloomer. Good purple/red winter color.  
**EXPOSURE:** Part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

### Gumpo White Azalea

*Azalea 'Gumpo White'*  
Low growing with large white blooms late season.  
**EXPOSURE:** Part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 18-24" x 3-4'

### Karen Azalea

*Azalea 'Karen'*  
Good winter foliage color (red to purple). Loses some winter foliage but not as much as Herbert or Poukhanense. Rich lavender-purple hose-in-hose flowers.  
**EXPOSURE:** Part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-5' x 5-6'

### Maraschino Azalea

*Azalea Kimono Series™ 'Maraschino'*  
Low growing, carmine-red blooms.  
**EXPOSURE:** Part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 12-18" x 24-30"

### Pleasant White Azalea

*Azalea 'Pleasant White'*  
Low spreading. Vigorous grower. Double white flowers. Late bloomer.  
**EXPOSURE:** Part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 3-4'

### May Snow Azalea

*Azalea Kimono Series™ 'May Snow'*  
Low growing, upward-facing, bright white flowers.  
**EXPOSURE:** Part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 12-18" x 24-30"

### Poukhanense Compacta Azalea

*Azalea 'Poukhanense Compacta'*  
Perhaps the hardiest of all the evergreen azaleas, but it is also the one that loses the most foliage. Tight, compact habit. Purple blooms early in the season.  
**EXPOSURE:** Part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-4' H x 3-4' W

### Bonanza Gold™ Barberry

*Berberis thunbergii 'Bogozam'*  
The significant aspect of this plant is its gold foliage. It seems to hold up much better in the summer heat than other gold varieties. Low, mounding habit.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18" x 36"

### Rosebud Azalea

*Azalea 'Rosebud'*  
Upright, spreading habit. Double pale pink rose-like. Late bloomer. Loses some of its winter foliage. Very hardy.  
**EXPOSURE:** Part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 5' x 4-5'

### Crimson Pygmy Barberry

*Berberis thunbergii 'Atropurpurea Nana'*  
In the trade Crimson Pygmy Barberry has several strains attributed to it, many of which grow larger and more open than the original plant. Our pygmy barberry is more like the original plant, compact and full.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

### Tradition Azalea

*Azalea 'Tradition'*  
Spreading habit, medium height. Double pink blooms. Mid season bloomer.  
**EXPOSURE:** Part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-6' x 4-6'

### Helmond Pillar Barberry

*Berberis thunbergii 'Helmond Pillar'*  
Narrow, upright growth habit. A unique purple leaf upright columnar habit ideal for hedges.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-4' x 1-2'

### Fairy Pillow Azalea

*Azalea Kimono Series™ 'Fairy Pillow'*  
Low growing, bright white flowers.  
**EXPOSURE:** Part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 12-18" x 24-30"

### Rose Glow Barberry

*Berberis thunbergii 'Rose Glow'*  
The mottled red and white foliage sets this plant apart from other red leaved forms. The new growth matures to a deep purple.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3' H x 3' W

### Royal Burgundy® Barberry

*Berberis thunbergii* 'Gentry'  
Improved selection from Crimson Pygmy with richer burgundy foliage color that holds its color through summer, changing to a reddish black in the fall.

EXPOSURE: Full to part sun  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 2' x 3'

NEW

### Miss Violet Butterfly Bush

*Buddleia x* 'Miss Violet' PP28448  
Compact plant with vibrant flower color with loads of dark purple-violet summer flowers. Seedless and non-invasive.

EXPOSURE: Full sun  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 4-5' x 4-5'

### Cesky Gold® Dwarf Birch

*Betula x plettkei* 'Golden Treasure'  
An exceptionally cold-tolerant dwarf birch. New growth appears in sunset hues of yellow, red, and orange, and cheerful chartreuse foliage carries the plant through the entire season.

EXPOSURE: Full sun  
HARDINESS: -40° to -30° F  
HEIGHT/WIDTH: 2-4' x 2-3'

NEW

### Nanho Blue Butterfly Bush

*Buddleia davidii* 'Nanho Blue'  
This compact selection has wands of violet-blue flowers, over a mound of silvery-green leaves.

EXPOSURE: Full sun  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 3-5' x 3-5'

### Heritage® River Birch

*Betula nigra* 'Cully'  
Multi-stemmed, upright shade tree with interesting, peeling bark. Also has nice yellow fall foliage color.

EXPOSURE: Full sun  
HARDINESS: -40° to -30° F  
HEIGHT/WIDTH: 20' x 10-20'

### Nanho Purple Butterfly Bush

*Buddleia davidii* 'Nanho Purple'  
Compact butterfly bush that is well suited for the smaller garden. Flowers are fragrant and lavender-purple and contrast with gray-green foliage.

EXPOSURE: Full sun  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 3-5' x 3-5'

### Black Knight Butterfly Bush

*Buddleia davidii* 'Black Knight'  
Deep purple-blue, almost black, flowers in elongated clusters on arching branches. Upright, mounding growth.

EXPOSURE: Full sun  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 6-8' x 3-5'

### Pugster® Amethyst Butterfly Bush

*Buddleia x* 'SMNBDL' PP30236  
Full sized flowers on a dwarf plant. Blooms early summer to frost. Amethyst-toned flowers, each with a tiny yellow-orange eye in the center.

EXPOSURE: Full sun  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 2' x 2-3'

### Lo & Behold® Purple Haze Butterfly Bush

*Buddleia davidii* Lo & Behold® 'Purple Haze' PP24514  
Flowers radiate outward and downward like a pinwheel, and are continuous from mid summer to frost. Mounded, spreading habit.

EXPOSURE: Full sun  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 2-3' x 36-42" W

### Pugster® Blue Butterfly Bush

*Buddleia x* 'SMNBDBT' PP28794  
Full sized flowers on a dwarf plant. Blooms early summer to frost. True-blue flowers, each with a tiny yellow-orange eye in the center.

EXPOSURE: Full sun  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 2' x 2-3'

### Miss Molly Butterfly Bush

*Buddleia x* 'Miss Molly' PP23425  
Fragrant flowers are a rich sangria-red color and a mounded habit.

EXPOSURE: Full sun  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 4-5' x 4-5'

### Pugster® Pink Butterfly Bush

*Buddleia x* 'SMNBDBT' PP28836  
Full sized flowers on a dwarf plant. Blooms early summer to frost. Taffy pink flowers require no deadheading.

EXPOSURE: Full sun  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 2' x 2-3'

### Miss Pearl Butterfly Bush

*Buddleia x* 'Miss Pearl' PP28553  
Refined, non-invasive habit. Crisp, clean, pure white flowers bloom for an extended time during summer months.

EXPOSURE: Full sun  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 4-5' x 4-5'

NEW

### Green Mountain Boxwood

*Buxus x* 'Green Mountain'  
A cold-hardy hybrid boxwood known for its semi-upright, rounded conical shape.

EXPOSURE: Full to part sun  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 5' x 3'

### Green Velvet Boxwood

*Buxus x 'Green Velvet'*

This variety is a result of some crosses made by Sheridan Nursery Co., Oakville, Ontario, Canada. It maintains a dark green color throughout the winter. Rounded, full habit. Slow growing.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3' x 3'

### Franklin's Gem Boxwood

*Buxus microphylla 'Franklin's Gem'*

This plant has a fine, soft texture. Can be used where Ilex Helleri hasn't survived the winter.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3' x 2'

### Winter Gem Boxwood

*Buxus microphylla var. japonica 'Winter Gem'*

Low, rounded evergreen.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2' x 2'

### Little Missy Boxwood

*Buxus microphylla 'Little Missy'*

Compact mounding to rounded variety. It is extremely cold hardy and sun tolerant.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2' x 2'

### Arctic Emerald Boxwood

*Buxus sempervirens 'Arctic Emerald'*  
PP18289

Compact habit with deep green evergreen foliage on an upright pyramidal form.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 6-7' x 3-4'

### NewGen Freedom® Boxwood

*Buxus 'SB 300' PP32421*

Vigorous selection with glossy, green foliage. Uniform and tight habit. Resistant to Boxwood Leafminer and Boxwood Blight.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-4' H x 3-4' W

### Baby Gem™ Boxwood

*Buxus microphylla 'Gregem' PP21159*

Compact, with tiny, dense green foliage that retains its color all year.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4' x 4-5'

### NewGen Independence® Boxwood

*Buxus 'SB 108' PP28888*

Similar to 'Green Beauty' but with more elongated leaves and resistance to leafminers.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3' x 3'

### Baby Jade™ Boxwood

*Buxus microphylla 'Grejade' PP26656*

Very dwarf, fine-textured boxwood with dark green foliage. Increased heat tolerance.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3' x 3'

### Early Amethyst Beautyberry

*Callicarpa dichotoma 'Early Amethyst'*

This particular variety sets fruit early and is visible in September. Bushy rounded shrub with graceful pendulous branching.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

### Common Boxwood

*Buxus sempervirens*

Very striking boxwood that is most commonly used as an accent plant.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3' x 2'

### Dark Beauty Heather

*Calluna vulgaris 'Dark Beauty'*

Mounded habit with deep red blooms late summer.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 1' x 1'

### Elegantissima Boxwood

*Buxus sempervirens 'Elegantissima'*

Very striking boxwood that is most commonly used as an accent plant. Variegated white and green foliage.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3' x 2'

The culture for Calluna and Erica is the same. It is critical that these plants be put in areas that are moist but perfectly drained. They should be located out of the wind in full to part shade. A low fertility should be maintained.

**April Kiss Camellia**

*Camellia japonica 'April Kiss'*  
Compact, moderate grower. Small double red blooms. Early bloomer.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -5° to 0° F  
**HEIGHT/WIDTH:** 8-10' x 8-10'

**April Melody Camellia**

*Camellia japonica 'April Melody'*  
Medium growth, rounded habit. Early-late spring bloom of single light red flowers.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -5° to 0° F  
**HEIGHT/WIDTH:** 6-8' x 6-8'

**Firefly Heather**

*Calluna vulgaris 'Firefly'*  
Mounded habit with deep purplish-pink blooms late summer.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 1' x 1'

**April Rose Camellia**

*Camellia japonica 'April Rose'*  
Very compact and slow growing Camellia with rose-red formal double flowers. Excellent glossy foliage.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 6' x 6'

**Multicolor Heather**

*Calluna vulgaris 'Multicolor'*  
Low, spreading habit with yellow foliage and pale mauve flowers late summer.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 6" x 1'

**April Tryst Camellia**

*Camellia japonica 'April Tryst'*  
Medium growth, rounded habit. Mid to late spring. Cherry red anemone form flowers.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -5° to 0° F  
**HEIGHT/WIDTH:** 6-8' x 6-8'

**Sweetshrub**

*Calycanthus floridus*  
This versatile shrub will grow in sun to full shade. Native from the Virginia to Florida. Reddish-brown flowers with a spicy fragrance.  
**EXPOSURE:** Sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-6' x 6-8'

**Snow Flurry Camellia**

*Camellia x 'Snow Flurry'*  
Pure white, anemone form flowers are among the earliest to bloom. Good cold tolerance.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 6-7' x 4-5'

**April Blush Camellia**

*Camellia japonica 'April Blush'*  
Upright, vigorous grower. Late spring bloom of semi-double, shell pink flowers.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -5° to 0° F  
**HEIGHT/WIDTH:** 6-8' x 6-8'

**Spring's Promise Camellia**

*Camellia japonica 'Spring's Promise'*  
Upright grower. Rose-red, single flowers.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 8-10' x 8'

**April Dawn Camellia**

*Camellia japonica 'April Dawn'*  
Upright, vigorous grower. Pink, shell, white double. Blooms over long period.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -5° to 0° F  
**HEIGHT/WIDTH:** 8-10' x 8-10'

**Winter's Joy Camellia**

*Camellia x 'Winter's Joy'*  
Fast growing, upright form. Early to mid winter. Fuchsia pink semi-double flowers.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 6-8' x 6-8'

### Dark Knight Bluebeard

*Caryopteris x clandonensis 'Dark Knight'*

Very showy clusters of deep purple-blue flowers cover this vigorously growing deciduous shrub.

**EXPOSURE:** Full sun

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 2-3' x 2-3'

NEW

### Ruby Spice Summersweet

*Clethra alnifolia 'Ruby Spice'*

Upright, rounded similar to the species. Deep reddish-pink that does fade to white. Has a spicy sweet fragrance.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4-6' x 2-3'

### New Jersey Tea

*Ceanothus americanus*

Compact, dense, rounded shrub. Fluffy, soft white terminal heads.

**EXPOSURE:** Full to part sun

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 2-3' x 2-3'

### Sixteen Candles Summersweet

*Clethra alnifolia 'Sixteen Candles'*

In our opinion this plant is far superior to 'Hummingbird'. Fragrant, white flowers are held in a more visible position and the habit is more dense and upright than 'Hummingbird'.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 3' H x 3' W

### Fiber Optics® Buttonbush

*Cephalanthus occidentalis 'Bailoptics'*

PP29475

Improved compact selection. Fragrant flowers attract pollinators. Grows in wet soils.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 5-6' x 5-6'

NEW

### Summersweet

*Clethra alnifolia*

Excellent plant to use in wet woody situations though it will also grow in full sun. Found in nature also stream banks and just about any place in the forest. Fragrant white flowers mid summer.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 6-8' x 3-5'

### Crippsi Golden Falsecypress

*Chamaecyparis obtusa 'Crippsii'*

This plant if left unpruned can get tremendously large but can be kept inbounds if annual pruning is done. Gold foliage makes the plant really stand out. Loosely conical habit.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 50' x 15'

### Arctic Fire® Red Dogwood

*Cornus stolonifera 'Farrow' PP18523*

A compact selection of *Cornus baileyi*. Dark red winter twigs and a compact non suckering habit. White flowers.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 3' x 4'

### Fernspray Gold Falsecypress

*Chamaecyparis obtusa 'Fernspray Gold'*

Soft fern like foliage grace this specimen that grows narrow and broadens with age. The plant displays golden green color towards the center and rich golden yellow at the tips.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 6' x 4'

### Arctic Sun® Dogwood

*Cornus sanguinea 'Cato' PP19892*

Glorious yellow, orange, and coral stems shine in winter.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 3-4' x 4-5'

NEW

### Gold Mop Falsecypress

*Chamaecyparis pisifera 'Filifera Aurea'*

This is an excellent plant to use wherever you want to introduce some color into the landscape. The strain that we grow is exceptionally gold and holds it color through the winter. Forms a dense, golden mound.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 3' x 4'

### Bud's Yellow Dogwood

*Cornus alba 'Bud's Yellow'*

This plant's claim to fame is its strikingly gold bark. When planted in mass it will brighten a drab winter day, and looks even better after a snow. White flowers in early summer.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 6' - 8' H x 5' - 6' W

### Hummingbird Summersweet

*Clethra alnifolia 'Hummingbird'*

Compact, clump-forming deciduous shrub with clusters of fragrant white flower spikes in late summer, against handsome dark green leaves.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 3-4' x 4'

NEW

### Cardinal Red Twig Dogwood

*Cornus sericea 'Cardinal'*

Vibrant red twigs are stunning in the winter landscape. Spring flowers yield small ornamental fruit. Colorful fall foliage. Spreading habit is helpful in controlling erosion.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 6-9' x 8-12'

NEW

### Greensleeves Kousa Dogwood

*Cornus kousa 'Greensleeves'*

An improved form that faster and is fuller at maturity than the species. Beautiful white flowers in late spring followed with large red fruit in fall.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 15-20' x 15-20'

### Bearberry Cotoneaster

*Cotoneaster dammeri*

Low growing, spreading habit. Small white flowers in spring.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 1' x 12'

### Ivory Halo® Dogwood

*Cornus alba 'Bailhalo'*

This compact plant has beautiful green and white variegated foliage. Once the foliage drops, the brilliant red color of the twigs is revealed.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 5-6' x 5-6'

### Coral Beauty Cotoneaster

*Cotoneaster dammeri 'Coral Beauty'*

Outstanding groundcover with dense prostrate branches. Small white flowers in spring.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 1-2' x 6'

### Kelsey Dwarf Dogwood

*Cornus sericea 'Kelseyi'*

This is a truly dwarf Red Twig Dogwood. Stays compact in containers in the nursery, which is a real good indicator as to how it will perform in the landscape. Can be used as a course groundcover or shrub border.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 2-3' x 2-3'

### Cranberry Cotoneaster

*Cotoneaster apiculatus*

This plant is a dense, broad-upright, somewhat mounding deciduous shrub with stiffly arching branches. Small pink flowers in spring.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 3' H x 6' W

### Red Twig Dogwood

*Cornus baileyi*

This Red Twig will set clusters of white berries that contrast amazingly with the red stems. Great for mass planting.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 6-8' x 6-8'

### Willowleaf Cotoneaster

*Cotoneaster salicifolius 'Repandens'*

If you want to establish a ground cover quickly, this is the plant to do it with. Low growing, evergreen, glossy green foliage. White flowers early summer.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 1-2' x 5'

### Scarlet Fire® Kousa Dogwood

*Cornus kousa 'Rutpink' PP28311*

Uniquely colored blossoms in a dark pink shade. Large red fruit in fall.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 15-20' x 15-20'

### Leyland Cypress

*Cupressocyparis leylandii*

Even though it grows 60-70' this plant can be kept at a comfortable size with pruning. Makes a great hedge similar to hemlock. Needs full sun and can tolerate salt spray.

**EXPOSURE:** Full sun

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 60-70' x 10-20'

### Golden Spirit™ Smoke Bush

*Cotinus coggygria 'Ancot' PP13082*

This plant produces golden yellow foliage that turns to shades of coral, orange and red in Autumn. Tends not to scorch in direct sunlight.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 8-10' x 8-10'

### Dwarf Japanese Cedar

*Cryptomeria japonica 'Globosa Nana'*

Dense, dome shaped foliage consisting of very bright green needle-like sprays which tend to gracefully bow over as this plant matures.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 2-3' x 4-8'

### Royal Purple Smoke Bush

*Cotinus coggygria 'Royal Purple'*

A result of a cross between a Drummer hybrid of *Cotinus obovatus* and *Cotinus 'Velvet Cloak'*. Leaves emerge with a slight tinge of red. As they mature in the summer, the leaves turn to a blue-green color.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 15-20' x 10-15'

**Creme Fraiche® Deutzia**  
*Deutzia gracilis 'Mincream' PP25703*  
 Variegated version of Deutzia 'Nikko'. White flowers in spring.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 18-36" x 18-36"

**Showy Lantern Enkianthus**  
*Enkianthus campanulatus 'Showy Lantern'*  
 One of the finest red-flowering selections of Enkianthus. Fall color usually stunning red and orange tones.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 6-10' x 4-6'

**Nikko Blush Deutzia**  
*Deutzia x rosea 'Nikko Blush'*  
 A delightful new hybrid from the National Arboretum. A profusion of soft pink blooms in spring. Compact, low-growing form.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-4' x 4-5'

**C. D. Eason Heath**  
*Erica cinerea 'C. D. Eason'*  
 Spreading mound. Pink blooms June - Sept.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 10" x 2'

**Nikko Deutzia**  
*Deutzia gracilis 'Nikko'*  
 Great plant for rock gardens or where ever an interesting ground cover is needed. Besides the flower and graceful branching habit of the plant it also has a burgundy fall color. Profuse white flowers in early summer.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2' x 5'

**Kramer's Red Winter Heath**  
*Erica x darleyensis 'Kramer's Rote'*  
 Dense, mounding. Reddish-purple flowers Dec. - Apr.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 1' x 3'

**Yuki Cherry Blossom® Deutzia**  
*Deutzia x 'NCDX2' PPAF*  
 Pink flowers in spring on a low spreading Deutzia.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 1-2' x 1-2'

**Myretoun Ruby Heath**  
*Erica carnea 'Myretoun Ruby'*  
 Low spreading. Ruby-red flowers Jan. - May.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 6" x 18"

**Yuki Snowflake® Deutzia**  
*Deutzia x 'NCDX1' PP25916*  
 Extra-heavy blooming variety. Elegant white spring flowers appear at the perfect time for spring gardens. Low spreading habit.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 1-2' x 1-2'

**Purple Beauty Heath**  
*Erica cinerea 'Purple Beauty'*  
 Low spreading. Purple flowers in summer.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 1' x 2'

**Nightglow® Diervilla**  
*Diervilla splendens 'El Madrigal' PP28060*  
 Intensely yellow flowers glow bright against the dusky red foliage.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

**Schneekoppe Heath**  
*Erica carnea 'Schneekoppe'*  
 Low growing. White flowers into spring.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 6" x 18"

**Red Bells Enkianthus**  
*Enkianthus campanulatus 'Red Bells'*  
 Bell shaped flower with red tip progressively becoming more creamy in color as you get away from the tip. Blooms early summer. Good plant for naturalization. Slow-growing, rounded shrub.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 5-8' x 5-8'

**Springwood Pink Heath**  
*Erica carnea 'Springwood Pink'*  
 Low spreading, creeping. Pink flowers late winter to early spring  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 8-10" x 20"

### Dwarf Burning Bush

*Euonymus alatus 'Compactus'*

Fall color is what sells this plant. A brilliant red color adorns this plant for several weeks in the fall. Recently this plant has been labeled as an invasive species by some groups.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 8' x 10', if left unpruned

### Gold Tide® Forsythia

*Forsythia x 'Courtasol'*

Great ground cover, good for mass planting. Fast grower. Gold flowers in early spring.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 24-30" x 3-4'

### Emerald and Gold Wintercreeper

*Euonymus fortunei 'Emerald and Gold'*

This plant has foliage similar to 'Emerald Gaiety' except that the leaf margin is gold instead of white. The entire leaf will have a pink to red cast during cooler months of the year. Will not climb as well as 'Emerald Gaiety'.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 2' x 4'

### Lynwood Forsythia

*Forsythia x intermedia 'Lynwood'*

I have seen this plant start showing color in late February and continue flowering for nearly a month. Most nurseries in this country mistakenly call this plant 'Lynwood Gold'. Big yellow flowers up and down the stem. Upright, spreading habit.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 6-8' x 4-6'

### Emerald Gaiety Wintercreeper

*Euonymus fortunei 'Emerald Gaiety'*

The desirable trait of this plant is its colorful foliage. Small leaves are deep green in the center with a creamy white margin. White margin will have a pink tinge in the winter months. Will climb if with support.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 2' x 4'

### Blue Shadow Fothergilla

*Fothergilla major 'Blue Shadow'*

PP15490

Upright habit. White, bottlebrush type flowers are honey scented. Blue foliage color turns red during the fall. Finally a blue foliaged Fothergilla that grows vigorously.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 5' x 6'

### Golden Euonymus

*Euonymus japonicus 'Aureo-marginatus'*

This plant has shiny green leaves with wide, irregular bright gold margins. As with all broad leaf evergreen I would plant this out of the wind in some shade. Can be used as a hedge or individual specimen.

**EXPOSURE:** Full to part sun

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 5' x 3'

### Dwarf Fothergilla

*Fothergilla gardenii*

Great in 3 seasons. Low, dense bushy shrub. Fragrant white flowers in spring.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 3-4' x 4-5'

### Manhattan Euonymus

*Euonymus kiautschovicus 'Manhattan'*

Once again, use this plant in an area with part sun, part shade, out of the wind. In severe winters, leaves may burn but will quickly grow back once spring arrives. Rounded, evergreen.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4-6' x 4-6'

### Mount Airy Fothergilla

*Fothergilla gardenii 'Mount Airy'*

Upright rounded shrub. White fragrant small bottle brush shaped appearing before leaves lasting about 10 days. Great and consistent fall color (yellow, orange, red).

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4-5' x 3'

### Moonshadow Wintercreeper

*Euonymus fortunei 'Moonshadow'*

A sport of 'Sunspot' Euonymus with light yellow leaves and green margins. I can't see a lot of difference between this plant and 'Blondy'! Dense, compact evergreen shrub.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 1-2' x 1-2'

### Berry Cascade™ Wintergreen

*Gaultheria procumbens Berry Cascade™*

Improved form with berries running the entire length of the stem, creating an outstanding display. Small pinkish-white, drooping, waxy, bell shaped flowers.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 6" x 10-12"

### Silver King Euonymus

*Euonymus japonicus 'Silver King'*

This plant has glossy green leaves with creamy white to silver white irregular margins. Can be used in the same way as Golden Euonymus. Upright, fast growing.

**EXPOSURE:** Full to part sun

**HARDINESS:** -10° to 0° F

**HEIGHT/WIDTH:** 6' x 4'

### Creeping Wintergreen

*Gaultheria procumbens*

Creeping wintergreen has glossy green leaves during the growing season, but turn reddish/purple in cold. Fruit appears from July on through the growing season. When crushed the leaves and fruit exude a wintergreen fragrance.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 6" x 18"

### Common Witchhazel

*Hamamelis virginiana*

Rounded vase shaped. Fragrant yellow flowers appear in the fall, sometimes as the fall color is appearing. Good plant for a naturalized situation.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 15-20' x 10-15'

### French Cabaret™ Red Rose of Sharon

*Hibiscus syriacus 'Mindour 1' PP30101*

Clusters of three to five richly saturated red double flowers that resemble carnations. Deep red flower buds open to 2" diameter pompom flowers.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 5-8' x 4-7'

### Vernal Witchhazel

*Hamamelis vernalis*

Multi-stemmed, dense, rounded shrub. Yellow, orange or red fragrant flowers appear in early spring, lasting 4-6 weeks. This plant is very adaptable and can grow in full sun to 3/4 shade. Great gold fall color lasting 2-3 weeks.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 6-10' x 10'

### Hawaii™ Rose of Sharon

*Hibiscus syriacus 'Minsygrbl1'*

Large showy blossoms are a lovely blue accentuated with a red-purple heart. A more intermediate sized Rose of Sharon. A First Editions® introduction.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 5-8' x 4-7'

### Bali™ Rose of Sharon

*Hibiscus syriacus 'Minfren' PPAF*

Semi-double pure white flowers are highlighted with a bold purple-red center. A First Editions® introduction.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 5-8' x 4-7'

### Lavender Chiffon® Rose of Sharon

*Hibiscus syriacus 'Notwoodone' PP12619*

Large single lavender flowers with a lacy center late summer.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 8-12' x 4-6'

### Blue Chiffon® Rose of Sharon

*Hibiscus syriacus 'Notwoodthree' PP20574*

Large, blue flowers late summer. Each is adorned with a lacy center to create an anemone-like bloom.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 8-12' x 4-6'

### Lucy Rose of Sharon

*Hibiscus syriacus 'Lucy'*

3-5" masses of double reddish fuchsia flowers in summer.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 8-10' x 6-8'

### Blue Satin® Rose of Sharon

*Hibiscus syriacus 'Marina' PP12680*

Large single rich royal blue. Superior to 'Blue Bird' as it is a much stronger grower.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 8-12' x 6-10'

### Minerva Rose of Sharon

*Hibiscus syriacus 'Minerva'*

Single lavender with red eye.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 8-12' x 4-6'

### Diana Rose of Sharon

*Hibiscus syriacus 'Diana'*

Single pure white flower.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 8-12' x 4-6'

### Pink Chiffon® Rose of Sharon

*Hibiscus syriacus 'JWNWOOD4'*

*PP24336*

Large, soft pink flowers in late summer.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 8-12' x 4-6'

### French Cabaret™ Blush Rose of Sharon

*Hibiscus syriacus 'Mindoub1' PP27840*

Dark pink flower buds open to a delicate blush pink with shades of white. Double flowers in large pompoms. Compact habit.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 5-8' x 4-7'

### Red Heart Rose of Sharon

*Hibiscus syriacus 'Red Heart'*

Large single white flower with a red eye.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 8-12' x 4-6'

### Tahiti™ Rose of Sharon

*Hibiscus syriacus 'Mineru'*  
Produces semi-double deep pink-purple flowers that are accentuated with a deep red center. A First Editions® introduction.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 5-8' x 4-7'

### White Chiffon® Rose of Sharon

*Hibiscus syriacus 'Notwoodtwo'*  
*PP12612*  
Crisp white flowers with a fluffy center in late summer.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 8-12' x 4-6'

### Woodbridge Rose of Sharon

*Hibiscus syriacus 'Woodbridge'*  
Single clear rose-pink flower with red eye.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 8-12' x 4-6'

### Alice Oakleaf Hydrangea

*Hydrangea quercifolia 'Alice'*  
Rounded habit. Large white panicles to 12" long in mid summer. Burgundy fall color.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 5-8' x 5-8'

### Annabelle Hydrangea

*Hydrangea arborescens 'Annabelle'*  
Low growing rounded shrub with huge, rounded flowers in summer.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 4-5' x 3-5'

### BloomStruck® Bigleaf Hydrangea

*Hydrangea macrophylla 'PIIHM-II'*  
*PP25566*  
Vivid rose-pink or purple hydrangea flower heads depending on soil pH. Beautiful red-purple stems, dark green leaves with red petioles and red veins.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-4' x 4-5'

### Blue Billow Sawtooth Hydrangea

*Hydrangea serrata 'Blue Billow'*  
Large blue flowers which age to pink.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4' x 5-6'

### Blue Wave Bigleaf Hydrangea

*Hydrangea macrophylla 'Blue Wave'*  
Lacecap type pink or blue flowers bloom on old wood.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 3-5' x 3-5'

### Blushing Bride Bigleaf Hydrangea

*Hydrangea macrophylla 'Blushing Bride'*  
*PP17169*  
Pure white semi-double florets, which mature to blush pink or blue, depending on soil pH. Part of the Endless Summer® line.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-6' x 3-6'

### Bobo® Panicle Hydrangea

*Hydrangea paniculata 'ILVOBO'*  
*PP22782*  
Dwarf Hydrangea that is sure to turn heads. One of our favorites. Large white flowers in summer.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 30-36" x 3-4'

20 Many of the hydrangea that I have listed, flower on year old wood. Therefore in pruning them you may cut off some of the flower buds. Another problem with these hydrangea is in an extremely cold winter much of that year's old wood with the flower buds on it is killed back to hardy older portions of the plant. This again decreasing the number of flower buds on the plant. There are two varieties of hydrangea that seem to get around this problem by flowering on current season growth. They are 'Endless Summer' and 'Penny Mac'. We know that 'Endless Summer' is a proven winner and by next summer we should know if 'Penny Mac' will be as successful. Another aspect of the production and merchandising of hydrangeas that we should not forget is the P.H. factor. Alkaline soil, produced by adding lime to the soil induces pink flowers, while acid soils produced by adding aluminum sulfate to the soil produce blue flowers. The P.H. factor has no effect on white flowering varieties.

### Cherry Explosion Bigleaf Hydrangea

*Hydrangea macrophylla 'McKay'*

PP28757

Incredibly large, bright, cherry red florets. A lacecap variety that is very unique and different from other Hydrangeas on the market.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 3' x 3'

NEW

### Fire and Ice Panicle Hydrangea

*Hydrangea paniculata 'Wim's Red'*

PP26005

Blooms open cream then gradually changes to a rich shade of cotton candy pink.

EXPOSURE: Full to part sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 3-6' x 3-4'

### Cityline® Paris Bigleaf Hydrangea

*Hydrangea macrophylla 'Paris Rapa'*

Compact with intense red flowers maturing to an attractive green. Requires no pruning.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 1-2' x 1-3'

### Fire Light Tidbit® Panicle Hydrangea

*Hydrangea paniculata 'SMNHPK'*

PP32512

A dwarf hydrangea with a lower, mounded habit.

The late-season blooms emerge a bright lime green, transition to white, and quickly take on pink hues.

EXPOSURE: Full sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 2-3' x 3'

### Cityline® Rio Bigleaf Hydrangea

*Hydrangea macrophylla 'Ragra'*

Early bloomer with strong blue to purple flowers.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 2-3' x 2-3'

### Incrediball® Hydrangea

*Hydrangea arborescens 'Abetwo'* PP20571

An improved version of the garden classic 'Annabelle' but with strong, sturdy stems that do not flop over and extra-large blooms.

EXPOSURE: Full to part sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 4-5' x 4-5'

### Cityline® Venice Bigleaf Hydrangea

*Hydrangea macrophylla 'Venice Raven'*

Sturdy stems for this maintenance free pH dependent hydrangea.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 1-3' x 1-3'

### Invincibelle Limetta® Hydrangea

*Hydrangea arborescens 'NCHA8'*

PP30431

Strong stems hold blooms upright all season, and a dwarf, rounded habit. Lime green flowers appear early summer. They lighten to a soft green-white before turning jade green.

EXPOSURE: Full to part sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 3-4' x 3-4'

### Climbing Hydrangea

*Hydrangea anomala petiolaris*

Climbs without any support. Masses of white, lacecap flowers appear beginning early summer.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: Climbing to 20'+

### Invincibelle Mini Mauvette® Hydrangea

*Hydrangea arborescens 'NCHA7'*

PP30358

Flowers are a deep pink-mauve and held up on strong, sturdy stems that do not flop.

EXPOSURE: Full to part sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 30-36" x 30-36"

### Endless Summer® The Original Bigleaf Hydrangea

*Hydrangea macrophylla 'Bailmer'* PP15298

A Bailey Nursery introduction. It blooms on both current and old wood and if the spent flowers are removed it will bloom from June until the frost. Blue in acid soil. Pink in alkaline soils.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 3-5' x 3-5'

### Invincibelle Wee White® Hydrangea

*Hydrangea arborescens 'NCHA5'*

PP30296

The first dwarf 'Annabelle' type hydrangea in the world! Flowers emerges a soft, blush pink before changing to white and held on strong stems.

EXPOSURE: Full to part sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 12-30" x 12-30"

### Flare™ Panicle Hydrangea

*Hydrangea paniculata 'Kolmavesu'*

PP26928

Lacy white panicles of lava-like blooms quickly change in color from white to red. Compact habit.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 2-3' x 2-3'

### Invincibelle® Ruby Hydrangea

*Hydrangea arborescens 'NCHA3'*

PP28317

Dark burgundy red flower buds open to a two-toned combination of bright ruby red and silvery pink.

EXPOSURE: Full to part sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 3-4' x 2-3'

**Kimono™ Bigleaf Hydrangea**  
*Hydrangea macrophylla 'Hokomareki'*  
PPAF

Compact form. Two-tone red flowers that continue to bloom all season.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

NEW

**Little Lime® Panicle Hydrangea**  
*Hydrangea paniculata 'Jane'* PP22330

Considered a dwarf of 'Limelight' as it grows about one-third the size of its parent. Same flower type and appearance but overall more compact. Great for tight spots in your garden.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 2-4' x 3-5'

**Let's Dance® Moonlight Bigleaf Hydrangea**  
*Hydrangea macrophylla 'Robert'* PP20020

A strong rebloomer with large, rich colored mophead flowers. Flower color is pH dependent. Gets a good bronze fall color.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

**Little Quick Fire® Panicle Hydrangea**  
*Hydrangea paniculata 'SMHPLQF'* PP25136

Dwarf form of the popular Quick Fire®. Flowers about a month before other hydrangeas. White flowers transform to pink-red as summer progresses.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 3-5' x 3-5'

**Let's Dance® Starlight Bigleaf Hydrangea**  
*Hydrangea macrophylla 'Lynn'* PP20019

An excellent reblooming lace-cap. The massive blooms are pH dependent (pink or blue). They are held on strong stems.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

**Moonrock™ Panicle Hydrangea**  
*Hydrangea paniculata 'Kolmakilima'*

Part of the Bloomin' Easy® program. Creamy white blooms emerge with an intense lime-green center.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 4-6' x 4-6'

NEW

**Lime Rickey® Hydrangea**  
*Hydrangea arborescens 'SMNHALR'*  
PP28858

Large, disc-like blooms. The flowers start out a fresh green and age to rich jade, all accented with pink pollen for a unique accent.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4-6' x 4-6'

**Munchkin Oakleaf Hydrangea**  
*Hydrangea quercifolia 'Munchkin'*

Its compact plant form and large, upright inflorescences make it particularly suited for use in small residential landscapes. Exceptionally large flowers begin white, turn pink. Compact and dense, nice fall color.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

22

**Limelight Panicle Hydrangea**  
*Hydrangea paniculata 'Limelight'*  
PP12874

Upright round shrub. Exceptional bright lime green blossoms. Blooms several weeks before 'Pee Gee' and lasts well into fall. As flowers mature they turn a rich dark pink.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-8' x 6-8'

**Nantucket Blue™ Bigleaf Hydrangea**  
*Hydrangea macrophylla 'Grenan'*

Great new rebloomer that blooms repeatedly during the growing season.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-6' x 4-6'

**Limelight Prime® Panicle Hydrangea**  
*Hydrangea paniculata 'SMNHPPH'* PP32511

Blooms much earlier, creating a longer display than 'Limelight'. As the green blooms age, they develop pink and red tones that are far more vivid. Blooms are borne on stronger stems.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4-6' x 4-5'

**Nikko Blue Bigleaf Hydrangea**  
*Hydrangea macrophylla 'Nikko Blue'*

Large blue hydrangea in acid soil. Has been the standard by which other blue hydrangea have been compared to in the past.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-6' x 4-6'

**Little Hottie® Panicle Hydrangea**  
*Hydrangea paniculata 'Bailpanone'*  
PP32549

A new compact introduction, has very full flower heads with florets that emerge green and turn sparkling white. Good heat tolerance. First Editions® introduction.  
**EXPOSURE:** Full sun to part shade  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 3-5' x 3-5'

**Pee Wee Oakleaf Hydrangea**  
*Hydrangea quercifolia 'Pee Wee'*

This is my favorite Oak Leaf Hydrangea. It is much more refined than the other oak leaves. Its red wine fall color is outstanding. White flowers in mid summer.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

### Phantom Panicle Hydrangea

*Hydrangea paniculata* 'Phantom'

The largest flower heads of any of its species - up to 15" long. Blooms unfold midsummer as a creamy white, then mature to a blushing, soft pink.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 6-8' x 6-8'

NEW

### Strawberry Sundae® Panicle Hydrangea

*Hydrangea paniculata* 'Rensun' PP25438

Compact hydrangea. Flowers emerge creamy white in mid-summer, change to pink as night temperatures drop. Good for smaller spaces. A First Editions® variety.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 4-5' x 3-4'

NEW

### Pinky Winky® Panicle Hydrangea

*Hydrangea paniculata* 'DVP PINKY' PP16166

Flowers heads are 12-16" long, two toned that emerge white and turn pink with age. A stunning hydrangea.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-8' x 8-9'

### Summer Crush® Bigleaf Hydrangea

*Hydrangea macrophylla* 'Bailmacfiv'e' PP30359

An Endless Summer® introduction. A profusion of big raspberry red or neon purple blooms. Compact habit is ideal for container growing.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18-36" x 18-36"

NEW

### Quick Fire Fab® Panicle Hydrangea

*Hydrangea paniculata* 'SMNHPM' PP32513

A mophead panicle hydrangea. As the blooms age, they turn blush pink, then bright pink, then red, from the bottom up.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-8' x 5-6'

### Tiny Tuff Stuff™ Hydrangea

*Hydrangea serrata* 'MAKD' PP24842

Extremely bud-hardy, each year it produces abundant lacecap flowers comprised of doubled sepals. It is a rebloomer. Flower color may range from blue to pink to white

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 18-24" x 18-24"

NEW

### Quick Fire® Panicle Hydrangea

*Hydrangea paniculata* 'Bulk' PP16812

Showy white flowers. Similar to 'Pee Gee' but bloom later. Flowers turn pink in mid to late August.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-8' x 6-8'

### Tuff Stuff Ah-Ha® Hydrangea

*Hydrangea serrata* 'SMNHSD' PP29832

Creates new flower buds all summer long. Double florets look like pink or blue waterlilies. Blooms to frost.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

NEW

### Ruby Slippers Oakleaf Hydrangea

*Hydrangea quercifolia* 'Ruby Slippers'

Its compact form and dense plant habit make it ideally suited for use in small residential landscapes. Blooms open white and age to pink in summer. Compact and dense, nice fall color.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3' x 4-5'

### Tuff Stuff™ Hydrangea

*Hydrangea serrata* 'MAK20' PP24820

Sturdy lacecap blooms will be bright pink or deep purple-blue, depending on soil pH. Rebloomer. Blooms on old and new wood.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

NEW

### Snow Queen Oakleaf Hydrangea

*Hydrangea quercifolia* 'Snow Queen'

Upright, somewhat coarse branching. Large, white, well-filled flower heads are held on rigid stems and do not droop.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-6' x 5-6'

### Tuff Stuff™ Red Hydrangea

*Hydrangea serrata* 'SMNMAKTSR' PP28672

Large, lacecap flowers are a deep pink-red color which is set off by lustrous, deep green foliage. Blooms on both old and new wood.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

NEW

### Snowflake Oakleaf Hydrangea

*Hydrangea quercifolia* 'Brido'

Graceful weeping habit. Huge pendulous double white flowers to 12-15". Good fall color.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-6' x 4-6'

### Twist-n-Shout® Bigleaf Hydrangea

*Hydrangea macrophylla* 'PIIHM-I' PP20176

The flower color is pH dependent. Fall color is excellent and really sets off the color of any remaining blooms. It will bloom on the first year wood, so pruning is not an issue. Part of the Endless Summer® line.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-5' x 3-4'

### Vanilla Strawberry™ Panicle Hydrangea

*Hydrangea paniculata 'Renhy' PP20670*  
The enormous flower panicles are a blend of vanilla and strawberry that are held on red stems. The flowers then began to turn a fabulous combination of white and pink with cooler night temperatures.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-7' x 5-6'

### Blue Prince Holly

*Ilex x meserveae 'Blue Prince'*  
Broad-upright. Bushy pollinator for female form of the blue hollies.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12' x 8'

### Variegated Bigleaf Hydrangea

*Hydrangea macrophylla 'Variegata'*  
Creamy white and green foliage. Will not flower as a young plant, but as it becomes a more mature plant it produces lavender to purple flowers.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-6' x 3-6'

### Blue Princess Holly

*Ilex x meserveae 'Blue Princess'*  
Upright. Spreading, bushy not nearly as vertical as 'Blue Maid'. Good foliage. Compact red fruit.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12' x 9'

### Violet Crown Bigleaf Hydrangea

*Hydrangea macrophylla 'SAXWHIMAR' PP27112*  
Dazzling lime green and violet blooms edged in white that really pops against the rich green foliage.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

### China Boy® Holly

*Ilex x meserveae 'Mesdob'*  
Pollinator for 'China Girl'. Good heat tolerance. Rounded. Good vigorous grower. Dark green foliage.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 10' x 10'

### Zebra Bigleaf Hydrangea

*Hydrangea macrophylla 'Zebra' PP18688*  
Green flowers turn to white and measure 3" tall and 5" wide, and bloom all summer. The contrasting near-black stems provide a striking combination.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4' x 3'

### China Girl® Holly

*Ilex x meserveae 'Mesog'*  
Rounded Not as vigorous as 'China Boy'. Foliage color not as dark green. Good red fruit set most years. Heat tolerant.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 10' x 10'

### Hidcote St. John's Wort

*Hypericum x 'Hidcote'*  
Mounding shrub. Brilliant golden yellow cup shaped flowers.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2-4' H x 2-4' W

### Gem Box® Inkberry Holly

*Ilex glabra 'SMNIGAB17' PP27554*  
Dwarf evergreen looks more like a boxwood than an inkberry. A dense, ball-shaped plant. Has small, dainty, dark green leaves with attractive red tips on new growth.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

### Pumpkin St. John's wort

*Hypericum 'Kolmapuki'*  
A First Editions® introduction. Covered with yellow flowers in spring, followed by clusters of glowing orange berries each fall. Berries are great in floral arrangements.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 30-36" x 30-36"

### Blue Maid Holly

*Ilex x meserveae 'Blue Maid'*  
Pyramidal growth. Vigorous growth. Considered most hardy of all the blue hollies.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 12' x 8'

*Ilex crenata*, more commonly known as Japanese holly, is a group of broad-leaf evergreens that in our northern climates, should be planted in protected areas away from winter winds and direct winter sun. If at all possible they should be planted before September 1, so the plant can establish itself before winter. Several application of an anti-desiccant would be helpful in avoiding winter injury to these plants. As you may have noticed I have designated some as zone 5 plants and others as zones 5-6. The special measures I mentioned above especially apply to those plants designated as zones 5-6 plants.

### Mays Compact Japanese Holly

*Ilex crenata* 'Compacta Mays'

Compact flat topped. Flat glossy leaf.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 4-5' x 5'

### Red Beauty® Holly

*Ilex* x 'Rutzan' PP14750

Red berries combine with dark green foliage to create an annual spectacle. Dense, upright, conical form.

EXPOSURE: Full to part sun

HARDINESS: -10° to 0° F

HEIGHT/WIDTH: 7-10' x 4-5'

### Green Luster Japanese Holly

*Ilex crenata* 'Green Luster'

Somewhat coarse grower. Lustrous dark green foliage.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 4' x 6'

### Satyr Hill American Holly

*Ilex opaca* 'Satyr Hill'

A female holly with a compact, pyramidal upright habit.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 30-40' x 15-25'

### Heller's Japanese Holly

*Ilex crenata* 'Helleri'

Dwarf mounded layered look.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 3' x 6'

### Shamrock Holly

*Ilex glabra* 'Shamrock'

In my opinion this plant is overrated. It has a much smaller leaf and is more upright than the other varieties. It seems to have less foliage at the base of the plant and just doesn't seem as full. Compact, rounded habit.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 4' x 5' x 3'

### Honey Maid Holly

*Ilex x meserveae* 'Honey Maid' PP12060

Upright, rounded. Golden yellow and creamy foliage.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 5' x 5'

### Sky Pencil Japanese Holly

*Ilex crenata* 'Sky Pencil'

Narrow, upright growth habit.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 10' x 3'

### Hoogendorn Japanese Holly

*Ilex crenata* 'Hoogendorn'

Low growing, densely branched, compact evergreen shrub with handsome, flattened, dark green foliage.

Does not produce berries.

EXPOSURE: Full to part sun

HARDINESS: -10° to 0° F

HEIGHT/WIDTH: 2' x 3'

### Soft Touch Japanese Holly

*Ilex crenata* 'Soft Touch'

Very fine textured plant. Small compact globe shaped with glossy dark green foliage.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 3' x 4'

### Jersey Princess American Holly

*Ilex opaca* 'Jersey Princess'

The abundant red berries and dark glossy foliage are a thrilling sight in winter. Dense, pyramid habit.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 15-30' x 12-15'

### Steeds Japanese Holly

*Ilex crenata* 'Steeds'

Densely branched evergreen shrub with an attractive upright, pyramidal form. Lustrous, dark green foliage.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 8-10' x 4'

**Strongbox® Inkberry Holly**  
*Ilex glabra 'ILEXFARROWTRACEY'*  
PP30147

Naturally mounded shape and evergreen. Resistant to disease, pests and winter burn. Lush, dense foliage.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

**Winter Bounty Holly**  
*Ilex x 'Winter Bounty'*

This evergreen holly has bold, glossy foliage and heavy red berry set. Another introduction from the great Elwin Orton. Performs best if planted in dappled sun or light shade.  
**EXPOSURE:** Part shade  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 14' x 6'

**Jim Dandy Winterberry**  
*Ilex verticillata 'Jim Dandy'*

Compact grower. Male pollinator for 'Berry Nice' and 'Red Sprite'.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 3-6' x 3-6'

**Blue Pacific Juniper**

*Juniperus conferta 'Blue Pacific'*  
Low, trailing habit. Silver-blue foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-18" x 4'

**Red Sprite Winterberry**  
*Ilex verticillata 'Red Sprite'*

Compact, rounded habit. Glossy foliage and bright red fruits. Use 'Jim Dandy' as a pollinator.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

**Gold Lace Juniper**

*Juniperus chinensis 'Gold Lace'*  
Compact pfitzer-like habit. Foliage is the best gold of all the gold junipers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4' x 6'

**Southern Gentleman Winterberry**  
*Ilex verticillata 'Southern Gentleman'*

Male holly with dense, rich green foliage on an upright, rounded form. Male pollinator for 'Winter Red'.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-9' x 6-9'

**Gray Owl Juniper**

*Juniperus virginiana 'Gray Owl'*  
Thread-like silvery blue-gray needles makes a great statement in any landscape. Spreading, mounding habit.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 2-3' x 4-6'

**Winter Red Winterberry**  
*Ilex verticillata 'Winter Red'*

Small white blooms produce bright red fruit in fall, providing vivid winter color on bare stems. Multi-stemmed, erect shrub.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 6' x 8'

**Nick's Compact Juniper**

*Juniperus chinensis 'Nick's Compact'*  
Flat topped, wide spreading. Just like 'Pfitzer Compacta'. Blue-green foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 30" x 6'

**Little Henry® Dwarf Sweetspire**  
*Itea virginica 'Sprich'*

Sweetly scented, pure white flowers mid summer. Reddish purple Fall color. Good for naturalization projects. Low, mounded habit.  
**EXPOSURE:** Sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 18-24" x 3'

**Old Gold Juniper**

*Juniperus chinensis 'Old Gold'*  
Compact, spreading evergreen. Branch ends are tipped yellow-gold.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2-3' x 4-5'

Junipers as a whole should be planted in full sun and well drained soil. They can withstand dry conditions much better than wet if conditions are favorable. They are susceptible to some diseases such as twig blight, cedar-apple rust, and wilt. Insects that may be a problem are spider mites, bagworm and juniper aphids. None of these problems are of the magnitude to limit their use.

### Sargent's Juniper

*Juniperus chinensis 'Sargentii'*

Low, spreading habit. Blue-green foliage. One of the best groundcover forms.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 18-24" x 4'

### Sea Green Juniper

*Juniperus chinensis 'Sea Green'*

Compact, spreader with fountain-like arching branching. Foliage color mint green in summer, dark green in winter.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4-6' x 6-8'

### Andorra Juniper

*Juniperus horizontalis 'Plumosa Compacta'*

Dense spreading, flat-topped habit. Greenish gray foliage in summer, has a purple cast in winter.

**EXPOSURE:** Full sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 18" x 4'

### Bar Harbor Juniper

*Juniperus horizontalis 'Bar Harbor'*

Low growing, creeping habit. Blue-green turning more purple in winter. Good for planting where salt spray is a problem.

**EXPOSURE:** Full sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 1' x 6'

### Blue Rug Juniper

*Juniperus horizontalis 'Wiltoni'*

Fast growing, creeping groundcover. Silver-blue in summer. Light purplish tinge in winter.

**EXPOSURE:** Full sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 4-6" x 6-8'

### Blue Star Juniper

*Juniperus squamata 'Blue Star'*

Slow growing rounded squat plant. Has an interesting, irregular growth habit. Blue-silver foliage.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 3' x 4'

### Japanese Garden Juniper

*Juniperus procumbens 'Nana'*

Creeping, mounding habit. Blue-green foliage in summer, slightly purplish in winter.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 12-18" x 8'

Gone are the days when the nursery industry could only provide mountain laurel that was collected from the wild. Today we have mountain laurel that produce flowers in colors ranging from white to deep pink to banded. Some have leaves that are much like those of the native mountain laurel, while others have a much smaller leaf giving the plant a fine textured look. Some grow large, some stay small. Something for everyone. The hardiness zone of mountain laurel is 4 or 5 depending on who you talk to. Mountain Laurel should be planted in areas that are well drained and somewhat out of the wind. Ideally they should be placed in a partially shaded area. Heavy shade will result in plants that produce less flowers.

### Elf Mountain Laurel

*Kalmia latifolia 'Elf'*

Light pink in bud. Flower pure white, little leaf and slow growing.

**EXPOSURE:** Part shade

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 3' x 3'

### Firecracker Mountain Laurel

*Kalmia latifolia 'Firecracker'*

Deep, bright red flower buds open to a light pink. The foliage is deep green and glossy. Compact habit.

**EXPOSURE:** Part shade

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 3' x 2'

### Keepsake Mountain Laurel

*Kalmia latifolia 'Keepsake'*

Raspberry red buds opening to deep cinnamon red flowers with bright-white edges.

**EXPOSURE:** Part shade

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4.5' x 4.5'

### Little Linda Mountain Laurel

*Kalmia latifolia 'Little Linda'*

Red in bud. Flower opens white and then goes pink with age. A little leaf selection.

**EXPOSURE:** Part shade

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4.5' x 4.5'

### Madeline Mountain Laurel

*Kalmia latifolia 'Madeline'*

This is a truly double-flowered selection discovered in New Zealand. Its buds are pink, with the hose in hose flowers opening white with a pink flush.

**EXPOSURE:** Part shade

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 5' x 4'

### Minuet Mountain Laurel

*Kalmia latifolia 'Minuet'*  
Little leaf selection, pink in bud with bright cinnamon-maroon band flowers.  
EXPOSURE: Part shade  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 30" x 30"

### Tinkerbell Mountain Laurel

*Kalmia latifolia 'Tinkerbell'*  
Excellent substitute for 'Tiddlywinks'. Deeper pink and longer lasting flowers.  
EXPOSURE: Part shade  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 2' x 2'

### Olympic Fire Mountain Laurel

*Kalmia latifolia 'Olympic Fire'*  
Red buds to large pink flowers.  
EXPOSURE: Part shade  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 4.5' x 4'

### Golden Guinea Japanese Kerria

*Kerria japonica 'Golden Guinea'*  
Rich green foliage, graceful delicate shrub. Large golden single flowers, spreading. Early spring. A repeat bloomer.  
EXPOSURE: Part shade  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 3-5' x 3-5'

### Peppermint Mountain Laurel

*Kalmia latifolia 'Peppermint'*  
White flower with red center and candy stripes that radiate outward like spokes of a wheel.  
EXPOSURE: Part shade  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 4' x 3.5'

### Blush™ Black Diamond® Crape Myrtle

*Lagerstroemia hybrid 'Ebony Glow'*  
Rich foliage that is dark red to purple-black, holding its color all summer long. Light pink blooms in summer.  
EXPOSURE: Full sun  
HARDINESS: -10° to 0° F  
HEIGHT/WIDTH: 10-12' x 8'

### Pristine Mountain Laurel

*Kalmia latifolia 'Pristine'*  
Pure white flower, dark green foliage.  
EXPOSURE: Part shade  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 3' x 3'

### Crimson Red Black Diamond® Crape Myrtle

*Lagerstroemia hybrid 'Ebony Fire'*  
Rich red flowers, in large, showy clusters at the end of every branch, against dark foliage.  
EXPOSURE: Full sun  
HARDINESS: -10° to 0° F  
HEIGHT/WIDTH: 10-12' x 8'

### Raspberry Glow Mountain Laurel

*Kalmia latifolia 'Raspberry Glow'*  
Burgundy red buds open to raspberry pink flowers.  
EXPOSURE: Part shade  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 4' x 4'

### Pink Velour® Crape Myrtle

*Lagerstroemia indica 'Whit III'*  
Multi stemmed, small tree. Very vibrant fuchsia-pink color in mid summer.  
EXPOSURE: Full sun  
HARDINESS: -5° to 0° F  
HEIGHT/WIDTH: 15-20' x 15'

### Sarah Mountain Laurel

*Kalmia latifolia 'Sarah'*  
Best red flower of our Mountain Laurel collection.  
EXPOSURE: Part shade  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 4' x 4'

### Shell Pink™ Black Diamond® Crape Myrtle

*Lagerstroemia hybrid '1LI' PP28065*  
Small tree with vibrant dark-red leaves with brilliant coral pink flowers  
EXPOSURE: Full sun  
HARDINESS: -10° to 0° F  
HEIGHT/WIDTH: 10-12' x 8'

### Tiddlywinks Mountain Laurel

*Kalmia latifolia 'Tiddlywinks'*  
Little leaf selection with pink buds opening to soft pink flowers.  
EXPOSURE: Part shade  
HARDINESS: -20° to -10° F  
HEIGHT/WIDTH: 3' x 3'

### Victor Crape Myrtle

*Lagerstroemia indica 'Victor'*  
Compact, dwarf. Dark red flowers.  
EXPOSURE: Full sun  
HARDINESS: -10° to 0° F  
HEIGHT/WIDTH: 3-6' x 3-6'

### Coast Leucothoe

*Leucothoe axillaris*

Compact, spreading habit. White flowers appear in leaf axils in mid spring. Deer resistant. Plum purple winter color.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 3-6'

### Lennei Saucer Magnolia

*Magnolia x soulangiana 'Lennei'*

Deciduous flowering tree. Deep purple with white insides, large. It is the most commonly grown deciduous magnolia.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 20' x 20'

### Girard's Rainbow Drooping Leucothoe

*Leucothoe fontanesiana 'Rainbow'*

Low, graceful arching. New foliage is tricolor (white, pink and copper). Plum purple winter color.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4' x 6'

### Leonard Messel Magnolia

*Magnolia x loebneri 'Leonard Messel'*

Handsome small tree with a multi-stemmed habit. Flowers are somewhat fragrant and appear in early spring. The strap like petals are pink with a blushed out pink combination.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 10-15' x 12'

### Scarletta® Leucothoe

*Leucothoe fontanesiana 'Zebld'*

The outstanding attribute of this plant is the foliage. It flushes scarlet then turns green as it matures finally turns burgundy red for the fall and winter. More compact than L. axillaris. White bell shaped flowers mid summer.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2' x 4'

### Royal Star Magnolia

*Magnolia stellata 'Royal Star'*

Upright, rounded habit. Pink buds unfold to pure white. High petal count of 25-30 per flower. A superior, vigorous selection of the straight species. Great tree for the small landscape.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 15' x 15'

### California Privet

*Ligustrum ovalifolium*

Very fragrant white flowers early summer. Good plant for hedges, screens.

**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 10-15' x 10-15'

### Susan Saucer Magnolia

*Magnolia x soulangiana 'Susan'*

Primarily noted for its compact shrubby habit, fragrant fuchsia flowers and late bloom.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 8-12' x 8-12'

### Golden Ticket® Privet

*Ligustrum x vicaryi 'NCLX1' PP27301*

Glossy foliage emerges bright yellow and ages to chartreuse. Fragrant white flowers in summer. Non-invasive.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-6' x 4-6'

### Sweetbay Magnolia

*Magnolia virginiana*

Multi-stemmed, upright, spreading habit. Creamy white, lemon scented flowers in early summer. Will tolerate shade and does well in wet, even swampy soil types. Requires acidic soil.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 10-20' x 10'

### Ann Magnolia

*Magnolia x 'Ann'*

Multi branched large shrub or small tree. Deep purplish-red flowers mid spring. Typically flowers mid spring which makes it less apt to late frosts.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 10-12' x 10-12'

### Celtic Pride® Siberian Cypress

*Microbiota decussata 'Prides'*

Hardy, low growing evergreen for sun or shade, but the species is often plagued with tip die-back. This new selection solves that as it has superior disease resistance and winter color.

**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 1-3' x 4-5'

### Edith Bogue Southern Magnolia

*Magnolia grandiflora 'Edith Bogue'*

Tight, pyramidal evergreen tree. Large creamy white flowers are 8-12" and very fragrant. Blooms sporadically from late spring to fall.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 30' x 15'

### Northern Bayberry

*Myrica pensylvanica*

Plant is extremely adaptable. Can grow in full to 1/2 shade; in sandy or clay soils; can withstand salt spray either from the ocean or snow melting chemicals. Deciduous to semi-evergreen. Upright rounded dense shrub.

**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 5-10' x 5-10'

### Fire Power Nandina

*Nandina domestica 'Fire Power'*  
Dwarf and compact evergreen with tightly branched foliage. Fall and winter color outstanding. Fluorescent glowing red.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 1-2' x 2'

### Coppertina® Ninebark

*Physocarpus opulifolius 'Mindia'*  
PP16371

A new hybrid between 'Dart's Gold' and 'Diabolo' that flushes an attractive copper in spring and transforms to a rich red in summer.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-8' x 6-8'

### Gulf Stream Nandina

*Nandina domestica 'Gulf Stream'*  
Forms a large, dense, compact mound with excellent red fall and winter color. In colder climates, it will completely defoliate towards the end of winter.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 30-36" x 24-30"

### Little Devil™ Ninebark

*Physocarpus opulifolius 'Donna May'* PP22634  
Introduction from First Editions®, this compact ninebark has great deep burgundy foliage. White-pink flowers appear in June and are a great contrast to the foliage. Outstanding selection for a small urban garden.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 3' x 3'

### Goshiki False Holly

*Osmanthus heterophyllus 'Goshiki'*  
Dense growing, pyramidal shaped evergreen. Holly like with heavy doses of gold flecked variegation that turns cream as the leaves age.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 8-10' x 6-8'

### Red Baron Ninebark

*Physocarpus opulifolius 'Red Baron'*  
Upright shrub with emerging dark red foliage that matures to deep burgundy-black. Pinkish-white flowers in late spring.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-8' x 6-8'

### Gulftide False Holly

*Osmanthus heterophyllus 'Gulftide'*  
An upright growth habit grows in thick and lush. Young green foliage resembles spiny Holly leaves. As they leaves age, the spines become less prominent.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 10-15' x 5-6'

### Summer Wine® Ninebark

*Physocarpus opulifolius 'Seward'* PP14821  
Somewhat rounded, compact shrub. Dark crimson red leaves similar in color to the leaves of 'Crimson King' Maple. Leaves are deeply cut and have a distinct serrated edge. Pinkish-white, button-like flowers in mid summer.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 5-6' x 4'

### Party Lights™ Osmanthus

*Osmanthus heterophyllus 'sPg-3-021'*  
Produces an eye-catching spring display of variegated pink, cream, and yellow foliage. Attractive, compact habit in the landscape.  
**EXPOSURE:** Full sun to part shade  
**HARDINESS:** -10° to 0° F  
**HEIGHT/WIDTH:** 4-5' x 3'

### Tiny Wine® Ninebark

*Physocarpus opulifolius 'SMPOTW'*  
PP26749  
Dwarf form that is smaller than others in the market. White flowers in late spring all along the stems. Dark bronze-maroon foliage.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

### Boston Ivy

*Parthenocissus tricuspidata*  
Fast growing vigorous and deciduous vine. Extremely hardy. Outstanding fall color.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** Climbing to 30'+

### Bird's Nest Spruce

*Picea abies 'Nidiformis'*  
Compact dense spreading plant with very symmetrical growth habit. Most have a depression in center of the plant, hence the common name.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -50° to -40° F  
**HEIGHT/WIDTH:** 3-6' x 3-6'

### Center Glow Ninebark

*Physocarpus opulifolius 'Center Glow'*  
PP16894  
New leaves have an attractive glowing center of golden yellow, before the leaf turns entirely red. Pinkish-white flowers in late spring.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-8' x 6-8'

### Dwarf Alberta Spruce

*Picea glauca 'Conica'*  
Very compact dense growth 2-4" per year; conical in shape.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -50° to -40° F  
**HEIGHT/WIDTH:** 10' x 12' in 20 years.

### Cavatine Japanese Pieris

*Pieris japonica 'Cavatine'*  
Dwarf, compact, dense, mounding habit. White flowers.

**EXPOSURE:** Part shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2' x 2'

### Purity Japanese Pieris

*Pieris japonica 'Purity'*  
Large, white, slightly fragrant flowers, in clusters, early spring. Leaves emerge bronze, maturing to deep green.

**EXPOSURE:** Part shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

### Dorothy Wykoff Japanese Pieris

*Pieris japonica 'Dorothy Wykoff'*  
Dark red flowers buds open to pure white flowers held by red bracts. Very showy fall, winter and early spring. Deep green with purplish green fall and winter color.

**EXPOSURE:** Part shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 6-8' x 4-5'

### Scarlet O'Hara Japanese Pieris

*Pieris japonica 'Scarlet O'Hara'*  
Upright, rounded habit. Flowers profusely at an early age. New growth is pink.

**EXPOSURE:** Part shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 6-8' x 4-5'

### Flaming Silver Japanese Pieris

*Pieris japonica 'Flaming Silver'*  
Compact growth with silver-edged, green leaves. New growth is pink. White flowers in early spring.

**EXPOSURE:** Part shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4' x 5'

### Valley Valentine Japanese Pieris

*Pieris japonica 'Valley Valentine'*  
Maroon buds open to reddish pink flowers. These are some of the reddest Pieris flowers I have seen. It's a show stopper.

**EXPOSURE:** Part shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4' x 4'

### Katsura Japanese Pieris

*Pieris japonica 'Katsura' PP15452*  
Boasts large, glossy, evergreen leaves with eye catching wine-red new growth. The rose colored flowers appear in the spring and are long lasting.

**EXPOSURE:** Part shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3' x 3'

### Pumilio Mugo Pine

*Pinus mugo 'Pumilio'*  
Somewhat variable in size because propagated from seed. Fairly uniform compact growth because of 'Pumilio' seed source.

**EXPOSURE:** Full sun  
**HARDINESS:** -50° to -40° F  
**HEIGHT/WIDTH:** Variable size

### Little Heath Japanese Pieris

*Pieris japonica 'Little Heath'*  
Very compact habit. Yellowish green variegation in mature leaves. New growth pink. White flowers.

**EXPOSURE:** Part shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2' x 2'

### Dakota Sunspot® Potentilla

*Potentilla fruticosa 'Fargo'*  
Profuse vivid yellow flowers starting in June ending with frost. We feel it is the best of the yellows. Compact, spreading habit.

**EXPOSURE:** Full sun  
**HARDINESS:** -50° to -40° F  
**HEIGHT/WIDTH:** 2' x 3'

### Mountain Fire Japanese Pieris

*Pieris japonica 'Mountain Fire'*  
One of the most popular Pieris cultivars that we grow. Slightly smaller than other cultivars. Upright, rounded habit. Pink in bud, white in bloom. New growth is fire red.

**EXPOSURE:** Part shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-6' x 3-5'

### Mandarin Tango® Potentilla

*Potentilla fruticosa 'Jefman' PP29830*  
1" single flowers in a nice shade of orange with a hint of red. Rounded habit with lovely green leaves. First Editions® introduction.

**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

### Prelude Japanese Pieris

*Pieris japonica 'Prelude'*  
Dwarf selection that flowers later than other forms. Clusters of white flowers appear in spring. New leaves are pinkish, maturing to green.

**EXPOSURE:** Part shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 30" x 30"

### Marmalade® Potentilla

*Potentilla fruticosa 'Jefmarm' PP31663*  
Double flowered form with blooms in an intense shade of orange. Blooms early summer through fall. Tight habit with dark green foliage. First Editions® introduction.

**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

### McKay's White Potentilla

*Potentilla fruticosa 'McKay's White'*  
Creamy white blossoms. No seed heads. Mounded habit.

**EXPOSURE:** Full sun  
**HARDINESS:** -50° to -40° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

### Anah Kruschke Rhododendron

*Rhododendron 'Anah Kruschke'*  
Upright, rounded habit. Reddish purple almost iridescent bloom. Late mid-season. Will tolerate some sun.

**EXPOSURE:** Part sun  
**HARDINESS:** -15° to -10° F (H2)  
**HEIGHT/WIDTH:** 6' x 4'

### Pink Beauty Potentilla

*Potentilla fruticosa 'Pink Beauty'*  
Clear pink semi-double flowers. The color will fade when nights are exceptionally warm. Nice globe shape.

**EXPOSURE:** Full sun  
**HARDINESS:** -50° to -40° F  
**HEIGHT/WIDTH:** 2-3' x 3-4'

### Barmstedt Rhododendron

*Rhododendron 'Barmstedt'*  
Compact, neat habit. Purplish-pink picotee-edged blooms. New growth has silvery indumentums.

**EXPOSURE:** Part sun  
**HARDINESS:** -15° to -10° F (H2)  
**HEIGHT/WIDTH:** 3' x 3'

### Beach Plum

*Prunus maritima*  
Produces edible purple fruit that is used for jellies and jams. This plant thrives along the coast from Maine to Virginia. White flowers early summer.

**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6' x 6'

### Boursault Rhododendron

*Rhododendron 'Boursault'*  
Dense spreading habit. Blooms open purple and turn rose-lilac with age.

**EXPOSURE:** Part sun  
**HARDINESS:** -25° - 20° F (H1)  
**HEIGHT/WIDTH:** 5' x 6'

### Pink Flowering Almond

*Prunus glandulosa 'Rosea Plena'*  
Upright vase shaped habit. Double pink flowers early spring. Valued for its spectacular early season blooms.

**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 5-6' x 3-4'

### Bubblegum Rhododendron

*Rhododendron 'Bubblegum'*  
Compact, rounded habit. Single pink flowers.

**EXPOSURE:** Part sun  
**HARDINESS:** -15° to -10° F (H2)  
**HEIGHT/WIDTH:** 3' x 3'

### Sand Cherry

*Prunus x cistena*  
Small pink fragrant flowers appear late spring. Purplish-red foliage persists throughout the season. Upright, oval habit.

**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-8' x 4-6'

### Catawbiense Album Rhododendron

*Rhododendron catawbiense 'Album'*  
Rounded habit. Pink in bud, white in flower.

**EXPOSURE:** Part sun  
**HARDINESS:** -25° - 20° F (H1)  
**HEIGHT/WIDTH:** 6' x 6'

After some deliberation I have decided to list our collection of Rhododendrons in alphabetical order. They could be listed many different ways but I have decided that this would be the easiest way for you to find the characteristics of a particular variety. Any information that you give a customer about rhododendron should also include facts about the culture of the plant. Rhododendrons like moist, well drained soil conditions in part shade and away from winter winds. Placing them in poorly drained soils and or full sun situations will predispose them to insect and disease infestations. Hardiness classifications for rhododendrons are somewhat different than for other plants.

### Cherry Cheesecake Rhododendron

*Rhododendron 'Cherry Cheesecake'*  
Mounding habit. Pure white with red edges and red splotches.

**EXPOSURE:** Part sun  
**HARDINESS:** -15° to -10° F (H2)  
**HEIGHT/WIDTH:** 5' x 5'

### Chionoides Rhododendron

*Rhododendron 'Chionoides'*  
Low spreading habit. White flowers, late mid season.

**EXPOSURE:** Part sun  
**HARDINESS:** -15° to -10° F (H2)  
**HEIGHT/WIDTH:** 4' x 5'

### Crete Rhododendron

*Rhododendron 'Crete'*

Low mounding habit. Buds purplish pink then flowers mature to white.

**EXPOSURE:** Part sun

**HARDINESS:** -25° - 20° F (H1)

**HEIGHT/WIDTH:** 4' x 5'

### Francesca Rhododendron

*Rhododendron 'Francesca'*

Globe-shaped habit. Black red buds open to carmine red flowers late midseason.

**EXPOSURE:** Part sun

**HARDINESS:** -15° to -10° F (H2)

**HEIGHT/WIDTH:** 6' x 6'

### Cunningham's White Rhododendron

*Rhododendron 'Cunningham's White'*

Low, compact, very dense foliage. Pink in bud, white bloom.

**EXPOSURE:** Part sun

**HARDINESS:** -15° to -10° F (H2)

**HEIGHT/WIDTH:** 4' x 4'

### Hachmann's Polaris Rhododendron

*Rhododendron 'Hachmann's Polaris'*

An abundance of ruffled, ruby pink flowers with soft pink centers late midseason.

**EXPOSURE:** Part sun

**HARDINESS:** -25° - 20° F (H1)

**HEIGHT/WIDTH:** 4' x 4'

### Edith Bosley Rhododendron

*Rhododendron 'Edith Bosley'*

Rounded habit. Deep purple with purple-black markings in midseason.

**EXPOSURE:** Part sun

**HARDINESS:** -25° - 20° F (H1)

**HEIGHT/WIDTH:** 4' x 4'

### Henry's Red Rhododendron

*Rhododendron 'Henry's Red'*

Deep red flowers on 12-15" trusses in midseason. Extremely hardy with attractive foliage.

**EXPOSURE:** Part sun

**HARDINESS:** -25° - 20° F (H1)

**HEIGHT/WIDTH:** 4' x 5'

### English Roseum Rhododendron

*Rhododendron 'English Roseum'*

Vigorous yet compact. Heat tolerant. Pink flowers.

**EXPOSURE:** Part sun

**HARDINESS:** -25° - 20° F (H1)

**HEIGHT/WIDTH:** 6' x 6'

### Holden Rhododendron

*Rhododendron 'Holden'*

Broad, compact habit. Rose-red midseason.

**EXPOSURE:** Part sun

**HARDINESS:** -15° to -10° F (H2)

**HEIGHT/WIDTH:** 4' x 5'

### Cannon's Double Deciduous Azalea

*Rhododendron Exbury 'Cannon's Double'*

Stunning clusters of lightly-scented white trumpet-shaped flowers with yellow throats and rose edges at the ends of the branches in mid spring.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 6' x 4'

### Janet Blair Rhododendron

*Rhododendron 'Janet Blair'*

Dense well-branched glossy green, thick foliage. Frilly light pink flowers midseason.

**EXPOSURE:** Part sun

**HARDINESS:** -25° - 20° F (H1)

**HEIGHT/WIDTH:** 6' x 6'

### Gibraltar Deciduous Azalea

*Rhododendron Exbury 'Gibraltar'*

Huge trusses of lightly scented, coppery-orange flowers open from red-orange buds before the shrub's leaves appear.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4-6' x 4'

### Ken Janeck Rhododendron

*Rhododendron 'Ken Janeck'*

Slow growing, dwarf and compact. Flowers open in May to pale pink and mature pure white.

**EXPOSURE:** Part sun

**HARDINESS:** -25° - 20° F (H1)

**HEIGHT/WIDTH:** 2-3' x 4-5'

### Florence Parks Rhododendron

*Rhododendron 'Florence Parks'*

Globe-shaped habit. Deep purple flowers form a star shaped whorl.

**EXPOSURE:** Part sun

**HARDINESS:** -25° - 20° F (H1)

**HEIGHT/WIDTH:** 5' x 6'

### Landmark Rhododendron

*Rhododendron 'Landmark'*

Upright habit. Dark pink to red flowers in early to midseason.

**EXPOSURE:** Part sun

**HARDINESS:** -25° - 20° F (H1)

**HEIGHT/WIDTH:** 4' x 3'

### Melrose Flash Rhododendron

*Rhododendron 'Melrose Flash'*

This is a R. 'Scintillation' hybrid that's very heat tolerant. The flowers are pink with ivory on the inside and with pink edges.

**EXPOSURE:** Part sun  
**HARDINESS:** -15° to -10° F (H2)  
**HEIGHT/WIDTH:** 4' x 3'

### Purple Passion Rhododendron

*Rhododendron 'Purple Passion'*

Vigorous dense and compact. One of the best purples in our collection. Deep rich purple in late midseason.

**EXPOSURE:** Part sun  
**HARDINESS:** -25° - 20° F (H1)  
**HEIGHT/WIDTH:** 6' x 5'

### Maximum Roseum Rhododendron

*Rhododendron 'Maximum Roseum'*

Loose and open if left unpruned. Branches very prolifically if pruned. Light pink flower that blooms after most other Rhododendrons.

**EXPOSURE:** Part sun  
**HARDINESS:** -25° - 20° F (H1)  
**HEIGHT/WIDTH:** 5-10' x 5-10'

### Rangoon Rhododendron

*Rhododendron 'Rangoon'*

Broad spreading habit. Not only are the dark red flowers spectacular, but throughout the fall and winter, the flower buds are very showy with a tint of red, highlighting the winter landscape.

**EXPOSURE:** Part sun  
**HARDINESS:** -15° to -10° F (H2)  
**HEIGHT/WIDTH:** 4' x 6'

### Nova Zembla Rhododendron

*Rhododendron 'Nova Zembla'*

Somewhat open habit. Red-orange blooms late midseason.

**EXPOSURE:** Part sun  
**HARDINESS:** -25° - 20° F (H1)  
**HEIGHT/WIDTH:** 5' x 6'

### Roseum Elegans Rhododendron

*Rhododendron 'Roseum Elegans'*

Upright, well branched habit. Lilac rose flowers late midseason.

**EXPOSURE:** Part sun  
**HARDINESS:** -25° - 20° F (H1)  
**HEIGHT/WIDTH:** 6' x 8'

### Percy Wiseman Rhododendron

*Rhododendron yakushmanum 'Percy Wiseman'*

Compact habit. Peach yellow blossoms fading to soft cream midseason.

**EXPOSURE:** Part sun  
**HARDINESS:** -15° to -10° F (H2)  
**HEIGHT/WIDTH:** 3' x 4'

### Roseum Pink Rhododendron

*Rhododendron 'Roseum Pink'*

More compact than 'Roseum Elegans'. Pink flowers late midseason.

**EXPOSURE:** Part sun  
**HARDINESS:** -25° - 20° F (H1)  
**HEIGHT/WIDTH:** 5' x 6'

### PJM Elite Rhododendron

*Rhododendron 'PJM Elite'*

Most upright and vigorous of the PJM forms. Early lavender pink flowers.

**EXPOSURE:** Part sun  
**HARDINESS:** -25° - 20° F (H1)  
**HEIGHT/WIDTH:** 5' x 5'

### Scintillation Rhododendron

*Rhododendron 'Scintillation'*

Broad, well branched habit. One of the most attractive pink flowering rhododendron in our collection. Blooms mid season with large pink flowers with green and bronze markings.

**EXPOSURE:** Part sun  
**HARDINESS:** -15° to -10° F (H2)  
**HEIGHT/WIDTH:** 5' x 5'

### Polarnacht Rhododendron

*Rhododendron 'Polarnacht'*

Mid to late season bloomer that produces frilly deep dark purple blooms with spotted red throats. The flowers are typically held in trusses of 12-14

**EXPOSURE:** Part sun  
**HARDINESS:** -15° to -10° F (H2)  
**HEIGHT/WIDTH:** 3' x 6'

### Skookum Rhododendron

*Rhododendron 'Skookum'*

Mounding habit with profuse red blooms.

**EXPOSURE:** Part sun  
**HARDINESS:** -25° - 20° F (H1)  
**HEIGHT/WIDTH:** 4' x 4'

### Purple Gem Rhododendron

*Rhododendron 'Purple Gem'*

Dwarf, low growing with small leaves. Purple-violet in midseason. New foliage is blue-green. Bronzy winter color.

**EXPOSURE:** Part sun  
**HARDINESS:** -25° - 20° F (H1)  
**HEIGHT/WIDTH:** 2' x 3'

### Vulcan's Flame Rhododendron

*Rhododendron 'Vulcan's Flame'*

Broad rounded. Much more compact than 'Nova Zembla'. Good branching. Cardinal red flowers appear late mid season. Nicer plant than 'Nova Zembla' but not as cold hardy.

**EXPOSURE:** Part sun  
**HARDINESS:** -15° to -10° F (H2)  
**HEIGHT/WIDTH:** 5' x 6'

### Yaku Prince Rhododendron

*Rhododendron 'Yaku Prince'*

Blossoms open purplish pink and mature to pale pink with darker blush markings. Silvery new growth.

**EXPOSURE:** Part sun

**HARDINESS:** -25° - 20° F (H1)

**HEIGHT/WIDTH:** 3' x 4'

### The Fairy Rose

*Rosa 'The Fairy'*

Compact clumps of shiny, mid-green leaves. From mid-summer to fall, double, seashell pink flowers are borne freely on the plant.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 30" x 30"

### Yaku Princess Rhododendron

*Rhododendron 'Yaku Princess'*

Appleblossom-pink flowers that fade to white as they mature.

**EXPOSURE:** Part sun

**HARDINESS:** -15° to -10° F (H2)

**HEIGHT/WIDTH:** 3' x 4'

### Gro-low Fragrant Sumac

*Rhus aromatica 'Gro-low'*

Low, wide spreading habit. Yellow flowers, very red fruit, red fall color.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 1-2' x 6-8'

### Tiger Eyes® Cutleaf Staghorn Sumac

*Rhus typhina 'Bailtiger' PP16185*

A First Editions® introduction. Upright rounded gold-leaved form, with branches that angle upward. The bright gold of the summer foliage is replaced in the fall by intense yellow, orange and scarlet colors, each fighting for attention.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 6' x 6'

### Apricot Drift® Rose

*Rosa 'Meimirrote' PP22354*

Double apricot colored flowers. Groundcover habit, disease and pest resistant.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 18" x 30"

### Rugosa Rose

*Rosa rugosa*

This vigorous plant produces bushels of 3-5" non-fading, fire engine red flowers.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4-6' x 4-6'

### Coral Drift® Rose

*Rosa 'Meidrifora' PP19148*

Bright, coral-orange blooms. Groundcover habit, disease and pest resistant.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 18" x 30"

### Sandy Rugosa Rose

*Rosa rugosa 'Sandy'*

Pink flowers in summer. Very adaptive with good tolerance to salt spray and droughty soil conditions.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 5-6' x 5-6'

### Icy Drift® Rose

*Rosa 'Meipicdevoj' PPAF*

Pure white, double blooms in large clusters. Groundcover habit, disease and pest resistant.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 18" x 3'

### Ramblin' Red® Rose

*Rosa 'RADramblin' PP14270*

This climber came to us from the creator of Knock Out® Roses. This is a great climbing rose with excellent disease resistant foliage. Everblooming, true rich red color.

**EXPOSURE:** Full sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** Climbing to 8'+

### Lemon Drift® Rose

*Rosa 'Meisentmil' PP20635*

Very bushy, compact, and rounded habit. A nice lemony shade.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 18" x 30"

Drift® Roses are low-growing prolific bloomers from early spring right thru until frost, very low maintenance, disease & pest resistant, both cold & heat tolerant, and have excellent growth rates.

### Pink Drift® Rose

*Rosa 'Meijocos' PP18874*  
Deep pink flowers with a soft, faded center. Groundcover habit, disease and pest resistant.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18" x 3'

### Peachy Knock Out® Rose

*Rosa 'Radgor' PP25628*  
Peach colored blooms, achieved with the combination of pink petals that become yellow in the center.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3' x 3-4'

### Red Drift® Rose

*Rosa 'Meigalpio' PP17877*  
Petite, red flowers. Groundcover habit, disease and pest resistant.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18" x 30"

### Petite Knock Out® Rose

*Rosa 'Meibenbino' PP30811*  
First-ever miniature Knock Out® Rose. Displays smaller blooms but just as numerous.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18" x 18"

### Sweet Drift® Rose

*Rosa 'Meiswedom' PP21612*  
Full clusters of sweet pink blooms. Groundcover habit, disease and pest resistant.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18" x 30"

### Pink Double Knock Out® Rose

*Rosa 'Radtkopink' PP18507*  
Double pink flowers spring to frost. Disease and pest resistant foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4-5' x 4-5'

### White Drift® Rose

*Rosa 'Meizorland' PPAF*  
Pure white, fully double flowers that are perfectly shaped like miniature roses.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18" x 30"

### Sunny Knock Out® Rose

*Rosa 'Radsunny' PP18562*  
One of the most fragrant members of the Knock Out® family. A slightly more upright habit with bright yellow flowers that fade quickly to a pastel cream color.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-4' x 4-5'

### Kashmir Rose

*Rosa 'BALmir'*  
Velvety red blossoms are as soft as cashmere and are great for cutting. A member of the Easy Elegance® series.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-4' x 2-3'

### The Double Knock Out® Rose

*Rosa 'Radtko' PP16202*  
Compact, shrub rose. Twice the number of petals of The Knock Out® Rose, presenting a richer cherry red inflorescens.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 30" x 3'

### Yellow Brick Road Rose

*Rosa 'BALoad' PP19046*  
Stunning lightly-scented lemon yellow flowers at the ends of the stems from late spring to late fall. It has disease resistant green foliage. A member of the Easy Elegance® series.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

### The Knock Out® Rose

*Rosa 'RADrazz' PP11836*  
Fluorescent cherry red blossoms, deep purple fall foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3' x 4'

### Coral Knock Out® Rose

*Rosa 'Radral' PP19803*  
Unique coral color of this rose is even stronger in hot, humid climates. Young foliage is bronze-red.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4' x 4'

### The Pink Knock Out® Rose

*Rosa 'RADcon' PP15070*  
Single petals, just like the original, but in a beautiful shade of bright pink.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4' x 3'

### White Knock Out® Rose

*Rosa 'Radwhite' PP20273*

Pure white blooms and very dark green foliage.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 3-4' x 3-4'

NEW

### Oso Easy® Paprika Rose

*Rosa sp. 'ChewMayTime' PP18347*

Low-growing rose is covered in orange blooms, each accented with a yellow center. Easy care, disease resistant foliage.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 1-2' x 1-2'

### Daphne Spirea

*Spiraea japonica var. alpina*

Light pink flowers late spring to early summer. Will rebloom if old flowers removed. Dwarf, compact habit.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 12-15" x 3'

### Double Play® Artisan® Spirea

*Spiraea japonica 'Galen' PP21712*

Red new growth in spring is followed by fuchsia summer flowers. Compact mound.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 24-30" x 24-30"

### Pussy Willow

*Salix discolor*

Upright, deciduous shrub. Attractive silky pearl gray catkins on leafless stems in late spring.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 6-12' x 5-8'

### Double Play® Candy Corn® Spirea

*Spiraea japonica 'NCSX1' PP28313*

New growth emerges bright candy apple red. As it matures, it turns pineapple yellow and any more new growth is orange. Dark purple flowers in late spring to early summer

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 18-24" x 18-30"

NEW

### Nishiki Willow

*Salix integra 'Hakura Nishiki'*

Rounding spreading, somewhat graceful in habit. Green, pink and white foliage with some leaves being all white.

EXPOSURE: Part shade

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 4-6' x 4-6'

### Double Play® Doozie® Spirea

*Spiraea x 'NCSX2' PP30953*

Deep red new foliage. Flowers begin to emerge in late spring, a bright, glowing purple-red and continues to flower, as it does not produce seeds.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 2-3' x 2-3'

NEW

### Sweetbox

*Sarcococca hookeriana var. humilis*

Low growing, spreading habit. Small white flowers in spring. Fragrant white flowers are followed by blue-black fruit.

EXPOSURE: Part sun to shade

HARDINESS: -10° to 0° F

HEIGHT/WIDTH: 1-2' x 6-8'

### Double Play® Gold Spirea

*Spiraea japonica 'Yan' PP21615*

This compact, low mounded plant has vibrant golden foliage and an abundance of pure pink summer flowers.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 18-24" x 18-24"

### Japanese Umbrella-Pine

*Sciadopitys verticillata*

Has very unusual textures. Dark green glossy needle-like leaves. The needles radiate around the stem creating an umbrella effect hence the name Umbrella Pine. Slow growing.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 20-30' x 15-20'

### Double Play® Red Spirea

*Spiraea japonica 'SMNSJMFR'*

PP26993

A flower color breakthrough, with nearly-red flowers. Showy dark burgundy spring foliage.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 2-3' x 2-3'

NEW

### Anthony Waterer Spirea

*Spiraea x bumalda 'Anthony Waterer'*

Rounded habit. Wine red flowers in mid summer and will rebloom if old flowers removed.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 3' x 4'

### Flowering Choice Spirea

*Spiraea x bumalda 'Flowering Choice'*

PP13916

As fall approaches the leaves again turn a brilliant burgundy color. Purplish pink flowers when they first appear in early summer, fading to a lighter pink as they mature. New foliage is purple-red.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 15-18" x 12-15"

### Gold Mound Spirea

*Spiraea japonica 'Gold Mound'*

Noted for its attractive golden foliage. Leaves emerge golden in spring, but gradually fade to a gold-green as the summer progresses. Fall color may include interesting yellows, oranges and reds. Small pink flowers to 3" across appear in late spring.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2-3' x 4'

### Shirobana Spirea

*Spiraea japonica 'Shirobana'*

Mounding growth habit. Displays three different colored blooms all on the same shrub, at the same time.

**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 3' x 3-4'

### Golden Elf Spirea

*Spiraea japonica 'Golden Elf' PP12025*

Pink flowers late spring and then sporadically throughout the summer. Gold, carpet-like foliage all summer long.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 6-8" x 2'

### Snowmound Spirea

*Spiraea nipponica 'Snowmound'*

Rounded, dense shrub. Masses of pure white flowers late spring to early summer.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

### Little Princess Spirea

*Spiraea japonica 'Little Princess'*

Low, mounded, dense habit. Pink flowers will rebloom if old flowers are removed. Mint green color in summer, dark red fall foliage.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 30" x 3'

### Cutleaf Stephanandra

*Stephanandra incisa 'Crispa'*

Makes an excellent ground cover. Mounded, spreading habit. Small, star-shaped white flowers in late spring

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 1-2' x 3-6'

### Magic Carpet Spirea

*Spiraea japonica 'Walbura'*

Deep pink flowers early summer, will rebloom if old flowers removed. Emerges from the winter doldrums with bright red shoots maturing into rich bronze red tipped foliage. Fall foliage is a rich red.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 18" x 2'

### Bloomerang® Dark Purple Lilac

*Syringa x 'SMSJBP7' PP26549*

Handsome, rounded shrub, very large dark purple buds emerge in mid to late spring. Reblooms in mid to late summer.

**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 4-6' x 4-6'

### Neon Flash Spirea

*Spiraea japonica 'Neon Flash'*

Vivid pink-red flowers in summer and rich purple-green new growth.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3' x 3'

### Common Purple Lilac

*Syringa vulgaris*

Upright, spreading habit. Single purple flowers in May are very fragrant.

**EXPOSURE:** Full sun  
**HARDINESS:** -50° to -40° F  
**HEIGHT/WIDTH:** 12-15' x 8-12'

### Rainbow Fizz™ Spirea

*Spiraea japonica 'Matgold' PP2887*

Foliage emerges copper, changes to yellow with red tips in spring, and then finishes with copper-red in fall. Flower buds are pink and open to red.

**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

### Common White Lilac

*Syringa vulgaris var. alba*

Upright, spreading habit. Single white flowers in May are very fragrant.

**EXPOSURE:** Full sun  
**HARDINESS:** -50° to -40° F  
**HEIGHT/WIDTH:** 12-15' x 8-12'

### Renaissance Spirea

*Spiraea x vanhouttei 'Renaissance'*

Vase shaped, somewhat arching branching habit. White blooms late spring cascade to the ground. Disease resistant, blue-green summer color. Orange red fall color.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 5-7' x 6-8'

### Donald Wyman Lilac

*Syringa x prestoniae 'Donald Wyman'*

Upright, dense habit. Purple buds open to reddish purple flowers two weeks after vulgaris types.

**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 8-10' x 4-6'

### Dwarf Korean Lilac

*Syringa meyeri 'Palibin'*  
Reddish purple buds opening to fragrant pink lilac flowers in May. Compact, rounded habit.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 4-5' x 5-7'

### Fire Chief™ Arborvitae

*Thuja occidentalis 'Congabe' PP19009*  
Bright gold foliage brightens the tidy globe-shaped shrub in spring. Summer brings gentle hues of orange which deepen to red in fall. No pruning needed to maintain its shape.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-4' x 2-4'

### Katherine Havemeyer Lilac

*Syringa vulgaris 'Katherine Havemeyer'*  
Abundant clusters of double, lavender-pink, fragrant flowers on dark green, disease resistant foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 10-12' x 8-10'

### Green Giant Western Arborvitae

*Thuja standishii x plicata 'Green Giant'*  
Broad pyramidal habit. Lustrous rich medium green foliage. Fast growing.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 40-50' x 25'

### Miss Kim Lilac

*Syringa patula 'Miss Kim'*  
Purple buds open to pale lilac. Flowers later than most other lilacs. Beautiful burgundy red fall color.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-7' x 5-6'

### Hetz Midget Arborvitae

*Thuja occidentalis 'Hetz Midget'*  
Dense globe shaped form. Rich green scale-like foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -50° to -40° F  
**HEIGHT/WIDTH:** 3' x 3'

### Tinkerbelle® Lilac

*Syringa x 'Bailbelle' PP12294*  
Wine red flower buds opening to a fragrant pink flower in May. Rounded, upright, non-suckering habit.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 5-6' x 4-5'

### Jantar Arborvitae

*Thuja occidentalis 'Jantar' PP22296*  
Brilliant yellow foliage early in the season turns to a nice amber color as the summer goes on. Narrow, upright habit.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 15' x 3'

### Virtual Violet® Lilac

*Syringa 'Bailbridget' PP30286*  
A First Editions® introduction. Shiny violet new leaves, deep purple stems, raspberry-purple buds and fragrant violet flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-8' x 5-7'

### Mr. Bowling Ball® Arborvitae

*Thuja occidentalis 'Bobozam'*  
Dwarf, mounded globe with soft, sage-green juvenile foliage. The habit is tight and compact.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 1-2' x 1-2'

### Pinky Promise™ Snowberry

*Symphoricarpos doorenbosii 'Kolmpica' PPAF*  
Displays gumball pink berries that cover the rich mint-green foliage in late summer. Hardy and compact shrub for borders or containers.  
**EXPOSURE:** Full sun to part shade  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

### Rheingold Arborvitae

*Thuja occidentalis 'Rheingold'*  
Slow growing, dense globe shape when young becomes more conical with age. Summer foliage a deep rich gold; turns copper to brownish yellow in the winter.  
**EXPOSURE:** Full sun  
**HARDINESS:** -50° to -40° F  
**HEIGHT/WIDTH:** 4-5' x 3-4'

### Emerald Green Arborvitae

*Thuja occidentalis 'Smaragd'*  
Narrow compact pyramidal form. Bright lustrous emerald green foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -50° to -40° F  
**HEIGHT/WIDTH:** 10-15' x 3-4'

### Steeplechase Western Arborvitae

*Thuja x 'Steeplechase' PP16094*  
Broad pyramidal tree. Dense growth. Sport of 'Green Giant', but slower growing than its parent. Rich green fine textured.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 25' x 10'

### Burkwood Viburnum

*Viburnum x burkwoodii*

Upright, multi-stemmed habit. Pink buds followed by white flowers in April. Very spicy, aromatic fragrance. Semi-evergreen, glossy dark green leaves.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 8-10' x 4-6'

### European Cranberrybush

*Viburnum opulus 'Compactum'*

Dense compact form. Lacecap-type white flowers in spring and are followed by showy scarlet-red fruits that mature in early fall.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 4-5' x 5-6'

### Koreanspice Viburnum

*Viburnum carlesii*

Rounded dense shrub; upright spreading, branching, slow grower. Pink to reddish bud opening white to semi-snowball type flowers. Very fragrant late spring. Wine red fall color most years.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4-6' x 4-6'

### Popcorn Viburnum

*Viburnum plicatum f. plicatum 'Popcorn'*

Hundreds of small popcorn ball shape flowers on every plant. It is hard to identify this plant from a distance due to the exceptionally bright white flower up and down the branches.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 6-8' x 4-6'

### Blue Muffin® Arrowwood Viburnum

*Viburnum dentatum 'Christom'*

Rounded habit. Creamy-white flowers appear early summer, followed by clusters of blue berries from late summer through late October. Yellow fall color.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 5-7' x 4-6'

### Doublefile Viburnum

*Viburnum plicatum tomentosum 'Mariesii'*

Rounded habit with horizontal branching. Magnificent 1-3/4" flowers. Blooms up and down the stem.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 8-10' x 8-10'

### Autumn Jazz® Arrowwood Viburnum

*Viburnum dentatum 'Ralph Senior'*

Upright, vase shaped habit. Creamy white flowers early summer, followed by cluster of blue-black fruit. Fruit effective from late summer to fall. Yellow-orange-red-burgundy fall color.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 10-12' x 8-12'

### Summer Snowflake Viburnum

*Viburnum plicatum tomentosum 'Summer Snowflake'*

Very compact, dense habit. Abundant small white flowers continue to bloom all summer.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4-5' x 4-5'

### Chicago Lustre® Viburnum

*Viburnum dentatum 'Synnestvedt'*

Upright, rounded habit. Creamy white flowers in early summer. Glossy, dark green foliage turns yellow to burgundy in fall.

**EXPOSURE:** Full to part sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 8-10' x 8-10'

### Leatherleaf Viburnum

*Viburnum rhytidophyllum*

Upright, rounded, multi-stemmed shrub. Creamy white flowers late spring. May have sporadic blooming in fall. Evergreen to semi-evergreen depending on the micro-climate.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 10' x 10'

### Cardinal Candy™ Viburnum

*Viburnum dilatatum 'Henneke' PP12870*

Well branched, rounded habit. Profuse flowering occurs in mid May. The white flowers are followed by an abundance of shiny scarlet fruits that persist into fall.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 6' x 6'

### Red Balloon® Viburnum

*Viburnum x rhytidophylloides 'Redell'*

PP24227

This compact, well-branched hybrid has loads of bright red fruit. Large white flower clusters appear late spring.

**EXPOSURE:** Full to part sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 6-8' x 6-8'

### Winterthur Viburnum

*Viburnum nudum 'Winterthur'*

Broadly pyramidal habit. Clusters of white flowers early summer. Needs male form to produce fruits that start out white and change to pink-red and mature to a dark blue. Foliage is a beautiful lustrous green turning to brilliant scarlet-red in the fall.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 6' x 5'

### Bailey Compact American Cranberrybush

*Viburnum trilobum 'Bailey Compact'*

Compact and dense habit. White flowers in late spring. Deep red fall foliage color.

**EXPOSURE:** Full to part sun

**HARDINESS:** -50° to -40° F

**HEIGHT/WIDTH:** 5-6' x 5-6'

### Prague Viburnum

*Viburnum x pragense*

Upright oval to oval rounded habit. Pink buds open to flat-topped, creamy white flowers in late spring. Glossy, deep green foliage.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 8-10' x 6-8'

### Shining Sensation™ Weigela

*Weigela florida 'Bokrashine'*

Pink funnel-shaped flowers that bloom in early summer, repeating over a long period. Shiny, burgundy foliage appears as though it has been polished and contrasts nicely with the pink flowers.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 5-6' x 3-4'

### Electric Love® Weigela

*Weigela x 'ZR1' PP30065*

Loaded with electric red bell-shaped flowers against dark foliage. It's the first red-flowered, dark-leaved Weigela on the market!

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 1-2' x 2-3'

### Sonic Bloom® Pink Weigela

*Weigela florida 'Bokrasopin' PP24572*

Compact and dense habit. Hot pink buds open to pink flowers in May, repeating to frost.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4-5' x 4-5'

### Fine Wine® Weigela

*Weigela florida 'Bramwell' PP18513*

Mounded, compact habit. Deep pink spring flowers often rebloom through summer. Dark purple foliage all season.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

### Sonic Bloom® Red Weigela

*Weigela florida 'Verweig 6' PP25132*

Compact and dense habit. Lipstick red blooms in May, repeating to frost.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4-5' H x 4-5' W

### Maroon Swoon® Weigela

*Weigela x 'Slingco 2' PP26841*

Dark red, bell-shaped, and fragrant flowers in early summer, reblooming throughout summer. Compact habit.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4-5' x 4-5'

### Spilled Wine® Weigela

*Weigela florida 'Bokraspiwi' PP23781*

Dark red, wavy leaves and a spreading habit. Its hot pink-magenta flowers are similar to those of Wine & Roses®, but this is a smaller plant that is wider than it is tall.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18-24" x 2-3'

### Midnight Wine® Weigela

*Weigela florida 'Elvera' PP12217*

Tidy mound of dark burgundy-purple leaves. Pink flowers late spring.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 10-12" x 18-24"

### Strobe™ Weigela

*Weigela 'Verwof 1' PP30866*

Bright pink flowers against green and bronze, then orange, then crimson red foliage.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3' x 3'

### Rainbow Sensation™ Weigela

*Weigela florida 'Kolmagira' PP20384*

A First Editions® introduction. Variegated foliage which can brighten a landscape before it blooms. Pink flowers in May.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

### Tuxedo™ Weigela

*Weigela x 'Velda' PP26842*

Compact form and striking contrast of abundant true-white bell-shaped flowers against dark foliage.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4-5' x 4-5'

### Red Prince Weigela

*Weigela florida 'Red Prince'*

Upright rounded with branches eventually arching back to the ground. Brilliant red flowers late spring recurring late in the summer.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 5-6' x 4-5'

### Variegated Weigela

*Weigela florida 'Variegata'*

Rounded, compact habit. Leaves are edged with a creamy-yellow variegation. Deep rose flowers in early summer contrast nicely to the foliage.

**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-6' x 6-8'

### Very Fine Wine™ Weigela

*Weigela florida* 'SMNWFDFPD' PPAF

Dark foliage and showy pink flowers in spring. Improved cold hardiness means less tip dieback.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 24-30" x 24-30"

### Garland Gold Yucca

*Yucca filamentosa* 'Garland Gold'

Stiff dagger-like leaves that point up. Gold leaves with green margin. Creamy white flower on spikes above the foliage during the summer.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 2-3' x 3-4'

### Wine & Roses® Weigela

*Weigela florida* 'Alexandra'

Intense rose-pink flowers beginning early summer and repeating to fall. Long dark burgundy-purple color.

**EXPOSURE:** Full to part sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4-5' x 3-4'

### Fort Laramie Strawberry

*Fragaria* 'Fort Laramie' Strawberry

Everbearing - Large sweet. Good flavor and texture.

**EXPOSURE:** Full sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 2-3" x 12"

### Amethyst Falls Wisteria

*Wisteria frutescens* 'Amethyst Falls'

Flowers heavily in spring, then continues blooming on new growth sporadically throughout the summer. Blooms at an early age in slightly fragrant intense blue racemes 4-6" long.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** Climbing to 10'+

### Bristol Black Raspberry

*Rubus occidentalis* 'Bristol'

Berries have excellent quality, good flavor and ripen in mid season. Good for canning and freezing.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4-5' x 4-5'

### Summer Cascade™ Wisteria

*Wisteria macrostachya* 'Betty Matthews'

Blooms in June on new growth, flowers are a lovely shade of dark lavender before fading. Wonderful covering for arbors and fences. First Editions® introduction.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 15-20', climbing

### Heritage Red Raspberry

*Rubus x* 'Heritage'

The medium size red fruit has very good flavor and quality. First crop mid July, second crop September 1.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 4-5' x 4-5'

### Lowbush Blueberry

*Vaccinium angustifolium*

Lowbush forms dense extensive colonies ranging in sizes of 2" to 24". This plant will fruit, but is generally used in naturalized plantings or as a ground cover.

**EXPOSURE:** Full sun  
**HARDINESS:** -50° to -40° F  
**HEIGHT/WIDTH:** 6" x 2'

### Pink Lemonade Blueberry

*Vaccinium 'Pink Lemonade'*

Pink Lemonade is a mid-late to late season ripening blueberry. Fruit is bright pink with a mild, pleasant flavor.

**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4' x 4'

### Chippewa Blueberry

*Vaccinium x 'Chippewa'*

Midseason firm, light blue fruit on compact, self-fertile bush.

**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 4' x 4'

### Nocturne Blueberry

*Vaccinium hybrid 'Nocturne' PP24832*

Nearly black fruit, medium sized. Fruit tastes sweet and slightly wild.

**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-5' x 5-6'

### Jersey Blueberry

*Vaccinium 'Jersey'*

Mid to late season, sweet and light blue.

**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4' x 4'

### Polaris Blueberry

*Vaccinium corymbosum 'Polaris'*

Tight form, heavy producing ability and sweet, sweet berry taste.

**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

### Patriot Blueberry

*Vaccinium 'Patriot'*

Early season producer of huge sweet fruit. Each berry can be as large as a quarter.

**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4' x 4'

### Razz Blueberry

*Vaccinium corymbosum 'Razz'*

Medium to large berries that ripen in midseason. Plump, powder-blue fruits, with unique raspberry overtones in their flavor.

**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

# PERENNIALS

## Pretty Belinda Yarrow

*Achillea millefolium 'Pretty Belinda'*

Strongly colored pink flowers are held upright by thick stems

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 20" x 18-24"

BLOOM: Mid to late summer

## Lady's Mantle

*Alchemilla mollis*

The flower color ranges from yellow to green.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 24" x 30"

BLOOM: summer to fall

## Summer Pastels Yarrow

*Achillea millefolium 'Summer Pastels'*

A variety of pastel flower shades, including pink, red, white, yellow, salmon, orange and mauve. Tiny flowers are densely packed in large, flat-topped, terminal flower clusters.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 18-24" x 18-24"

BLOOM: Mid to late summer

## Millenium Ornamental Onion

*Allium 'Millenium'*

Compact, upright clump of leaves which emit a slight smell of onion when crushed. 2" bright rosy purple, rounded clusters of flowers.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 15-20" x 10-15"

BLOOM: Mid to late summer

## Peachie Keen Hyssop

*Agastache 'Peachie Keen' PP25886*

Loads of apricot peach flowers with complementary purplish pink calyxes just at the top of the fragrant foliage.

EXPOSURE: Full sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 20-24" x 30"

BLOOM: Mid summer to fall

## Blue Ice Blue Star

*Amsonia 'Blue Ice'*

Clusters of long-blooming, star-shaped blue flowers. Foliage turns brilliant yellow in autumn.

EXPOSURE: Full to part sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 12-15" x 18-24"

BLOOM: Spring to early summer

## Rosie Posie Hyssop

*Agastache 'Rosie Posie' PP25857*

Loads of hot pink flowers with magenta purple calyxes just at the top of the fragrant foliage.

EXPOSURE: Full sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 20" x 24-30"

BLOOM: Mid summer to fall

## Japanese Anemone

*Anemone Fall in Love™ 'Sweetly'*

PP31089

Semi-double, rich, rose-pink flowers are produced above a large mound of dark green foliage. Spreads slowly via rhizomes.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 20-26" x 24-30"

BLOOM: Late summer through fall

## Kudos™ Red Hyssop

*Agastache 'TNAGAKR' PP30375*

Low, bushy mound of fragrant foliage, bears upright spikes of red flowers.

EXPOSURE: Full sun

HARDINESS: -10° to 0° F

HEIGHT/WIDTH: 10-12" x 20-24"

BLOOM: Mid summer to fall

## Honorine Jobert Anemone

*Anemone x hybrida 'Honorine Jobert'*

This very floriferous plant produces single pure white flowers during August and September.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 3' x 2'

BLOOM: Late summer

## Blue Fortune Hyssop

*Agastache foeniculum 'Blue Fortune'*

Easily grown perennial with long-blooming lavender-blue flowers topping licorice-scented foliage over a long period.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 2-3' x 18-24"

BLOOM: Early summer to fall

## September Charm Anemone

*Anemone x hybrida 'September Charm'*

A more compact form suitable for the front of the border or even the rock garden. Lovely silvery pink, single blooms.

EXPOSURE: Full to part sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 2-4' x 2-4'

BLOOM: Late summer

## Black Scallop Bugleweed

*Ajuga reptans 'Black Scallop' PP15815*

Mat-forming, noted for its dark maroon-purple leaves with scalloped margins, fragrant dark violet flowers and compact but spreading habit.

EXPOSURE: Full to part sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 4-6" x 12"

BLOOM: Late Spring

## Butterfly Weed

*Asclepias tuberosa*

A durable, drought tolerant perennial with intense, orange flowers in large clusters above the foliage in summer.

EXPOSURE: Full sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 18-24" x 24"

BLOOM: Summer

**Purple Dome Aster**  
*Aster novae-angliae* 'Purple Dome'  
 Masses of solid royal purple daisy-like flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 18-24" x 12-18"  
**BLOOM:** Late summer to fall

**Purple Candles Astilbe**  
*Astilbe chinensis* 'Purpurkerze'  
 Dense, poker-like plumes emerge a rich violet-red, then lighten up as they age.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 40" x 18-24"  
**BLOOM:** Mid summer

**October Skies Aster**  
*Aster oblongifolius* 'October Skies'  
 Compact grower with rich, sky-blue daisy-like flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 18" x 18-24"  
**BLOOM:** Late summer to fall

**Vision in Pink Astilbe**  
*Astilbe chinensis* 'Vision in Pink'  
 Upright pale pink plumes.  
**EXPOSURE:** Part shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18-20" x 18-20"  
**BLOOM:** Mid summer

**Delft Lace Astilbe**  
*Astilbe* 'Delft Lace' PP19839  
 Bright-red stems hold plumes of apricot-pink flowers trimmed with deep pink buds. Foliage is overlaid with silver and highlighted in red provides interest when the plant is not in bloom.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2-3' x 2'  
**BLOOM:** Early summer

**Vision in Red Astilbe**  
*Astilbe chinensis* 'Vision in Red'  
 Upright red plumes.  
**EXPOSURE:** Part shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18-20" x 18-20"  
**BLOOM:** Mid summer

**Burgundy Red Astilbe**  
*Astilbe arendsii* 'Burgunderrot'  
 Plumes of tiny burgundy red flowers on reddish stems top a mound of glossy deep green leaves. Flower stems typically rise to 24" tall.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18-24" x 18-24"  
**BLOOM:** Early to mid summer

**Vision in White Astilbe**  
*Astilbe chinensis* 'Vision in White'  
 PP18965  
 Large growing selection which produces loads of large, creamy white, triangular plumes.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2' x 18"  
**BLOOM:** Mid summer

**Finale Astilbe**  
*Astilbe chinensis* 'Finale'  
 Like a grand finale of summer, soft mauve/pink, long blooming flower spikes at least a foot tall start heading skyward in late summer and keep going until autumn.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18-24" x 18-24"  
**BLOOM:** Late summer

**Visions Astilbe**  
*Astilbe chinensis* 'Visions'  
 Raspberry-red plumes. A chinensis type with coarse ground hugging green foliage.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 12-15" x 15-18"  
**BLOOM:** Mid summer

**Little Vision in Pink Astilbe**  
*Astilbe chinensis* 'Little Vision in Pink'  
 PP21886  
 Fuzzy, pyramidal shaped, rose pink plumes just above the coarsely textured, dark green foliage.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 14-16" x 14-16"  
**BLOOM:** Mid summer

**Ellie Astilbe**  
*Astilbe japonica* 'Ellie'  
 Very full and large pure white plumes that fade to green rather than brown. Narrow, sharply toothed, glossy, dark green foliage and pyramidal shaped plumes.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 24-30" x 24-30"  
**BLOOM:** Mid summer

**Pumila Astilbe**  
*Astilbe chinensis* 'Pumila'  
 Lavender with neon-pink highlights and fuzzy stiff panicles.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 8-12" x 10-15"  
**BLOOM:** Late summer

**Fireberry Astilbe**  
*Astilbe Short 'n Sweet*™ 'Fireberry'  
 PP20658  
 Features beautiful plumes of hot pink flowers at the ends of the stems from early to mid summer, which are most effective when planted in groupings.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 16" x 16"  
**BLOOM:** Early to mid summer

# PERENNIALS

**Sugarberry Astilbe**  
*Astilbe Short 'n Sweet™ 'Sugarberry'*  
 PP20674  
 A floriferous dwarf variety producing lovely shell pink blooms above a very compact clump of glossy foliage.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 12" x 12"  
**BLOOM:** Early to mid summer

**Dutch Chocolate False Indigo**  
*Baptisia Decadence® 'Dutch Chocolate'*  
 PP23872  
 Rich velvety chocolate purple flowers on tall stems above compact foliage. Large seed pods well into fall.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 30-36" x 2"  
**BLOOM:** Late spring to early summer

**Amethyst Astilbe**  
*Astilbe x arendsii 'Amethyst'*  
 Lavender/violet rose flowers spikes held above shiny fern-like foliage, erect habit.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 30-36" x 24-30"  
**BLOOM:** Early to mid summer

**Jack Frost Bugloss**  
*Brunnera macrophylla 'Jack Frost'*  
 PP13859  
 Large silver leaves with green veins adorn this plant. Produces blue flowers which contrast nicely with the foliage.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 12-15" x 15"  
**BLOOM:** Late spring

**Bridal Veil Astilbe**  
*Astilbe x arendsii 'Bridal Veil'*  
 Pure white fluffy flower spikes.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 28-32" x 24-30"  
**BLOOM:** Early to mid summer

**Calamint**  
*Calamintha nepeta*  
 2021 Perennial Plant of the Year. Tiny, white flowers cover the bushy habit. Leaves carry a mint scent.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-18" x 12-18"  
**BLOOM:** Early summer to fall

**Fanal Astilbe**  
*Astilbe x arendsii 'Fanal'*  
 Blooms deep red.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2' x 15-18"  
**BLOOM:** Mid summer

**Purple Sensation Bellflower**  
*Campanula x 'Purple Sensation'*  
 Very dark purple flowers open from near black buds. Compact plants with good branching structure.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 18" x 16"  
**BLOOM:** Early summer

**Peach Blossom Astilbe**  
*Astilbe x japonica 'Peach Blossom'*  
 Delicate pink with a hint of peach. Wide panicles with an open and lacy effect. Bold glossy green foliage.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 24" x 15-18"  
**BLOOM:** Early summer

**Flamenco Trumpet Vine**  
*Campsis radicans 'Flamenco'*  
 Vigorous vine producing orange trumpet shaped flowers. Best used on fence posts, trellises and screens.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 30', vining  
**BLOOM:** Early summer

**Blue False Indigo**  
*Baptisia australis*  
 Blue spikes of pea-shaped flowers in May and early June. Fantastic compound foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 3-4' x 24"  
**BLOOM:** Early summer

**Yellow Trumpet Vine**  
*Campsis radicans 'Flava'*  
 Golden-yellow summer flowers. Perfect for covering a south facing wall. Best flowering with summer heat.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 20-30', vining  
**BLOOM:** Early summer

**Blueberry Sundae False Indigo**  
*Baptisia Decadence® 'Blueberry Sundae'*  
 PP23891  
 Deep indigo blue flowers bloom. 2' long flower stems with the added interest of large seed pods well into fall.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3' x 3'  
**BLOOM:** Late spring to early summer

**Tiny Tortuga™ Turtlehead**  
*Chelone obliqua 'Armtipp02'* PP25350  
 Long lasting, hot pink blooms resemble a turtlehead. Lustrous dark green leaves. Compact habit.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18-24" x 12-18"  
**BLOOM:** Late summer to fall

### Chocoholic Bugbane

*Cimicifuga 'Chocoholic' PP24821*  
Flowers open a rich mauve-pink color and lighten to white. Bronze-purple foliage.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4-5' x 30"

### Moonbeam Tickseed

*Coreopsis verticillata 'Moonbeam'*  
Cool yellow flowers atop soft needle-like clumps of foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18" x 18"

### Brunette Bugbane

*Cimicifuga simplex 'Brunette'*  
Large Astilbe-like leaves of purple black. Fragrant pale-pink flowers above the foliage. Good in moist, woodland settings.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 5-6' x 24-30"

### Tweety Tickseed

*Coreopsis verticillata 'Tweety' PP23347*  
Bright yellow-colored flowers, medium green-colored, deeply-dissected foliage having thread-like segments, upright-mounded, compact growth habit.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 15" x 15"

### Sweet Autumn Clematis

*Clematis paniculata*  
Masses of pure white, lightly fragrant flowers in late summer on this vigorous, shrubby vine. Great for covering fences and arbors.  
**EXPOSURE:** Full sun to part shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 15-20', climbing

### Zagreb Tickseed

*Coreopsis verticillata 'Zagreb'*  
Bright yellow flowers sit on top of tall, erect, lacy, somewhat mound forming, thread-leaf green foliage. Blooms all summer.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 15" x 18"

### Lily Of The Valley

*Convallaria majalis*  
White waxy bell shaped flowers on arching stems.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 9" x 12-16"

### Emily McKenzie Crocosmia

*Crocosmia 'Emily McKenzie'*  
Coral-orange flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-3' x 1-2'

### Jethro Tull Tickseed

*Coreopsis 'Jethro Tull' PP18789*  
Golden-yellow flowers with broad fluted petals.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-18" x 18-24"

### Lucifer Crocosmia

*Crocosmia 'Lucifer'*  
Broad handsome swordlike foliage. Brilliant red flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3' X 6-8"

### Berry Chiffon Tickseed

*Coreopsis Satin and Lace™ 'Berry Chiffon' PP27414*  
Upright clump of dark green, threadleaf foliage topped with white flowers with a vibrant raspberry red eye. Blooms continually without deadheading.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 15-18" x 18-24"

### Fire Star™ Maiden Pink

*Dianthus 'Devon Xera' PP14895*  
Narrow gray-green leaves form a dense mounded cushion to 5-7" tall. Fragrant (clove-scented), red flowers with a deeper crimson eye.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 8" x 8"

### Red Chiffon Tickseed

*Coreopsis Satin and Lace™ 'Red Chiffon' PP27528*  
Vibrant yellow flowers with a red eye and threadleaf foliage. Excellent mildew resistance.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 15-18" x 18-24"

### Firewitch Dianthus

*Dianthus gratianopolitanus 'Firewitch'*  
Magenta clove scented blooms top silvery-blue evergreen foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 9-12" x 12"

## PERENNIALS

### Neon Star Pinks

*Dianthus x 'Neon Star' PP14549*  
Compact mound-forming perennial with large spicy-fragranced fluorescent-pink flowers. Great in the front of borders, in mass plantings or in containers.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 8" x 10"

### Sunrise Coneflower

*Echinacea purpurea 'Sunrise' PP16235*  
Sunny yellow petals around a green cone, which turns yellow. Strong stems.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 30" x 36"

### Ivory Hearts Bleeding Heart

*Dicentra 'Ivory Hearts' PP15599*  
Noted for its extended bloom period, particularly in cool summer climates. Compact shape, with white flowers appearing above the foliage.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 6-12" x 12-18"

### Pink Barrenwort

*Epimedium youngianum 'Roseum'*  
Clump forming plant with Lavender pink flowers.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 10" x 10"

### King of Hearts Bleeding Heart

*Dicentra 'King of Hearts'*  
Produces a large amount of rich rosy pink flowers over a long season. Tends to have disease free foliage.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 12" x 12-15"

### Little Joe Joe Pye Weed

*Eupatorium dubium 'Little Joe' PP16122*  
4' tall stems are clothed with whirls of green leaves and topped in midsummer with dome-shaped heads of lavender flowers.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 4' x 18"

### Cheyenne Spirit Coneflower

*Echinacea 'Cheyenne Spirit'*  
Vivid shades of orange, red, rosy-red, yellow, purple and cream surrounding a large brown cone. Well-branched, strong and bushy habit.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 24-30" x 24-30"

### Phantom Joe Pye Weed

*Eupatorium Phantom PP18354*  
A very compact selection of Joe Pye Weed that produces wine red flowers.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 30-36" x 18"

### Magnus Coneflower

*Echinacea purpurea 'Magnus'*  
Flat flower heads of rose-pink.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3' x 18-20"

### Max Frei Bloody Cranesbill

*Geranium sanguineum 'Max Frei'*  
Noted for its compact growth habit and reddish-purple flowers. Forms a spreading mound of foliage.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 4-9" x 1-2"

### PowWow® Wild Berry Coneflower

*Echinacea purpurea 'PowWow Wild Berry'*  
Brilliant purple-pink daisy-like blooms with golden-brown cones. Excellent choice for fresh cut flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 22" x 18" wide

### English Ivy

*Hedera helix*  
A vigorous, aggressive, fast-growing, woody evergreen perennial that is primarily grown as a climbing vine or trailing ground cover.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 6-12" x 8-10'

### PowWow® Wild White Coneflower

*Echinacea purpurea 'PowWow Wild White'*  
Striking white daisy-like blooms with golden-yellow cones. Effective when mixed into landscapes or containers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 22" x 18" wide

### Willow-leaved Sunflower

*Helianthus salicifolius 'Table Mountain'*  
Compact, flat-topped habit. Rich green, willow-like foliage. 2" golden-yellow flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 16" x 16"

### Tuscan Gold™ Sunflower

*Heliopsis 'Inhelsodor' PP29819*  
Sunny yellow flowers have golden centers and matching eyes. Compact, upright habit with dark green leaves that resist powdery mildew.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 24-30" x 20-24"

### Frans Hals Daylily

*Hemerocallis 'Frans Hals'*  
Bi-color flowers of orange/yellow.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 28" x 18"

### Camelot Hellebore

*Helleborus x ballardiae HGC® Camelot*  
Pink buds open to large, pinkish cream flowers.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-15" x 20-24"

### Happy Returns Daylily

*Hemerocallis 'Happy Returns'*  
3" yellow flowers.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 15-18" x 18"

### Cinnamon Snow Hellebore

*Helleborus x ballardiae HGC® Cinnamon Snow PPAF*  
Pink buds open to large, out-facing, creamy-white flowers that are streaked rose and cinnamon.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-15" x 20-24"

### Hyperion Daylily

*Hemerocallis 'Hyperion'*  
Bright lemon yellow fragrant blooms.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 40" x 28"

### Mahogany Snow Hellebore

*Helleborus x ballardiae HGC® Mahogany Snow*  
Large, creamy white flowers with light pink reverse that age to mahogany pink.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-15" x 20-24"

### Little Grapette Daylily

*Hemerocallis 'Little Grapette'*  
Light grape-purple with green throat.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18" x 24"

### Merlin Hellebore

*Helleborus x ballardiae HGC® Merlin PP22350*  
Large out-facing light pink to pink flowers that mature to cranberry.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-15" x 20-24"

### Pardon Me Daylily

*Hemerocallis 'Pardon Me'*  
Deep red/yellow 2.5" flower.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18" x 18"

### Pink Frost Hellebore

*Helleborus x ballardiae HGC® Pink Frost PPAF*  
Evergreen silvery-green leaves with red stems. Large, single soft-pink flowers appear, gradually age to burgundy-red.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-15" x 20-24"

### Purple de Oro Daylily

*Hemerocallis 'Purple de Oro'*  
Extended bloom daylily that flowers 3" purple blooms with yellow throats.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18" x 18"

### Shooting Star Hellebore

*Helleborus x ballardiae HGC® Shooting Star PP22424*  
Large out-facing single creamy-white flowers, with a slight greenish tinge.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-15" x 20-24"

### Siloam Double Classic Daylily

*Hemerocallis 'Siloam Double Classic'*  
Large, 5" very soft peach-pink flowers with ruffled double petals. Fragrant. Diploid.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18" x 18"

## PERENNIALS

**Stella de Oro Daylily**  
*Hemerocallis 'Stella de Oro'*  
Golden Yellow 2 3/4" flowers.  
EXPOSURE: Full to part sun  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 12" x 18"

**Palace Purple Coral Bells**  
*Heuchera micrantha 'Palace Purple'*  
Lovely, mahogany-red foliage. Small white flowers.  
EXPOSURE: Full to part sun  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 18-24" x 15-18"

**Going Bananas Daylily**  
*Hemerocallis Rainbow Rhythm® 'Going Bananas' PP17164*  
An improved variety of 'Happy Returns'. Bigger flowers and a canary yellow color.  
EXPOSURE: Full to part sun  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 18"-22"

**Lady Baltimore Hibiscus**  
*Hibiscus 'Lady Baltimore'*  
Well defined 5" cone shaped pink flowers with satiny red center.  
EXPOSURE: Full sun  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 4' x 2-3'

**Caramel Coral Bells**  
*Heuchera 'Caramel' PP16560*  
Dense habit with fuzzy leaves that appear in shades from apricot to amber and have purple undersides. Small white flowers.  
EXPOSURE: Part sun to shade  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 12" x 12-15"

**Lord Baltimore Hibiscus**  
*Hibiscus 'Lord Baltimore'*  
Red ruffled flowers up to 10" across.  
EXPOSURE: Full sun  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 4-5' x 2-3'

**Fire Alarm Coral Bells**  
*Heuchera 'Fire Alarm'*  
Thick, leathery, red leaves that change from orange-red to bronze-red throughout the season. Small white flowers.  
EXPOSURE: Part sun to shade  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 8-10" x 10-14"

**Berry Awesome Hibiscus**  
*Hibiscus Summerific® 'Berry Awesome' PP27936*  
Lavender pink, 7-8" wide flowers with a red eye, with contrasting deep midnight green foliage. Flowers form from top to bottom of the plant.  
EXPOSURE: Full sun  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 4' x 4-5'

**Obsidian Coral Bells**  
*Heuchera 'Obsidian' PP14836*  
Forms a mound of large, smooth jet-black leaves. Creamy-white flowers.  
EXPOSURE: Part sun to shade  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 8-10" x 15"

**Cranberry Crush Hibiscus**  
*Hibiscus Summerific® 'Cranberry Crush' PP21984*  
Near-black buds open to glossy, deep scarlet red, 7-8" wide flowers with heavily overlapping petals.  
EXPOSURE: Full sun  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 4' x 4-5'

**Plum Pudding Coral Bells**  
*Heuchera 'Plum Pudding'*  
Sturdy mound of rich plum-purple leaves with a shimmering metallic finish. Creamy-white flowers.  
EXPOSURE: Part sun to shade  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 8-10" x 18-24"

**Evening Rose Hibiscus**  
*Hibiscus Summerific® 'Evening Rose' PPAF*  
An excellent combination of hot pink, 8" flowers and near black foliage.  
EXPOSURE: Full sun  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 4' x 4-5'

**Apple Twist Coral Bells**  
*Heuchera Dolce® 'Apple Twist' PP31221*  
New leaves have red veins that lighten with age. Chartreuse leaves have rippled edges and mature to apple green.  
EXPOSURE: Part sun to shade  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 10-12" x 20-24"

**Perfect Storm Hibiscus**  
*Hibiscus Summerific® 'Perfect Storm' PP27880*  
Huge, 7-8" wide, white flowers with a bright red eye that radiates out the veins, with the petals edged with pink. Dark foliage.  
EXPOSURE: Full sun  
HARDINESS: -30° to -20° F  
HEIGHT/WIDTH: 3' x 4-5'

### Big Daddy Hosta

*Hosta 'Big Daddy'*

Leaves are large, thick, blue-green, rounded and slightly cupped.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 24" x 36"

### Halcyon Hosta

*Hosta 'Halcyon'*

Thick blue heavily ribbed leaf. Violet flowers.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 14-16" x 28"

### Blue Cadet Hosta

*Hosta 'Blue Cadet'*

Blue-grey leaves that reach about 1' across.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 16" x 28"

### Komodo Dragon Hosta

*Hosta 'Komodo Dragon'*

Extra large selection forms a huge mound of heavily, rippled, thick, dark green leaves. Good slug resistance. Pale lavender flowers.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 28" x 6-7"

### Bressingham Blue Hosta

*Hosta 'Bressingham Blue'*

Rounded puckered blue-green foliage. White flowers.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 24" x 36"

### Krossa Regal Hosta

*Hosta 'Krossa Regal'*

Foliage is frosty blue. Upright leaves. Lavender flowers.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 28" x 38"

### El Nino Hosta

*Hosta 'El Nino' PP14632*

Very thick, pointy powder-blue leaves with streaky white margins. Pale lavender flowers.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 18" x 30-36"

### Loyalist Hosta

*Hosta 'Loyalist'*

Dark green margins and white centers. Pale lavender flowers. Leaves have heavy substance.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 18" x 18-24"

### Fire and Ice Hosta

*Hosta 'Fire and Ice'*

White-centered leaves, with a wide streaky dark-green margin. Pale lavender flowers.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 20" x 36"

### Minuteman Hosta

*Hosta 'Minuteman'*

Slightly cupped heart shaped leaves with dark green flame shaped centers and white margins. Pale lavender striped flowers. Good sun tolerance.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 22" x 36"

### Gold Standard Hosta

*Hosta 'Gold Standard'*

Light green leaves with dark green margin. Leaves center turn parchment gold by summer. Lavender flowers.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 26" x 36"

### Patriot Hosta

*Hosta 'Patriot'*

The dark green leaves are marked with distinct, pure white margins. Lavender flowers.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 22" x 36"

### Guacamole Hosta

*Hosta 'Guacamole'*

Chartreuse-yellow leaves with a wide green margin. Fragrant white flowers.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 20" x 24"

### Pilgrim Hosta

*Hosta 'Pilgrim'*

Miniature selection with heart-shaped gray-green leaves with a wide margin that begins yellow, changing to creamy-white. Lavender flowers.

**EXPOSURE:** Part sun to shade

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 8-10" x 2"

# PERENNIALS

## Royal Standard Hosta

*Hosta 'Royal Standard'*

Shiny green leaves with fragrant white flowers.

EXPOSURE: Part sun to shade

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 24" x 36"

## Japanese Iris

*Iris ensata 'Variegata'*

Great contrasting green and white foliage. Produces large, dark purple flowers that are really set off by the foliage.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 30" x 18" wide

## So Sweet Hosta

*Hosta 'So Sweet'*

Medium-large mound of glossy, deep green leaves with creamy-yellow margins that lighten to white. Very fragrant pale lavender flowers.

EXPOSURE: Part sun to shade

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 20" x 3-4'

## Rosalie Figge Bearded Iris

*Iris germanica 'Rosalie Figge'*

Dark purple flowers with a white speckled throat. Rebloomer.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 30-40" x 1-2'

## Sum and Substance Hosta

*Hosta 'Sum and Substance'*

Pale golden-green. For shady gardens, often fragrant, bell-shaped flowers.

EXPOSURE: Part sun to shade

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 30" x 48"

## Summer Olympics Bearded Iris

*Iris germanica 'Summer Olympics'*

Ruffled lime yellow flowers. Rebloomer.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 30-36" x 24"

## Thunderbolt Hosta

*Hosta 'Thunderbolt'*

White bloom. Foliage variegated, blue-green margins with a yellow center.

EXPOSURE: Part sun to shade

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 20" x 40"

## Butter and Sugar Siberian Iris

*Iris sibirica 'Butter and Sugar'*

Yellow center with white edges.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 28" x 2'

## Wide Brim Hosta

*Hosta 'Wide Brim'*

Blue green leaves with cream edge. Lavender flowers.

EXPOSURE: Part sun to shade

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 18" x 36"

## Caesar's Brother Siberian Iris

*Iris sibirica 'Caesar's Brother'*

Forms a large clump of grassy foliage. Delicate deep purple and highly ornamental blooms.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 3' x 2'

## Francee Hosta

*Hosta fortunei 'Francee'*

Mound of dark green leaves with a white edge, groundcover.

EXPOSURE: Part sun to shade

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 22" x 36"

## Gull's Wing Siberian Iris

*Iris sibirica 'Gull's Wing'*

Large, semi-ruffled white blooms.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 3' x 18-24"

## Frances Williams Hosta

*Hosta sieboldiana 'Frances Williams'*

Blue green foliage with wide golden yellow border. White flowers.

EXPOSURE: Part sun to shade

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 24" x 36"

## Ruffled Velvet Siberian Iris

*Iris sibirica 'Ruffled Velvet'*

Interesting purple iris, with hints of red and white.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 24-30" x 18-24"

**Sparkling Rose Siberian Iris**  
*Iris sibirica* 'Sparkling Rose'  
 Rose color flowers with a blue flush. Clumps of grassy foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 30-36" x 24"

**Snowcap Shasta Daisy**  
*Leucanthemum superbum* 'Snowcap'  
 A profusion of yellow-centered, single, pure white, daisy-like flowers. Compact and sturdy habit that holds up well to wind and rain.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 14" x 12"

**Welcome Home Siberian Iris**  
*Iris sibirica* 'Welcome Return'  
 Dark velvet-purple flowers with a large white area on the falls.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2' x 2'

**Daisy May® Shasta Daisy**  
*Leucanthemum superbum* 'Amazing Daisies™ Daisy May® Daisy Duke' PP21914  
 A compact Shasta daisy cultivar. Produces a prolific bloom of daisies with white rays and yellow centers throughout the summer.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 1-2' x 1-2'

**Blue Flag Iris**  
*Iris versicolor*  
 Clump-forming iris that grows well in constantly wet areas. Bluish-purple flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 24-30" x 18-24"

**White Gayfeather**  
*Liatris spicata* 'Alba'  
 Tall white spikes of flowers. Plant forms a low grassy clump of leaves.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 24-30" x 18"

**Joker's Wild Red Hot Poker**  
*Kniphofia* 'Joker's Wild' PP32263  
 Produces very bright, deep orange flowers on top of grass-like foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 30-36" x 24-30"

**Kobold Gayfeather**  
*Liatris spicata* 'Kobold'  
 Compact plant. Rose-lavender flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 16-20" x 18"

**Essence Purple Lavender**  
*Lavandula angustifolia* 'Essence Purple'  
 Forms a perfect rounded ball-shaped, dense clump of green, aromatic foliage. Bright blue flowers are produced earlier than other varieties.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 18" x 18-24"

**Britt-Marie Crawford Ligularia**  
*Ligularia dentata* 'Britt-Marie Crawford' PP16113  
 Broad, glossy, dark chocolate leaves with dark purple undersides. Golden-orange, daisy-like flowers.  
**EXPOSURE:** Part shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-4' x 2-3'

**Hidcote Lavender**  
*Lavandula angustifolia* 'Hidcote'  
 Dark blue fragrant flowers on a medium sized shrub.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-15" x 30"

**Othello Ligularia**  
*Ligularia dentata* 'Othello'  
 Large, rounded dark-green leaves with a purple backside. Bright golden orange daisy flowers. Good in wet areas.  
**EXPOSURE:** Part shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-4' x 30-36"

**Becky Shasta Daisy**  
*Leucanthemum superbum* 'Becky'  
 Larger than other cultivars. Features 3-4" diameter flower heads with the classic white rays and yellow centers and coarsely-toothed, lance-shaped, medium green leaves.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'

**Big Blue Lily Turf**  
*Liriope muscari* 'Big Blue'  
 Evergreen ground cover with thin, dark upright foliage. Showy lavender flowers.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-18" x 18"

## PERENNIALS

### Purple Explosion™ Lily Turf

*Liriope muscari* 'EXC 051' PP21352

Dark green, strap-like, evergreen foliage compliments large purple bloom clusters that are borne in great profusion.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 8-12" x 12"

### Walker's Low Catmint

*Nepeta x faassenii* 'Walker's Low'

Features loose whorls of small, abundant, two-lipped, trumpet-shaped, lavender-blue flowers and aromatic, gray-green foliage.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 24-30" x 24-30"

### Variegated Lily Turf

*Liriope muscari* 'Variegata'

Purple-blue blooms, similar to grape hyacinths, that appear on top of the foliage.

EXPOSURE: Full to part sun

HARDINESS: -20° to -10° F

HEIGHT/WIDTH: 10-15" x 12"

### Kansas Peony

*Paeonia* 'Kansas'

Large carmine red flowers on strong stems.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 34" x 20"

### Leading Lady Lilac Bee Balm

*Monarda* 'Leading Lady Lilac'

PP26431

Blooms earlier than other Bee Balm varieties.

Compact clump of aromatic foliage with light, lilac flowers with petals having purple spots.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 10-14" x 22-28"

### Monsieur Jules Elie Peony

*Paeonia lactiflora* 'Monsieur Jules Elie'

Very large light rose pink flowers with a silvery sheen. Moderate fragrance.

EXPOSURE: Full sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 34" x 30-36"

### Leading Lady Orchid Bee Balm

*Monarda* 'Leading Lady Orchid' PPAF

Blooms earlier than other Bee Balm varieties.

Compact clump of aromatic foliage with orchid pink flowers with lighter pink highlights.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 10-14" x 22-28"

### Shirley Temple Peony

*Paeonia lactiflora* 'Shirley Temple'

Large fragrant rosy white flowers.

EXPOSURE: Full sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 34" x 30-36"

### Leading Lady Plum Bee Balm

*Monarda* 'Leading Lady Plum'

PP26477

Blooms earlier than other Bee Balm varieties.

Compact clump of aromatic foliage with magenta purple flowers with purplish-black bracts.

EXPOSURE: Full sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 10-14" x 22-28"

### Bartzella Itoh Peony

*Paeonia x* 'Bartzella'

Huge flowers are double to semi-double, with soft sulphur-yellow petals and a lemony fragrance.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 4' x 4'

### Cat's Pajamas Catmint

*Nepeta* 'Cat's Pajamas' PP31127

Ball-shaped habit carries long, dark flower stems that hold indigo blue flowers that bloom the entire length of the stem.

EXPOSURE: Full sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 12-14" x 18-20"

### Cora Louise Itoh Peony

*Paeonia x* 'Cora Louise'

Huge 10" white flowers, highlighted by a dark maroon central pattern that lightens as it melds into the white body of the flower.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 2' x 2'

### Blue Wonder Catmint

*Nepeta faassenii* 'Blue Wonder'

Low, long-blooming catmint with grey-green foliage. Lavender blue flowers.

EXPOSURE: Full sun

HARDINESS: -40° to -30° F

HEIGHT/WIDTH: 12-15" x 12"

### First Arrival Itoh Peony

*Paeonia x* 'First Arrival'

Produces 6-8" blooms that are pink to lavender, on crisp, dark-green foliage. A truly stunning, fragrant flower.

EXPOSURE: Full to part sun

HARDINESS: -30° to -20° F

HEIGHT/WIDTH: 2-3' x 2-3'

**Yellow Crown Itoh Peony**

*Paeonia x 'Yellow Crown'*  
Semi-double golden yellow flowers, reddish at the base, can be up to 10" across.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

**Candy Store® Bubblegum Pink™ Phlox**

*Phlox paniculata 'Ditomfra' PP21171*  
Pink blossoms are accentuated by dark pink eyes. The most mildew resistant Phlox on the market.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 18-22" x 18-24"

**Denim 'n Lace Russian Sage**

*Perovskia atriplicifolia 'Denim 'n Lace' PP28445*  
2020 Proven Winners National Perennial of the Year®. Strong and upright habit. Masses of lacy-like, bright sky blue flowers give the plant a very full look.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 30" x 3'

**Fort Hill Creeping Phlox**

*Phlox subulata 'Fort Hill'*  
Deep pink slight fragrant flowers.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 2-6" x 20"

**Filigran Russian Sage**

*Perovskia atriplicifolia 'Filigran'*  
Airy spires of blue flowers against dissected silvery foliage. Upright habit.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 4' x 3'

**Scarlet Flame Creeping Phlox**

*Phlox subulata 'Scarlet Flame'*  
Scarlet flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 2-6" x 20"

**Little Spire Russian Sage**

*Perovskia atriplicifolia 'Little Spire'*  
A compact cultivar that features finely-dissected, aromatic, gray-green foliage on stiff, upright, square stems. Spikes of lavender-blue flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2' x 2-3'

**Snowflake Phlox**

*Phlox subulata 'Snowflake'*  
Blooms profusely with loose clusters of star-shaped, pristine white flowers.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 4-6" x 2-3'

**Flame™ Purple Garden Phlox**

*Phlox paniculata 'Barfourteen' PP12605*  
Large clusters of fragrant flowers have magenta-purple to rose petals. The Flame™ series are naturally compact and have good disease resistance.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 12-18" x 12-18"

**Goldsturm Black-Eyed Susan**

*Rudbeckia fulgida var. sullivantii 'Goldsturm'*  
Deep yellow daisy like flowers, black cone.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 18-30" x 24"

**Flame™ Purple Eye Garden Phlox**

*Phlox paniculata 'Barthirtythree' PP16437*  
Purple flowers with a white eye. The Flame™ series are naturally compact and have good disease resistance.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 12-18" x 12-18"

**Little Goldstar Black-Eyed Susan**

*Rudbeckia fulgida var. sullivantii 'Little Goldstar' PP22397*  
More compact and floriferous than 'Goldsturm' with masses of starburst-shaped golden yellow flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 15" x 15"

**David Garden Phlox**

*Phlox paniculata 'David'*  
Enormous heads of very fragrant white flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 42" x 18"

**Bumbleblue Meadow Sage**

*Salvia nemorosa 'Bumbleblue' PP30084*  
A prolific bloomer, producing loads of violet blue flowers on a petite habit of healthy, deep green foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 12-14" x 15"

# PERENNIALS

## Marcus™ Meadow Sage

*Salvia nemorosa 'Haeumanarc' PP13322*  
Compact variety with a broad spreading habit. Deep purple/blue flowers are a show stopper.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 8-12" x 12"

## Lamb's Ear

*Stachys byzantina*  
Silver stalks of small lilac pink flowers on spikes. Thick, soft, velvety, silver-gray leaves.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 8-12" x 12-18"

## May Night Meadow Sage

*Salvia nemorosa 'May Night'*  
Dense spikes of deep violet-purple flowers bloom over a long period.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18" x 15-18"

## Helene von Stein Lamb's Ear

*Stachys byzantina 'Helene von Stein'*  
Leaves are velvety soft, greenish-silver and larger than other forms of Lamb's Ear.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 8-10" x 12-18"

## Matrona Stonecrop

*Sedum 'Matrona'*  
Attractive blue-green foliage topped by pale pink flowers that are a knock out, clustered at the tips of the burgundy-red stems.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'

## Hummelo Betony

*Stachys monieri 'Hummelo'*  
Forms large, rounded clumps of green, long and narrow, textured leaves. Sturdy spikes of lavender-rose flowers arise from the foliage.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 20" x 18"

## Night Embers Stonecrop

*Sedum 'Night Embers' PP29211*  
Upright habit of dark black-purple, semi-glossy succulent leaves. Small clusters of light mauve pink flowers are produced on deep red stems.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 2' x 2'

## Homestead Purple Verbena

*Verbena 'Homestead Purple'*  
Multi-branched, creeping plants. Great bloomer. Hardy perennial. Deep purple/blue flowers.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** 0° to 10° F  
**HEIGHT/WIDTH:** 8-10" x 2-3'

## Autumn Joy Stonecrop

*Sedum spectabile 'Autumn Joy'*  
Pink to bronze flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 24" x 24"

## Royal Candles Veronica

*Veronica spicata 'Glory' PP18932*  
Deep green foliage, violet blue flowers.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 8-12" x 12-18"

## Dragon's Blood Stonecrop

*Sedum spurium 'Dragon's Blood'*  
Creeping mat of succulent foliage, red-tinged dark green, with red flowers.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 4" x 24"

## Periwinkle, Myrtle

*Vinca minor 'Bowles Variety'*  
Trailing evergreen with wiry stems that root. Lavender blue flowers.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 6" x spreading

## Purple Emperor Stonecrop

*Sedum x 'Purple Emperor'*  
Masses of tiny, star-like, dusky pinkish-purple flowers bloom in large flattened head atop stems clad with dark purple, fleshy, succulent leaves.  
**EXPOSURE:** Full sun  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 15" x 20"

**Lady Fern**

*Athyrium filix-femina*

A deciduous, perennial fern with light green, lacy leaves are about 24-30" long and 6-9" wide and tapered at both ends.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2-4' x 2-3'  
**BLOOM:** N/A

**The King Male Fern**

*Dryopteris cristata 'The King'*

Medium to large-sized clump of arching, deep-green fronds, each leaflet divided at the tips.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2-4' x 30-36"  
**BLOOM:** N/A

**Lady in Red Fern**

*Athyrium filix-femina var. angustum 'Lady in Red'*

Lacy green foliage is held on upright, bright red stems. Ideal for shady gardens or woodland areas.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 18-30" x 18-24"  
**BLOOM:** N/A

**Ostrich Fern**

*Matteuccia struthiopteris*

Sterile fronds almost vertical, and long-tapering to the base but short-tapering to the tip, so that they resemble ostrich plumes.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'  
**BLOOM:** N/A

**Japanese Painted Fern**

*Athyrium niponicum 'Pictum'*

Grows from a central base. The J-shaped spore casings, or sori, grow on the underside of the leaf.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 8-20" x 1-2'  
**BLOOM:** N/A

**Cinnamon Fern**

*Osmunda cinnamomea*

Stripes and fronds of this fern are heavily covered with cinnamon-brown.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-4' x 3-4'  
**BLOOM:** Late spring through summer

**Regal Red Japanese Painted Fern**

*Athyrium niponicum pictum 'Regal Red'*

Arching triangular leaves of silver, with contrasting red stems in each leaflet. Nice splash of color for shady areas.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 12-18" x 18-24"  
**BLOOM:** N/A

**Royal Fern**

*Osmunda regalis*

Easily grown clumping fern with large, broad deep green fronds. Brown, tassel-like clusters of spores at the tips of fronds.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'  
**BLOOM:** N/A

**Ursula's Red Fern**

*Athyrium niponicum pictum 'Ursula's Red'*

Colorful fern with silver leaves. Contrasting wine-red veins.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 15-18" x 18-24"  
**BLOOM:** N/A

**Christmas Fern**

*Polystichum acrostichoides*

Tufted evergreen fern with dark green leathery fronds. Easy and durable shade plant that contrasts well with hosta and bold-leaved perennials.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2' x 2'  
**BLOOM:** N/A

**Hay-scented Fern**

*Dennstaedtia punctilobula*

Lanceolate 3-5" wide, twice to tri-pinnate, pinnae toothed with irregularly cut margins or teeth, scattered hairs on rachis and stipe.

**EXPOSURE:** Part sun to shade  
**HARDINESS:** -40° to -30° F  
**HEIGHT/WIDTH:** 12-18" x 2-3'  
**BLOOM:** N/A

**Blonde Ambition Blue Grama**  
*Bouteloua gracilis 'Blonde Ambition'*  
 PP22048  
 Masses of horizontal seed heads that emerge chartreuse then change to blonde. Rugged, cold hardy grass with blue-green foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3' x 3'  
**BLOOM:** Mid summer

**Blue Dune Lyme Grass**  
*Elymus arenarius 'Blue Dune'*  
 Steel blue flat foliage that tends to grow in an arching habit. Useful for very specific situations as it is an aggressive grass. Tall flower spikes in mid summer turning beige.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 2-3' x 2-3'  
**BLOOM:** Late summer

**Karl Foerster Feather Reed Grass**  
*Calamagrostis acutiflora 'Karl Foerster'*  
 Deep green, lustrous foliage becomes effective by early spring and lasts all the way until winter. Upright clump with feathery plumes.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 3-4' x 1-2'  
**BLOOM:** Mid summer to fall

**Elijah Blue Fescue Grass**  
*Festuca ovina glauca 'Elijah Blue'*  
 Clumping deep sea blue foliage. The most heat tolerant or 'summer hardy'.  
**EXPOSURE:** Full to part sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 8-12" x 8-12"  
**BLOOM:** Summer

**Hello Spring!™ Feather Reed Grass**  
*Calamagrostis x acutiflora Hello Spring!™*  
 Clumping habit with nice green and white variegated foliage. White plumes above the foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-4' x 2-3'  
**BLOOM:** Mid summer to fall

**All Gold Japanese Forest Grass**  
*Hakonechloa macra 'All Gold'*  
 Glowing golden-yellow foliage.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12" x 18"  
**BLOOM:** Late summer

**Variegated Japanese Sedge**  
*Carex morrowii 'Ice Dance'*  
 Handsome groundcover sedge with green leaves that are edged creamy white. Foliage is evergreen except where winters are harsh. Will tolerate dry shade once established.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-18" x 30-36"  
**BLOOM:** N/A

**Golden Variegated Japanese Forest Grass**  
*Hakonechloa macra 'Aureola'*  
 Arching golden blades that are striped with green.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 18" x 18"  
**BLOOM:** Late summer

**Japanese Sedge**  
*Carex oshimensis 'Evergold'*  
 Striking, banded leaves with a central stripe that is creamy white on new growth and matures to gold. Tolerates shade and will keep its color. Foliage is evergreen except where winters are harsh.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 12-15" x 20"  
**BLOOM:** N/A

**Beni Kaze Japanese Forest Grass**  
*Hakonechloa macra 'Beni Kaze'*  
 In spring and summer, this variety of Hakone Grass remains a loose, 30" mound of rich green foliage; come fall, the leaves of 'Beni Kaze' (aka "red wind" in Japanese) turn a striking red.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 18" x 3'  
**BLOOM:** Late summer

**Pennsylvania Sedge**  
*Carex pensylvanica*  
 Low growing habit with arching, semi-evergreen leaves. Spreads in a uniform fashion and forms a nice groundcover in shady areas.  
**EXPOSURE:** Part sun to shade  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 8-10" x 12-18"  
**BLOOM:** Spring

**Adagio Maiden Grass**  
*Miscanthus sinensis 'Adagio'*  
 Shorter, clump-forming ornamental grass with arching, linear green leaves. Panicles of purple-brown flowers are produced above the foliage.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 2' x 2'  
**BLOOM:** Late summer to fall

**Ivory Feathers® Dwarf Pampas Grass**  
*Cortaderia selloana 'Pumila'*  
 Dwarf cultivar has mid-green leaves and densely tufted plumes atop tall, upright stalks and arching mid-green leaves. Masses of silvery yellow plumes appear in late summer.  
**EXPOSURE:** Full sun  
**HARDINESS:** 0° to 10° F  
**HEIGHT/WIDTH:** 3-4' x 4-5'  
**BLOOM:** Summer to fall

**Cosmopolitan Maiden Grass**  
*Miscanthus sinensis 'Cosmopolitan'*  
 Foliage has a deep green center and wide creamy white margins. Has much wider blades than M. 'Variegata'.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 5-6' x 4'  
**BLOOM:** Late summer to fall

### Maiden Grass

*Miscanthus sinensis 'Gracillimus'*  
Thin leaf blades give a finer texture than most other Miscanthus. Grey green foliage, forming a dense upright vase shape clump. When emerging, the plume is bright burgundy to dark pink.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 5-6' x 2'  
**BLOOM:** Late summer to fall

### Undaunted® Ruby Muhly Grass

*Muhlenbergia reverchonii 'PUNDOIS'*  
Reddish mauve flower spikes. Compact, clumping habit with fine-textured green foliage. Striking in mass plantings.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 18" x 18-24"  
**BLOOM:** Late summer to fall

### Little Zebra Maiden Grass

*Miscanthus sinensis 'Little Zebra'*  
**PP13008**  
A dwarf version of Zebra Grass, Little Zebra has strong horizontal gold banding on narrow blades. Reddish plumes appear in August.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4' x 3'  
**BLOOM:** Late summer to fall

### Mexican Feather Grass

*Nassella tenuissima*  
Extremely fine textured grass sways in the most gentle breeze. Light, wheat color seed heads in summer. Drought tolerant.  
**EXPOSURE:** Full sun  
**HARDINESS:** 0° to 10° F  
**HEIGHT/WIDTH:** 18" x 18-24"  
**BLOOM:** Summer to fall

### Morning Light Maiden Grass

*Miscanthus sinensis 'Morning Light'*  
Upright leaves have a narrow band of clear white on the margins, flowers in October emerging reddish-bronze and drying to fluffy cream.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-5' x 3'  
**BLOOM:** Fall

### Red Switch Grass

*Panicum virgatum 'Cheyenne Sky'*  
Noted for its tall, upright, blue-green foliage that turns deep wine red in early summer.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 30-36" x 18"  
**BLOOM:** Late summer to fall

### Purple Maiden Grass

*Miscanthus sinensis 'Purpurascens'*  
A shorter grass whose green leaves turn iridescent red and purple in the fall accenting the silver plumes.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-5' x 3'  
**BLOOM:** Late summer to fall

### Northwind Switch Grass

*Panicum virgatum 'Northwind'*  
A clumping, upright ornamental grass with dark green foliage. Unique flower stalks appear towards the center of the clumps of foliage. Drought tolerant.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 5-6' x 3-4'  
**BLOOM:** Late summer

### Porcupine Grass

*Miscanthus sinensis 'Strictus'*  
Gold-barred grass is similar to Miscanthus 'Zebrinus' but has stiff, not arcing, blades.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 6-8' x 3'  
**BLOOM:** Late summer to fall

### Prairie Sky Blue Switch Grass

*Panicum virgatum 'Prairie Sky'*  
A columnar growing Switch Grass. Features narrow clumps of stiffly upright, powdery blue leaf blades which turn yellow in fall and eventually brown in late fall.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 4-5' x 2-3'  
**BLOOM:** Late summer

### Variegated Maiden Grass

*Miscanthus sinensis 'Variegatus'*  
Very arching, loose clumps of foliage, medium textured foliage with white-striped leaves.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 5-6' x 4'  
**BLOOM:** Late summer to fall

### Shenandoah Switch Grass

*Panicum virgatum 'Shenandoah'*  
Showy, clump-forming ornamental grass with handsome red-tinged foliage. Fine textured, airy flower plumes in late summer mature to a rich, wheat color in winter. Drought tolerant.  
**EXPOSURE:** Full sun  
**HARDINESS:** -30° to -20° F  
**HEIGHT/WIDTH:** 3-4' x 3-4' wide  
**BLOOM:** Late summer

### Pink Muhly Grass

*Muhlenbergia capillaris*  
Spectacular pink plume color over a mound of blue-green foliage. Showy seed heads are a highlight in late summer. Heat and drought tolerant.  
**EXPOSURE:** Full sun  
**HARDINESS:** 0° to 10° F  
**HEIGHT/WIDTH:** 3' x 4'  
**BLOOM:** Late summer to fall

### Fountain Grass

*Pennisetum alopecuroides*  
Rich gold tone with glowing pumpkin color from August-November. Tips of the new flowers are silver, like foxtails. Shorter than 'Hameln' by half.  
**EXPOSURE:** Full sun  
**HARDINESS:** -20° to -10° F  
**HEIGHT/WIDTH:** 1-2' x 2'  
**BLOOM:** Late summer to fall

## GRASSES

### Hameln Dwarf Fountain Grass

*Pennisetum alopecuroides* 'Hameln'

Leaves are 1-2' long, with flower stalks to 2' long, bright green in summer turning golden brown in fall. 5-7" flower spikes resembling soft bottle brushes, silvery white fading tan.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 1-2' x 2'

**BLOOM:** Mid summer to fall

### Karley Rose Fountain Grass

*Pennisetum orientale* 'Karley Rose'

Long-lasting pink plumes and nice, deep green foliage, which grows in an upright shape.

**EXPOSURE:** Full sun

**HARDINESS:** -30° to -20° F

**HEIGHT/WIDTH:** 30" x 3'

**BLOOM:** Summer to fall

### Black Flowering Fountain Grass

*Pennisetum alopecuroides* 'Moudry'

A warm season ornamental fountain grass cultivar which typically grows in graceful, spreading clumps. It is most noted for its distinctive dark purple flower spikes.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 2-3' x 2-3'

**BLOOM:** Summer to fall

### Purple Fountain Grass

*Pennisetum setaceum* 'Rubrum'

Showy, fluffy, burgundy-purple flowers in bottlebrush-like spikes (12" long) top flower stalks that arch upward and outward above the burgundy-red foliage clump in summer.

**EXPOSURE:** Full sun

**HARDINESS:** 32°F (annual)

**HEIGHT/WIDTH:** 3-4' x 2-3'

**BLOOM:** Summer to fall

### Red Head Fountain Grass

*Pennisetum alopecuroides* 'Red Head'

Flowers earlier than other Pennisetum varieties. Huge, bottlebrush plumes mature to smoky purple-red.

**EXPOSURE:** Full sun

**HARDINESS:** -20° to -10° F

**HEIGHT/WIDTH:** 4-5' x 4-5'

**BLOOM:** Mid summer to fall

### Standing Ovation Little Bluestem

*Schizachyrium scoparium* 'Standing Ovation' PP25202

Tough and durable ornamental grass with an upright growth habit. Stems have a bluish cast. Nice fall color. Grows well in poor, dry soils.

**EXPOSURE:** Full sun

**HARDINESS:** -40° to -30° F

**HEIGHT/WIDTH:** 3-4' x 12-18"

**BLOOM:** Late summer

# Conditions of Sale

---

## Terms

To customers with established credit our terms are net 30 days from the day of invoice. Overdue accounts are subject to a 2% per month (24%). Any new accounts must accompany their orders with a deposit of one-third, balance C.O.D. Credit will only be extended to customers who have done a substantial volume of cash business with us and can supply 3 satisfactory references.

## Orders

Orders are accepted subject to prior sale, and conditions of stock at delivery date.

## Claims

Plants become your property upon delivery to transportation company, and we cannot be responsible for loss, damage or delay in transit. All claims must be made within 10 days after receipt of goods and in writing.

## Warranty

We strive to send our healthy, thrifty stock, true to name and variety at time of purchase. However, no warranty is expressed or implied as to life or productiveness after stock leaves our hands.

## Quantity Discount

Discount is applied when the purchase of one Genus is equal to or greater than the amounts below. The discount only applies to that Genus, not to the whole purchase order. Quantity discounts cannot be combined with any other discount offered. Quantity discounts can only be applied to bills that are C.O.D. or paid within 10 days. All other situations void the quantity discount.

1-49	List Price
50-99	5% Discount
100+	10% Discount

**Main Nursery**

**Farm #2**

**Directions to our Nursery**

From the North or South: Take the New Jersey Turnpike to exit #8. After paying the toll get onto Rt. 33 East. Continue on Rt. 33 East for approx. 10 miles. You will come up to the intersection of Rt. 33 and Rt. 527 (not Rt. 527A, which will be approx. 7 miles from NJ Turnpike). Get into the righthand lane because you have to take the jughandle at this intersection. There is a Gus’s Diner on the east-bound side and a Citgo gas station on the westbound side of Rt. 33 at this intersection. This will put you onto Rt.

527 North (also Millhurst Rd.). Continue on Rt. 527 North to the first traffic light. Make a left at the light onto Woodward Rd. Travel approx. 3/4 of a mile and Four Seasons Nursery will be on the right-hand side. Remember: do not take Rt.527A. You’ll get lost and I’m not good at giving directions. Easiest way to get there - [www.Mapquest.com](http://www.Mapquest.com).  
**From the East or West:** Somehow get onto Rt. 33 East if you’re coming from west of Manalapan, or Rt. 33 West if you’re east of Manalapan. Then follow the above directions. As I stated in the directions above, the easiest way to find us is [www.Mapquest.com](http://www.Mapquest.com).
