

Got a new puppy?

Did you know a puppy has a socialization window around 6-16 weeks?

With all the new health-code restrictions we can help you with a new program; ***Drive-In Puppy Pre-School !***

How it works: ***Drive-In Puppy Pre-School*** is for puppies under 4 months and have at least one set of vaccines (and a 7 day period before starting). You would drive-up and your puppy will be brought in our clean facility while you wait in your car! You may watch your puppy on video using ZOOM.

We expose your puppy to all the sounds, surfaces, and environments that are proven to build your puppy's confidence as well as allow a short playtime after preschool all while you watch live on zoom!

WHEN: Starts Saturday September 12th,19th, 26th,Oct 3rd Oct 10th, Oct 17th 10:30AM-11:30 AM
