MEETING – JUNE 9th

Evans Cooling Systems Inc. will be sponsoring our monthly dinner at the Paradise Banquet Hall to present Evans Waterless Engine Coolants in what promises to be an interesting and informative presentation:

“Evans Waterless Coolants are a proprietary mix of Ethylene and Propylene Glycols. It is proven technology that has been in use in the auto racing and antique car hobby for 20+ years. The relatively recent Heavy Duty formula has a boiling point of 375°F to eliminate overheating. It protects against Heavy Duty Engine failures, reduces significant maintenance issues and can reduce fuel consumption”.

Speakers will include Christopher Brand, Evans’ Canadian representative, and Mike Walter of Black Cap International Inc. Mike will premier new technology using Evans Coolants that will be of interest throughout the trucking industry.

Heads-up! The **Ontario Ministry of Transportation** will be making changes to safety inspections for trucks, trailers, buses, accessible vehicles and school purposes vehicles. Robert Monster, Senior Vehicle Standards Engineer with MTO , has kindly agreed to provide a Q&A review of letter from MTO Carrier Safety and Enforcement Branch sent to ATSSA dated May 19, 2011, copy attached. *Evans and the MTO – a double whammy to see us off for the summer break!!*

MEETING – MAY 12th

Our "Free Floating" meeting – courtesy of our very own Toronto ATSSA due to the lack of a regular sponsor – turned out to be quite the success with a lot of interest as demonstrated the very lively Q & A period! Two of our members, both obviously involved and knowledgeable in their respective fields, co-chaired the presentations:

Steve Clark spoke on the latest offerings and options relative to Hybrids/Electronic vehicles and what they could mean to a fleet: Paul Kirkup reviewed various products and maintenance practices that should be in play at this time of year with respect to Rust Prevention.

Steve and Paul deserve a good round of applause for their personal and outstanding efforts for the evening! Thanks both.

50/50 Draw: Won by Claude Drouin of the CFTS Group. Table # 4 won for 'best questions' and directed the house portion to the Polycystic Foundation.

CANADIAN FLEET MAINTENANCE SEMINAR

2011

HILTON SUITES in Markham

Many reported very good networking opportunities and success. Nevertheless, there was a disappointing turnout. As usual, a great deal of effort and professionalism – both very much appreciated - went into the production of this CFMS, but in the final analysis it is probably reflective of the times we are in.
