

Good Afternoon,

Over the past couple of weeks, we have closely monitored the status of COVID-19 and its impact on our communities. Like you, we take the responsibility of serving and protecting our seniors very seriously. For this reason, our seniors will not be coming to the centers beginning Tuesday, March 17th and will not return before Tuesday, March 31st. The seniors who come to the center on a daily basis will be provided shelf-stable meals on Monday, March 16th. Meals to the home-delivered clients will be delivered on the regular schedule at this time.

We will continue to monitor the situation closely and I will keep you informed of any changes to our plan.

Bryan Singleton

Executive Director
