

2020 PRODUCT GUIDE

A man and a woman are standing in a field of tall grass, looking towards a line of trees in the distance. The man is on the left, wearing a camouflage jacket and pants, an orange and black baseball cap, and has binoculars hanging from his neck. The woman is on the right, wearing a camouflage jacket and pants, an orange vest, an orange and black baseball cap, and has a rifle slung over her shoulder. The background shows a line of trees under a bright, hazy sky, suggesting a sunset or sunrise. A large black rectangle with white text is overlaid on the left side of the image.

NEW FOR 2020

1 A 34"x14" horizontal window across from the doors has been added to the Stump 2s and 4s.

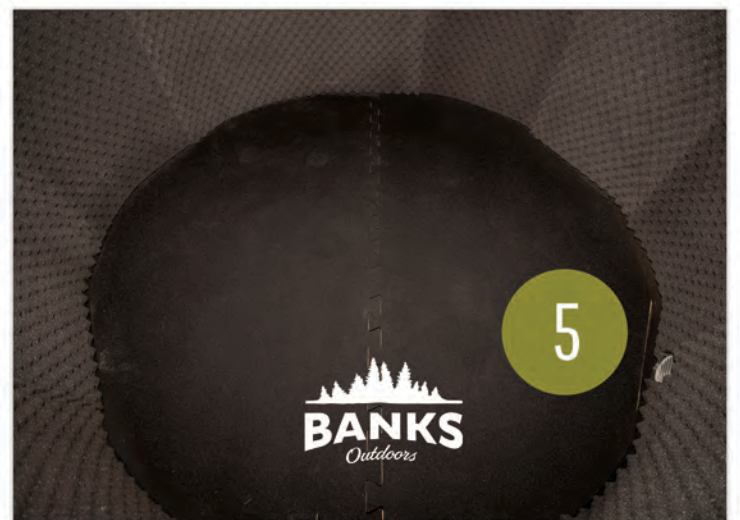

2 The Stump Light will now be included with each Storage Shelf.

3 Introducing the Carbon Filter for your Stump's vent system. This filter helps control scent leaving your blind. Will be included in all Pro Hunter models.

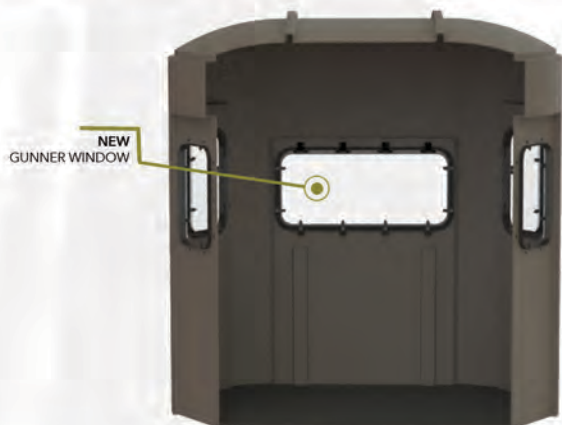

4 The door on all Stump blinds will now have a 3-point latch system to ensure a tight seal.

5 The new Stump Floor Mat has been redesigned to foam. **All Stump blinds will now come standard with the Floor Mat.**

6 8' and 12' ladders are now available for purchase separately from the Steel Tower.

STUMP 2

FEEDBANK

The Feedbank is a gravity deer feeder designed to elevate with a single center post. This eliminates any obstruction for bucks to access the feed, unlike standard tripod feeders. The adjustable feed ports accommodate a wide variety of feed and protein. The gravity style feeder comes in several sizes that will fit any land manager's desires; Feedbank 40, 150, 300 and 600.

FEATURES: ▼

- 1 Watertight cover makes filling easy & keeps feed fresh.
- 2 Bark pattern and green color help to blend in nature.
- 3 Durable UV-Stabilized polyethylene construction.
- 4 Adjustable Feed Ports allow you to control the flow of feed.
- 5 Mounts on one 8ft 4x4 (not included) or tree cut to desired height.
- 6 Single post design won't interfere with or damage antler growth.

WILD WATER[®]

MINERAL SUPPLEMENT

Wild Water[®] Mineral Supplement is the best way for deer to consume the vital minerals they need through daily water intake. Adding the formulated dissolvable minerals to your water source ensures daily intake for your herd. The mineral supplement not only maximizes deer health, it is also highly desired which increases deer activity right where you want them.

BENEFITS: ▼

- 1 Increases antler growth.
- 2 Creates an addiction, keeping them coming back for more.
- 3 Enhances overall herd health.
- 4 Increases energy levels helping keep them on their feet longer during the rut.
