

2017 Freezer Results

The 2017 Freezer shoot certainly did not live up to its name as the temp at the start time was 60 degrees plus and it rose to close to 80 degrees by the end. Shirt sleeves were the order of the day for sure. Conditions were fairly good for the match. The wind never got very strong but mirage certainly was a factor as the temperature rose.

Fifteen shooters in total showed up for a very nice day of shooting, visiting, and sausage on the grill.

Joe Duke ended up first with a score of 239-5x, Scott Deal was second with a score of 237-1x, and Kris Whitman was third with a score of 236-2x.

The complete scores are listed below although AJ did shoot all the matches; just didn't turn in his scores. He has it right. The visiting comes before the shooting. LOL.

Thanks to everyone who did come and shoot. I enjoyed the day and hope you did as well. See you next time.
