

Council meeting Oct 10, 2019

Tab 13 – letter from manager:

From minutes:

TAB 13: Discussion Regarding Policies for Management of the Fills Area- Village Manager This item was heard at 7:09 p.m. Village Manager Seth Lawless presented two types of fencing that would be permissible by FDOT for the Fills area. He provided staff recommended policies and parking rates for the area and asked for Council input. Council expressed their preference for a three-rail fence, though it may be cost prohibitive. Village Manager Seth Lawless stated he intended to ask FDOT to pay for the fencing. Councilman Jim Mooney suggested installing a guardrail, instead of a fence, for safety reasons and suggested adding vegetation to enhance the appearance of the guardrail. The Village Manager noted that a guardrail was the original proposal. Councilman Mooney suggested exploring a program similar to “Adopt a Highway” that would be applicable to the Fills.
