Since 1924, the [Rotary Club of Coatesville](#) has maintained a deeply connected membership with a shared vision to make the Greater Coatesville community, and indeed -the world, a better place. In the past five years alone, over \$200,000 in grants and scholarships has been invested in Coatesville organizations and individuals in support of their outstanding work.

The [Coatesville 2nd Century Alliance](#) is a group of community stakeholders that came together in 2015 when the City celebrated its 100th anniversary. The Alliance unites community partners to ensure that Coatesville's "second century" is economically prosperous by building stronger neighborhoods and bringing jobs and economic opportunities to our residents.

In its 3rd year, the [Coatesville Invitations Vintage Grand Prix](#) evokes the spirit of auto and motorcycle racing through the streets and roads of towns across America in the early days of auto racing. The day is a celebration of Coatesville and a represents what is possible when public and private resources combine for a common goal.
