

## Why Airbrush?

Airbrushing is not only the healthiest way to get a flawless tan, but the most time efficient! Get a tan in minutes without laying out for hours, or jumping into a cancer causing tanning bed multiple times a week! Get a customized airbrush tan from a certified technician.

Easy. Quick. Safe. Looks Great!

## What do I wear?

Wear whatever you feel most comfortable in. Some clients go nude, wear a bra & underwear, tank top and shorts, swim suit, whatever you desire. If the solution does get on any clothing it is water soluble and organic. In most cases it will wash out. We do recommend you not wear your favorite items in the unlikely event that it does not. Men are allowed to wear boxers or shorts, but must be covered.

## What shade will I be?

Each tan is customized to your skin tone. The certified technician will consult with you prior to your appointment and customize your tan to your skin tone.

## How do I prepare?

1. Exfoliate and shave or wax the day before
2. Make sure your skin is free of heavy lotions and oils the day of your tan
3. Wear dark, loose-fitting clothing to your appointment

The smoother and better condition your skin is before you tan, the better it will look!

## Weddings

For brides and bridal parties, we suggest you come in at least 2 weeks prior for a trial session. For the wedding itself, schedule your tan for 2 days prior.

## Prices

\$40 single session  
3 tan package..... \$105 (\$35 each)  
5 tan package..... \$150 (\$30 each)  
8 tan package..... \$200 (\$25 each)
