*February 2016*

---

### **PRESIDENTS LETTER**

There are some activities scheduled for this month so please take a moment to look for the details in this issue. The Dinner Dance on Friday, February 26, 2016 is always a popular event and I remind you that every year tickets for the Dinner Dance go fast and to get those tickets early.

The February Board meetings (February 8 and 10) are always hectic since this is the time when the packets for the annual meeting must be mailed and all of the business items must be finished so they may be included along with the ballots etc. This year will be no exception. The Board encourages attendance at the monthly meetings of the Board of Directors and I encourage your participation so you might be more fully informed about what is taking place in the community. At the January meeting the items to be submitted to the Property Owners were agreed upon.

I want to remind all of my fellow pet owners that Florida and our county and community have very specific regulations regarding having canine pets on leashes when outside or restrained in a fenced yard or tethered. We also have very serious regulations state wide regarding animal waste. The long story short is even if your pet is secured in your yard the feces is to be collected each session and bagged and disposed of properly in the household trash containers. Letting pet feces lay around means that it is carried by rain into the ground water we all depend on for drinking water. Please make sure that your pets deposits are gathered and disposed of in the proper receptacle. This of course means you must pick up your pet's deposits on your walks are picked up as well and deposited in your trash receptacle.

We have been receiving more complaints lately about dogs who bark incessantly, who are on leashes that allow the pet to wander several feet ahead on their walks and about large animals seemingly aggressive behavior that raises concerns among others about safety. One owner told me that some of the pets nearest to his residence are indeed so threatening in approach and behavior that he has resorted to carrying a bat or club on his walks and in his yard. This is obviously unacceptable. It is the responsibility of all pet owners to make sure that their pet is under control at all times. It is a responsibility of love for the pet and of the community in which we live. If your pet attacks and injures another it is incumbent on you to be insured for those incidents. The POA will under no circumstances take financial obligation for these incidents. Property owners whose tenants have pets should communicate these concerns to the tenants. Please work diligently to make your pet a valuable and friendly addition to the Gardens and help by cleaning up after your pet at home and on the walk.

On a brighter note the Staff has done amazing work over the past several weeks around our pools and across the Gardens with removal of invasive trees and plants. The result is a more enjoyable and beautiful home for us all. If you see a member of the Staff please express your appreciation.

Thank you all for your compliance with the January 1 payment of your assessment, this provides the Board with a much cleaner and understandable financial picture as the work for the coming year begins.

See you on the 8th and 10th at the Club House 7:00pm.

*John W. Anderson, President*  
*Gardens of Gulf Cove POA Board of Directors*

## CAM'S CORNER

### CAMs Corner

Why Scoop the Poop?

Following the Presidents letter on the same subject, I want to remind all owners that owning and keeping a pet is a personal responsibility. Likewise, living in an HOA is a responsibility, residents intentionally buy homes in an HOA for the restrictions that keep the place from becoming a "free for all". As such, I want to draw all pet owner's attention to your Declaration of Covenants and Restrictions that you agreed to abide by when you became an owner in Gardens of Gulf Cove.

Besides being a nuisance, uncollected dog waste is a serious problem for our association. Next time you're tempted to leave your dog's droppings on the lawn, please remember these facts:

1. The Environmental Protection Agency is becoming aggressive about enforcing the Clean Water Act. Our association could be fined if dog waste goes uncollected. (source: Community Associations Institute)

2. Uncollected dog waste may lead to a special assessment. If fined by the EPA, the association could face a potential special assessment that would be levied against all members—not just dog owners.

3. The appearance and quality of the common areas are known to affect home sales—not just whether and for how much they sell, but how quickly.

4. The more residents complain about dog waste, the more time the staff must spend on enforcement rather than serving the association.

5. Uncollected dog waste spreads disease and attracts rodents who feed on pet waste. Multitudes of rodents attract predatory snakes.

6. Uncollected dog waste will lead to our lakes adding to the sedimentation and providing nitrogen to propagate the wild grasses and cat tails. Removal of both are paid for by the owners.

7. Uncollected dog waste organics flowing through our lakes and across the weir on Bennet Drive to the Myakka River System affects our water quality.

8. As a covenant that runs with the land, uncollected dog waste or dog waste left on your property can and will be enforced as any other association covenant.

PLEASE, be aware of these conditions and take the necessary steps to remove your dog waste as you are walking your dog or if your dog is leashed on your property.

## Property Maintenance Update

Gravel is ordered for the RV lot expansion and should be spread within the by the end of January. The fence order is let, the fence companies are running 6 to 8 weeks out. We have been continuing with the Brazilian Pepper bush eradication. I appreciate your patience as we

waited for Charlotte County to pick up the debris. I now have a contract "claw" truck to haul the debris out of the community. The elephant trunk and various conduits in the rec center ceiling have been cleaned and painted dark brown to more blend in with the background. Re-lamping at the clubhouse has yielded 6 LED floods to brighten the parking lot. New pool furnishings have arrived. The worn and weathered pieces will be sent back to the manufacturer to be re-webbed and powder coated. We purchased 4 cubic yards of cultured stone for around the clubhouse pool and various other areas as needed. The aluminum box screens have been built and installed at the clubhouse sliding glass doors. The doors may now be kept open when the weather is appropriate. We have the aluminum to build the same at the rec center pool which, when complete will allow the sliding glass doors to be left open.

Other information;

Collections for 2015 resulted in 23 foreclosures. On 12/31/2014 there were 67 homes owing 1000.00 or more to the association, as of 12/31/2015 that number is reduced to 37. The association has resumed its collections after a break for the holidays, two homes are in the process of foreclosure, 4 more were recently added.

There was a recent tax auction in the community. Immediately following the auction we put a claim in for the overage. Charlotte County just paid \$11,200.00 to the association. This was particularly good since the County tax auctions extinguish all liens including the association lien.

The pools were opened for the holidays ... many residents and guests enjoyed the pools. I would like to thank Hal and Jim for working the holidays to keep the pools opened.

The board approved several amendments and material modification requests for the owners to vote on for the annual meeting. Your proxy and voting package will be available in the clubhouse office on February 2, 2016 if you want to see it before it goes in the mail. Be sure to get us your name if you want to run for the board ... the only qualification required is that you be an owner of record. Please participate in the governance YOUR association.

If you are a corporation, partnership or trust, be sure to fill out a voting certificate specifying one natural person to cast a vote for the unit.

The clubhouse pool will be closed on February 24th and 25th for the annual super chlorination and deck painting.
