

Mystery Loves Company

◆

Technical Rider & Stage Setup

Mystery Loves Company performs with a variety of set-ups depending on event needs, budget, and band availability. Listed below are our two main setups for amplified sound as a duo and band. Fully acoustic setups are also possible. Please check with the band representative for information specific to each show.

Duo Setup:

Downstage

Stage Left

1. Lead Vocal (mic needed)
2. Acoustic Guitar (DI needed)

Stage Right

3. Lead Vocal (mic needed)
4. Electric Cello (DI needed)

Band Setup:

Downstage

Stage Left

1. Lead Vocal (mic needed)
2. Acoustic Guitar (DI needed)

Stage Right

3. Lead Vocal (mic needed)
4. Electric Cello (DI needed)

Upstage

Stage Left

5. Bass Amp (DI and/or mic needed)

Center

6. Either: Drum Kit (mics needed), Cajon (2 mics needed), or Electronic Kit (stereo XLR needed)

Stage Right

7. Background Vocal and Clarinet/Viola (single mic needed for both instrument and vocal)

Additional Requests

For both setups, the two downstage vocal mics should be mixed evenly as both vocalists sing lead. At least two separate monitor mixes are requested for downstage lead vocalists and one additional monitor mix for upstage musicians.
