

The Lutheran World Parish

Thank you for your interest in the Lutheran World Parish! The Lutheran World Parish (LWP) is a ministry of the Lutheran Church-International developed to provide a way for Christians who have a Lutheran understanding of the Universal Christian Faith to form a community of believers for mutual support of their spirituality and faith.

While the World Parish presently offers support through a periodical BULLETIN and the ability to share through individual contact via Facebook, it is recognized that face-to-face sharing of Christian experiences and parish liturgies are essential. Wherever possible members of the World Parish are encouraged to form small groups of faithful students of God's Word through house churches or communities of faith. In the future interactive liturgical experiences delivered via internet are planned.

Of course, participation as a member of the Lutheran World Parish is without cost, but offerings through the LC-I website are gratefully accepted. The Lutheran World Parish has a Facebook Page and sincere interested parties are welcome to join. Please contact the archbishop's office through the link on the LC-I page for more information. We are looking forward to ministry and prayer together!

May God continue to bless you and your ministries!

++Robert

Pastor LWP and Archbishop, LC-I
