

# Resilient Connecticut MetroCOG Regional Workshop

Climate Change Vulnerability Index and Regional Zones of Shared Risk  
February 1, 2021 -- 9:30 am 12:00 pm

Please join the Resilient Connecticut team at the first Phase II regional workshop.

The workshop will review the preliminary Zones of Shared Risk (ZSR) and Climate Change Vulnerability Index (CCVI). Your input is important to make sure these products reflect the climate risks in your communities. The inclusion of regional stakeholder input is an important component of shaping these tools which will help identify resilience pilot projects throughout the New Haven and Fairfield Counties.

The workshop includes informational sessions on ZSR and CCVI, followed by small group exercises to discuss, refine, and understand these tools for future planning efforts.

Please register at <https://s.uconn.edu/metrocogjan> by **January 25, 2021**.

All participants will receive information beforehand to prepare for this workshop.

After registering, you will receive a confirmation email on how to join the meeting.
