During an emergency the last thing you want to worry about is a bill.....

Our Business Subscription program helps your employees avoid the skyrocketing cost of medical care. It is a great addition to your companies benefit package and you are supporting an important cause.

I offer my employees insurance, why should I subscribe?

Most insurance companies do not pay 100% of ambulance costs. In addition to your employees deductible or co-pay they could be responsible for certain charges. Your business subscription ensures your employees will not be responsible for any **medically necessary and reasonable** emergency ground ambulance transport to the closest appropriate hospital provided by our service while they are working for you. For one low fee every employee is covered while on the job, no matter what time of day or night. You will be helping support a great cause while looking out for your employees.

How does it work?

We will bill your employees insurance company for the cost of medically necessary and reasonable emergency ground ambulance services to the closest appropriate. We will then accept their payment and your employee is not responsible for any charges not covered. Whether the balance is \$100 or \$-0,000 you have the peace of mind in knowing they are protected. What better way to show your employees you care? Better yet you are supporting your hometown ambulance who has committed themselves to serving you.

What does it cost for Shippensburg Area EMS to operate?

We want to provide you with the very best service. Providing healthcare service is very expensive, and we rely heavily on your support. Every year insurance reimbursements decline. In fact Medical Assistance has not increased ambulance reimbursement since 2004. This year alone over \$80,000 has been lost to uncollectible debt.

-A new unequipped ambulance is \$200,000

-A cardiac monitor is \$47,000

-A new paramedic costs \$10,000 to train

This is why we need YOUR help to keep our community safe. Your Subscription provides vital funding to help ensure we can maintain the training and equipment needed to protect you and your loved ones.

What does the Business Subscription Program Cost?

Our program is based on the number of employees:

1-10	\$100
11-50	\$250
50-100	\$500
>100	\$750
