NEWSLETTER #2

HOW GOES ON THE PROJECT?

The 2nd International Meeting was held in Spain,
Granada.

Every output was analysed and a good curriculum is
being made. You will be able to have a look to
modules developed for the final training course for
VET students with interesting technical contents,
examples and cases for study, evaluation tools and
key answers. Let see: Introduction Module,
Decentralization Module, Openness Module,
Flexibility Module and Modularity Module.

Next step: an e-Repository with audiovisual and
interactive tools.

Good work done!!!!

Congratulations to all partners!!!

WHO PARTICIPATED IN THIS MEETING?

The Industry 4.0 consortium is made up of 8 partners from 7 European countries (Turkey, Spain, Estonia, Romania, United Kingdom, Ireland and Greece). Partners from Turkey, the promoter, the Avukat Mahmut Düşün Vocational & Technical High School, Dilersur Andalucia EA, SL (ESP), Estonian Fieldbus Competency Center OÜ (EST), as well as SMEs and representatives of the business sector (SC Ludor Engineering SRL (ROM), Inventya Ventures Ltd (IRE) and the Chamber of Commerce of Badajoz (ESP) assisted and presented their contributions to the outputs of the project.

2nd INTERNATIONAL MEETING IN SPAIN

The 2nd Transnational Project Meeting was held on the 11th and 12th of September 2018 in Granada, Spain.

The partners studied first-hand the Spanish Success Case in Industry 4.0 of TRADEMA, a Spanish company that is improving its production and control systems thanks to industry 4.0. The case was widely explained by the engineer responsible for its creation and development.

As a networking activity, the consortium had the opportunity to visit the town hall. Everybody could enjoy the rich heritage and gastronomy.
